

VOL. IX--NO. 23.

CONCORD N. C., THURSDAY, JULY 9, 1896.

WHOLE NO 384.

HE KISSED HER.

A Yankee Speaks—Where Will the Next Reunion Be?  
RICHMOND, Va., July 1.—There are many surmises as to where the next reunion will be held. Atlanta, Nashville and Richmond all petition for it. Atlanta seems to stand little chance. Nashville may get it, as she is making a systematic canvass for it. Richmond still claims that Richmond should be made the permanent meeting place.

DETECTED BY THE CAMERA.

A Manchester photographer relates that he recently took a photograph of a child who was apparently in good health and had a clear skin. The negative showed the face to be thickly covered with an eruption. Three days afterward the child was covered with spots due to prickly heat. The camera had seen and photographed the eruption three days before it was visible to the naked eye. It is said that another case of a similar kind is recorded, where a child showed spots on his portrait which were invisible on his face a fortnight previous to an attack of smallpox.

HARRIET B. STOW DEAD.

Mrs. Harriet Bercher Stowe, the author of "Uncle Tom's Cabin" died at Hartford, Conn., Thursday noon. She was born in a year of strife and bloodshed—1812, and probably did as much to entangle sectional animosity and precipitate the late war as any one character in our history. More than 500,000 copies of her work have been sold in the United States alone and it has been translated into 23 languages.

WILL SHE BE NOSTRUM?

Mr. Jackson Sefrit, who came so near dying last August from the effects of being blown up at his saw mill by the explosion of a boiler, when his son was instantly killed and Mr. John Best injured so badly that he afterwards died, was in the city last Thursday. Mr. Sefrit carries marks of the terrible explosion upon his forehead—his right eye is entirely out, his nose was broken and his skin is besmeared with steamed-soot. But, wistful, the gentleman enjoys comparatively good health and suffers only when in hot sunshine. His business in the city today, we learn, was to enter proceedings against Mr. J. L. Nossman, who will be sued for the recovery of notes held against Mr. Sefrit for the boiler that caused the terrible disaster.

GOOD FARMS AND FINE CROPS.

A great number of farmers were in the city today (Saturday), it being too wet to do any farm work, besides crops are about all laid by. Politics is a drawing card for the horny handed sons of toil at this season. From all sections good rains are reported and it is said that corn and cotton are looking better than have ever been known.

THE HAPPINESS OF MARRIAGE.

The happiness of married life depends on the wife's health more than on any other consideration. An ailing woman is a source of discontent to her husband and a burden and drag upon his life. Women can be taking more interest in their own physical condition by using Dr. Miles' Pink Pills for Pale People, which reaches and strengthens the internal generative organs as no other treatment can possibly do. By restoring health and strength to this most important part of the feminine constitution, the "Pink Pills" give new tone and energy to all the rest of the body.

TO DESTROY HAVANA.

HAVANA, July 1.—The revolutionists have formally served notice on the people of Havana that plans have been completed and will be carried into execution this summer to wipe out every vestige of the city by means of dynamite, if it be necessary to go to that extreme to drive Spain off the island.

SHORT LOCALS.

Cantaloupes are on the market. Some of the lots in rear of the store need attention.

The Populists will hold a county convention in the court house on Saturday, July 11.

Mr. W. A. Eidenhour is home from King's Mountain on a vacation of a few weeks.

It is said that the O-Iell 11 is will close down for a ten days' rest on Saturday, July 11.

The surest way for a man to be robbed of a good name is to write it on his umbrella.

Two negro prisoners escaped from Guilford county jail Thursday evening by cutting through the walls with large knives.

An office-seeker is a man who runs for office without success. A statesman is one who runs for office and manages to win.

There are no bar rooms in Winston. The commissioners would not grant licenses for the sale of whiskey, making the town a dry one.

The latest in from the Greensboro correspondent of the Charlotte Observer naming Dr. Melver as successor to Dr. Winston. The name of Dr. Paul Barringer is also prominent.

One of the greatest curiosities ever known to Georgia is a negro boy, 14 years of age, who has never eaten watermelon. He was discovered on the streets of Atlanta Tuesday.

Dathan suffered an \$8,000 or \$10,000 fire Thursday night, when his ice factory was burned down. The origin of the fire is supposed to have been caused by spontaneous combustion.

The Hon. Garrett A. Hobart rides a bicycle, and there is, accordingly, no further reason why the wheelmen of this country should not feel that they are not properly represented upon the ticket.

Rev. C. E. Miller, of Rowan county, who has charge of the mission work of the Evangelical Lutheran church at Greensboro and High Point, was in the city. Mr. Miller is very much encouraged in his work.

Prof. E. B. Stetler passed through the city on his way to Anberst, Mass., where he will take a special course in the studies of French, German, Latin and Greek. He will go by Brooklyn, N. Y., where he will attend a meeting of teachers.

The contract for the erection of Mecklenburg county's new court house has been awarded to W. W. McAfee, of Atlanta, Ga., whose bid was \$40,800. Preparations to build will begin at once and the structure is to be complete by May 1, 1897.

Free—64 page medical reference book to any person afflicted with any special ailment. Send at once a postage stamp to Dr. J. C. Ayer, Lowell, Mass., for the leading physicians and surgeons of the United States, Dr. Hathaway & Co., 224 South Broad Street, Atlanta, Ga.

There was a good deal of sound human nature in the unexpected copy of the young old woman to her minister's landing question. "Here at the end of a long life, which of the Lord's mercies are you most thankful for?" Her eyes brightened as she answered, "My vicarious."

No. 19 township Sunday school convention is called to meet at Howell's (Baptist) church, on Saturday before the third Sunday in July, to transact business of the Sunday schools of that township. An interesting programme will be arranged.

Masters Richard Gibson and Jimmie Cannon went out to Rocky River Thursday evening on their sports, and on their return the young sports killed five miles through the drenching rain. Richard having punctured a tire, Jimmie was kind enough to walk and talk with him.

Miss Isla Council, who for some time past has been assisting buck yeoper in the Oddell store, and who had been sick for several weeks, has resigned her position and returned to her home near Fayetteville. Her sister, Mrs. Addie Hall, who has been with her during her illness, accompanied her.

The man who didn't care three shakes of a lamb's tail about the new papers, recently rode thirteen miles through the hot sun to get a weekly talk of him as a prominent citizen. He wanted the paper to send away, which he said would be a great advertisement for the paper. This individual abounds in every community.

A young Indian girl of the Chipewya tribe was adopted when three years of age by a Michigan farmer for the sole purpose of satisfying his hobby that women, if properly trained, can run faster than men. She is now nineteen years of age, weighs 117 pounds, and can outrun any man with whom she has ever raced.

Rev. H. A. McCullough, pastor of St. Andrew's church, addressed the Woman's Home and Foreign Missionary Society of Luther's chapel at China Grove Saturday. Rev. Wertz and the ladies of the society are to be congratulated in securing Mr. McCullough to address them upon the subject of missionary work for he is thoroughly posted and a fine talker.

HOW DEATH FEELS.

Some Observations Made at Deaths—Heads by a Doctor.

"I was reading an article this morning on how it feels to die," said Dr. W. H. Epworth. "No living man can tell how death feels, or whether the actual act of dissolution is accompanied by sensation or not. A man who, through disease or casualty, has lost consciousness—has become to all appearance dead—and is then resuscitated, can really tell us nothing about it, for he did not die. The machinery did not come to a complete standstill—the life force did not leave the body. It may be that the physician has dipped deeper than the patient into the awful mystery of death. It may be that he has described horrors now visible to the eyes of the medical man, who interests himself only in the condition of the animal mechanism."

"I have stood by the bedside of one who told me they were going to die, and saw them pass peacefully to their long sleep. I have looked at their dead faces a few minutes later and saw thereon a look of fear, of horror, that was not visible when the heart gave its last faint throb and then stood still. I have had others tell me almost with their last breath that they were going to heaven. They passed away with wavy faces that were painful to contemplate, but before they became rigid a smile as sweet as an angel's dream overspread the pallid features and the aged looked almost youthful; the weary and worn became radiant. What causes this change, which every physician has noticed? When does death occur? We say when the animal machinery stops, when the breath and pulse cease."

"That is what the doctor calls death, but it may not really be death after all. The spirit may not leave the body, may not take its departure from earth with its last breath, the last faint heart-beat. It may cling for some moments to its shattered tenement before it takes its flight, before it faces those terrors or enters into those transcendent glories which the poet has painted. The death of the body, with which doctors only deal, may be but the prelude to a more important act, the departure of the spirit. Science has gone far, but it has not yet lifted the veil of mystery which the Almighty has hung over the couch of death."

Rev. D. G. Caldwell, who has been on a visit to his brother, Mr. J. B. Caldwell, and his old home in this city, has gone to Huntersville to spend some time. He will preach for the Associate Reformed congregation at that place during the month of July.

WANTED—Prompt and faithful gentleman or lady to travel for reliable established house in North Carolina. Salary \$750, payable \$15 weekly and expenses. Situation permanent. References. Enclose self-addressed stamped envelope. H. H. Hess, Pres., 356 Dearborn St., Chicago.

Young women who desire a thorough, practical education, at remarkably cheap rates, would do well to correspond with President Charles D. Melver, of the State Normal and Industrial School, at Greensboro, N. C. See announcements of the institution in this issue.

Register Wedding reports an unusual thing in the way of nature. It is a cornstalk grown by Mr. Damon Byers on the farm of Mr. Shakespeare Harris. This stalk started in the usual way, like all the neighbors, but when about four feet tall, about the freaky period of humanity, the thing became self-important enough for two and forged, making two stalks. Unlike frail humanity under such hallucinations, it is not fruitless, but put forth two good ears in the fork.

It is a big thing to say but nevertheless true, that a great multitude of people have crowned Simmons Liver Regulator, the "King of Liver Medicines." There is nothing like it for Malaria, Rheumatism, Chills and Fever, Constipation, Biliousness, Sick Headache, Indigestion and all troubles arising from a sluggish or diseased liver. Simmons Liver Regulator is the prevention for and cure these ailments.

A Chance to Make Money. I have berries, grapes and peaches a year old, fresh as when picked. Use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing. You put a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for fifteen two-cent stamps, which is only the actual cost of samples, postage, etc., to me. FRANKS CASEY, St. Louis, Mo.

Chicago Convention Bulletin. Manager McConnell, of the Western Union telegraph office, is arranging to give the public a bulletin report of the Chicago convention. A large board will be placed in the front of the office and extra help will be secured to make the service complete and accurate.

DECLARING INDEPENDENCE.

The Colored People Endeavoring to Hold a Cotton Mill in this City—Great Encouragement.

For several years endeavors have been made to establish a cotton mill at this place, to be operated by the colored people, but until quite recently without any encouraging results.

Warren Coleman, the richest colored man in the State and a resident of this city, has taken the matter in hand and has proposed to establish a building and loan association and a cotton factory for the colored people. He showed a STANDARD reporter some very encouraging letters from citizens of wealth and prominence of both white and colored people from all sections of the country.

A mass meeting of the negroes was held at the court house Saturday for the purpose of getting the sentiment of the population on the matter, and speeches were made by the best of the colored people in approval of the movement.

Warren Coleman has given his undivided attention to the movement and has succeeded in raising \$20,000 for the two proposed enterprises within the confines of Cabarrus county. He has worked very quietly, but successfully.

The promoters of this movement have the option of Mr. J. G. Goff's place just beyond the depot, and if the stock is raised a factory to employ colored labor is a sure institution for this city.

Those who have used Dr. King's New Discovery know its value and those who have not, have now the opportunity to try it free. Call on advertised druggist and get a trial bottle free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills free, as well as a copy of Guide to Health and Household Instructor free. All of which is guaranteed to do you good and cost you nothing. Fowler's Drug Store.

Give Away Free. To advertise our goods will give away absolutely free one box of five cent cigars, one gold ring and a sample bottle of Peeters' Pain Killer to every one sending us fifty cents to pay packing and postage. Address, PATHE & SPENCER MEDICINE CO., Lock Box 1, Kernersville, N. C.

Miss Minnie Lewis and Mr. Dan Ho ward attended the picnic at Misenheimer's Springs.

A Texas Hog Hog. Texas lays claim to the biggest hog ever raised in the United States. He weighs 1,430 pounds and is eight feet three inches long. He measures six feet around the neck, eight feet around the body and stands four feet and one inch high. His feet are as large as those of an ox and the leg bone larger than that of the largest steer. He is Poland China and Red Jersey. He eats like an ox, takes the whole ear in his mouth at once and eats the cob as well as the corn, eating from forty to fifty ears at a time. There seems to be no surplus flesh on him and physicians who have examined him say he can easily be made to reach 2,000 pounds. The price of one, T. Langston, paid \$250 for the hog and has been offered \$1,500 for him. He has a fine policy on the animal for \$5,000. No other hog, it is said, ever reached such tremendous proportions.

Everett Ritchie is dead. On Sunday last a young son of Mr. John A. Ritchie, of Cannonville, died. The young man's death was a great blow to the sorrowing parents and family. Adding to their sorrow, on Thursday night, their 19-year-old son and brother, Everett, passed away, after intense suffering for nine weeks with typhoid fever. The remains of the young man were conveyed to Mt. Moriah, near China Grove last Friday for interment. Rev. H. A. McCullough accompanied the corpse and conducted the funeral ceremonies. The bereaved family have the tenderest sympathies of the community in their affliction.

Touched by Pink Pills. Such a state of bewilderment as a man being far from home and without "coin" was experienced by two old soldiers of the Cabarrus veterans who went to Richmond, on Wednesday, while standing on a crowded street car, a thief very cautiously placed his arms around the waists of Mr. G. W. Ischour, of No. 4 township, and relieved his pockets of his purse, which contained only a few dollars and his return ticket coupon. Mr. Ischour, when he discovered that his pocket had been picked, was a awful sorrow over the matter, but in telling his troubles to companions, he found that he had company—Mr. A. L. Burris, of this city had been "reached" for his purse and ticket in a similar way. These are the only two victims that are reported from Cabarrus.

Among the Prettiest Ever Seen. Rev. C. L. T. Fisher, of Mt. Pleasant, was in the city and in conversation with a STANDARD reporter, he said, concerning the new Lutheran college to be built in Charlotte, that Architect Douglass, of York, Penn., has visited the grounds and stated that the location was among the best, prettiest and most commanding he had ever seen. Mr. Douglass has a world-wide reputation as an architect, and has been secured to furnish designs for the new college, which will be of the latest, most modern and improved plans. The design, etc., will be given to the committee in charge within the next few weeks.

ROYAL BAKING POWDER.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ROYAL BAKING POWDER  
ABSOLUTELY PURE

They Know Each Other There. About all the old Confederates that went to Richmond have returned and Saturday groups of the valiant old warriors could be seen in any part of the city comparing notes and reminiscences of their trip and of vivid scenes that they had bravely experienced years ago and of meeting brother Confederates, their wives, sons and daughters. One of the many that is fresh from the east of Confederacy at Richmond said: "We knew each other there, and a feeling most divine came to me. I could not help but think of the great reunion that it is to be when we shake off this mortal coil." This gentleman referred to is proud of the treatment received at the cordial hands of the Virginians and is a strong advocate of building a monument to the memory of the patriotic women of the Confederacy, which, he thinks, should be built at Richmond. He feels sure that the Confederate soldiers of Camp 213, of Cabarrus, would give \$1,000 for this purpose.

President Cleveland announced this week that he would never vote for McKinley, and straightway the Raleigh News and Observer wonders whether he will vote for Tilden or go fishing, or both. The Raleigh paper need not concern itself. Cleveland is a better Democrat than "the enemies he has made."—Lincoln Democrat.

Spoons Free to All. I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated hook spoon to any one sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$15 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the handle. The spoon is something which every household needs and every spoon is a first investment. Any one can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. Very truly, JEANETTE S.

How to Make Life Happy. Take time; it is no use to fume or fret, as the angry housekeeper who has got hold of the wrong key and pushes, shakes and rattles it about the lock until both are broken and the door is still unopened. The chief secret of comfort lies in not suffering trifles to vex us, and in cultivating our undergrowth of small pleasures. Try to regard present vexations as you will regard them a month hence. Since we cannot get what we like, let us like what we can get. It is not riches, it is not poverty, it is human nature that is the trouble.

The world is like a looking-glass. Laugh at it, and it laughs back; frown at it, and it frowns back. Angry thoughts canker the mind and dispose it to the worst temper in the world—that of fixed malice and revenge. It is while in this temper that most men become criminals.—Old Scrap Book.

Did a Horrible Deed. Laurinburg, N. C., July 2.—A very distressing death occurred near Caledonia church, a few miles from here. Mr. John Smith, aged about 21 years, was bitten four years ago by a dog supposed at the time to be mad. The wound, to all appearances, healed up very nicely, and Mr. Smith suffered no inconvenience therefrom until last Wednesday night, when he was suddenly seized with a severe pain in his foot. The next day the symptoms of hydrophobia appeared, and from then till Saturday night he suffered untold agonies. A horrible death put an end to his sufferings.

Dr. Miles' Restorative Nervine. I was then unable to get to sleep until 11 o'clock, and during the night I had a long heavy snore in my mouth. I was most miserable, and during the day I was unable to do any work. I had tried all kinds of medicine, but nothing seemed to do me any good. I was then advised to try Dr. Miles' Restorative Nervine. I bought a bottle and took it according to the directions. I was then able to get to sleep at 10 o'clock, and during the night I had no snore in my mouth. I was then able to do my work as usual. I was most pleased with the result. I have since bought several more bottles of Dr. Miles' Restorative Nervine, and have given it to my friends. I can truly say that it is the best medicine I have ever used. Dr. Miles' Restorative Nervine. FOR SALE BY ALL DRUGGISTS.

DO YOU USE IT?

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use Ayer's Hair Vigor.

Yadkin Storm was visited Sunday evening by a terrific wind and rain storm. A correspondent writes that the cloud came up from the south and went east, passing up the Yadkin river. It blew down trees like straw. Lightning struck Mr. A. E. Conrad's ferry house, setting it on fire and burning it up. Mr. Hobt, Blackly had his whole wheat crop packed in it. A very serious loss to him. The damage to orchards is very great. Wheat shocks were blown in every direction.

Suffered Eighteen Years. Miss Julia A. Brown, of Covington, Tenn., whose husband has charge of the electric lights plant at that place, has been a great sufferer. Her ailments and speedy cure are best described by herself, as follows: "For 18 years I suffered from nervousness and indigestion. I tried every remedy known to man, but nothing seemed to do me any good. I was then advised to try Dr. Miles' Restorative Nervine. I bought a bottle and took it according to the directions. I was then able to get to sleep at 10 o'clock, and during the night I had no snore in my mouth. I was then able to do my work as usual. I was most pleased with the result. I have since bought several more bottles of Dr. Miles' Restorative Nervine, and have given it to my friends. I can truly say that it is the best medicine I have ever used. Dr. Miles' Restorative Nervine. FOR SALE BY ALL DRUGGISTS.

Do You Use It? It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use Ayer's Hair Vigor.
