DEATH OF EUGENE FIELD.

Thousands of people who never saw the man will feel that they have lost a friend when they receive the intelligence of the sudden death of Mr. Eugene Field. He held a conspicuous place both in journalism and literature. It is not too much to say also that he held a place n the heart of the American public. His poems and sketches are so full of sympathy, to read them was to acquire a sense of personal gratitued to their author.

One of the last things he wrote was a plea for the charitable judgment of an erring friend who was recently a victim of a weakness to Total population (census 1890) which many a noble nature has yielded.

> He always had a word for the unfortunate and he wrote much which has moved the hearts of men to gentler and nobler feelings.
