Capt. Octavius Coke, secretary of State, died at Raleigh Friday evening of typhoid fever. His death was not unexpected

In 1877 he was a member of the N. C. Senate: 1882 he was chairman of the State Democratic Executive Committee; in 1384 he was a candidate for Governor when Gen, Scales Col. ! William L Saunders. Gov. Fowle appointed him Secretary of State and in 1892 he was elected to

Capt. Coke was a popular man and was a fine orator. During the Scales-Yorke campaign, this writer heard Capt. Coke, at Albemarle, in his meet with Dr. Yorke. When he left in the statesman of Wilkes.

Capt. Coke was twice married; he three sons.

The State has lost a valuable

officer and a splendid citizen in the death of Capt. Coke. Governor Carr has the appoint-

ment of Capt. Coke's successor. THE SUNFLOWER.

It is predicted that before many years the sunflower will come into general cultivation in this country. As a plant it has no superior for papers. Today it prints one hunvigor, rapid growth and prolific

vield of seed, leaves and stalk, all of which can be utilized. The seeds are especially good as feed for fowls, and when mixed with grains they are relished by all farm animals. weaving, is obtained from the stalks, erly. and they are of service as a fuel and a source of potash. The orientals mix their tobacco with cured sunflower leaves, which are also rich in honey and wax. The sunflower grows riotously in the United States, and stands all extremes of weather

From LaGrippe.

How Dr. Miles' Nervine Brought One of Kentucky's Foremost Business Men Back to Health.

√ O DISEASE has ever presented so many peculiarities, developed so many aggravating symptoms and baffled so many physicians as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe. It is a disease of the nerves, it uses up the tissue, the vitality, the life-giving nerve force that feeds the brain. There is one remedy that will replace this worn-out tissue; that will renew this lost vitality and restore health. Read what Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, one of the best known insurance men in the south, and whose portrait appears above, says about how Dr. Miles' Nervine Restored him to health when all else had failed.

"In 1889 and '90 I had two severe attacks of LaGrippe, about eight months intervening between them, the last one confining me to my bed for four months and attacking my nervous system, with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. For more than eight long weeks I was only conscious of intense mental weakness, agonizing

bodily pain and the fact that I was hourly growing weaker. When in this condition, it seemed like a providential circumstance that I learned of Dr. Miles' Restorative Nervine, for in two days after I commenced using it, I began to improve and in one month's time I was virtually cured, and very much to the surprise of everybody who knew of my condition; for none of them believed I would ever recover. I have been in excellent health since and have recommended your remedies to many of my friends, not one of whom has failed to thank me for doing so, when I have met them again.

But the best remains to be told. Mrs. Hilton had suffered with severe nervous troubles for thirteen years and had been treated by several physicians, who stand high in their profession, without any perceptible improvement. Seeing how the Nervine had so effectually cured me, she commenced using it and is now in excellent health. We never fail to recommend it."
