THE CONGRESSIONAL OUTLOOK

Our dispatches show that the
Democratic Congressional Campaign
Committee is confident of a safe
Democratic majority in the next
House.

Good reasons are given for this
faith. In New York and some other
states, where serious Democratic dis-
visions were recently threatened, the
party is in much better form for the
congressional contests. In most of
the doubtful districts, the Demo-
crats appear to be gaining ground.
They have their most effective cam-
paigners on the stump in all parts
of the country, and there is an
abundance of Democratic enthu-
siasm among the masses.

The general revival of business
and the renewed operation of many
text manufactories which were idle
under the McKinley law, have com-
mended the new tariff favorably even
to many communities whose chief
interests, it was predicted, would
suffer under this act, while the
masses of the people the country
over already feel the benefit of the
reduced prices of many of the neces-
saries of life. The general tone of
the Democratic campaign is excel-
lent. It is aggressive, not apologetic
about a disposition

AT BETHPAGE.

Mr. Raper Speaks to Quite a Num-
ber.

Mr. W L Bell escorted Mr. E E
Raper to Bethpage, Friday night,
where the latter spoke to a number
of people. Mr. Raper divided time
with a Mr. Rogers, of No. 4 town-
ship. Mr. Raper, it is said, made
one of the most convincing speeches
that has been heard this campaign.

At the conclusion of Mr. Roger's
talk he said Mr. Raper had made a
good Democratic speech and said he
(Rogers) would not support the Re-
publican candidates that are on the
Populist ticket.

Mr. Bell says it was so dark that
they were compelled to stay all
night.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction
City, Ill., was told by her doctors
she had consumption and that there
was no hope for her, but two bottles
of Dr. King's New Discovery com-

saved her life. Mr. Thos. Eggers,

without result everything else then
