

THE NOMINEE.

WILLIAM JENNINGS BRYAN—HOW HE CAME ABOUT.

Hill Admitted and Elected—Tillman Nominated and Elected—The Boy Governor of the State—The Hero of the Hour—His Silver Eloquence Overflows Golden Logic.

The great American heart gave a sigh of relief Saturday morning as the news flashed over the land and minds of the people that the great Democratic convention had nominated.

The nominee, William Jennings Bryan, of Lincoln, Neb., though young in years, his brilliancy is exceptional, oratory unexcelled and his strength of character and honesty of purpose are unquestionable.

From the New York World we copy his brief career as written by himself: "William Jennings Bryan, of Lincoln, Neb., was born in Salem, Marion county, Ill., March 19, 1856, attended public school under fifteen years of age, spending his vacations on the farm; in the fall of 1875 entered Whipple Academy, at Jacksonville, Ill.; entered Illinois College, Jacksonville, in 1877; completed a classical course and was graduated with the highest honors in 1881; attended Union College of Law, Chicago, Ill., for two years, during which time he was connected with the office of ex-Senator Lyman Trumbull; began the practice of his profession at Jacksonville; removed to Lincoln, Neb., October 1, 1887, and became a member of the firm of Talbot and Bryan; never held an elective office prior to his election to Congress; was elected to the Fifty-second and re-elected to the Fifty-third Congress as a Democrat, receiving 13,784 votes, against 13,674 votes for Allen W. Field, Republican, 563 votes for R. W. Maxwell, Republican, and 2,409 votes for Jerome Shamp, Populist."

Friday's convention was a mixture of statesmanship, patriotism, cynical narrow-mindedness, eloquence, confusion, excitement and finally rejoicing.

Senator Hill made a gallant fight and an honorable plea. He called attention severely to the mistakes, incongruities and absurdities of the platform; sounded a note of warning by referring to the possible failure, and begged not to drive out "old Democrats to make room for a lot of Republicans and old Whigs and other Populists that will not vote the ticket after all," and closed by saying that "if we keep in the good old paths of the party we can win. If we depart from them we shall lose."

Senator Tillman's "pitchforking" fell flat, and met with jibes and blows, but then no other silver tongue was with him.

It is highly commendable in the convention that his egotistic arrogance which was but taking advantage of the great Democratic convention to advertise Ben Tillman was so "set down to."

Senator Bryan's oration in reply to Senator Hill gave him the nomination. His curt replies to Mr. Hill's logic, conceding with the most advanced and combative free silver argument, was greeted throughout with cheers.

When the voting commenced Bland was in the lead, but held his position only through the 2nd ballot after which there was a general stampede for Bryan. North Carolina distinguished herself by sticking to Bryan from first to last and in addition to this his nomination had been seconded by Theo. P. Klutz, of Salisbury. The North Carolina delegation may be said to be high in favor with the next probable President of the United States.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her recovery, but two bottles of Dr. King's New Discovery saved her life. Mr. Thomas Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought a bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful it is such results, of which there are so many, that prove the wonderful efficiency of this medicine in coughs and colds. Free trial bottles at Fitzer's Drug store. Regular size 50c, and \$1.00.

SANITARY WORK NEEDED.

One Great Relief the Commissioners Should Give the Town—Our People Are Suffering.

THE STANDARD has no desire to become one of the subjects, but the sanitary condition of this city is of vital importance to our citizens, and if ever cleanliness was needed, it is at present. Every day THE STANDARD hears complaint of some obnoxious smell and that decaying garbage, truck, etc., is being scattered broadcast over the town, creating stenches in the nostrils of mankind and microbes as large as house flies, which bring about malaria, chills and fever. In the central part of the city there are piles of watermelon rinds, rotten cucumbers, decayed cabbage and other things, while on the opposite side of the town there are dead chickens in bags, stagnant mudholes, etc., all of which go to create sickness.

Along Main street, between the square at Fitzer's drug store and Mill street a very unpleasant odor pervades the atmosphere, and it is along this street that microbes roll wheelbarrows and pull goat wagons, making the sensitive nerves of a good nose quiver and so offensive that residents have to close their windows at night. From whence it comes no one seems to know but it exists nevertheless.

The city could well afford to employ a man to look after this matter. It has gone unattended long enough, and people have a just reason for kicking. Place trash and garbage in barrels on the streets in the front of stores and compel the storekeepers to put their trash and decayed stuff in them by 9 o'clock each morning and then haul it away from the city or bury it.

The recent heavy rains will cause more than the usual amount of sickness, unless you take precautions. Use lime at the out houses, wash pens, where you throw waste water and all deep places, in abundance.

Policemen Roger and Fisher have enough to do when they have attended to other official business and are, or seem to be, incapable of doing their duty in this sanitary work.

Make it somebody's bounden duty to protect the people against these existing sanitary evils or many of those who are compelled to admit to the weakening nature of microbes and malaria will be too cold and stiff to complain.

It is very unpleasant for THE STANDARD to "blast" the commissioners on this subject, but unless something is done to relieve the people—or ease their minds—a roast awaits them that is not given by the "punch press" but by his Satanic majesty you read about.

After the Storm. The heavy winds Tuesday evening did a great deal of damage to barns, besides blowing down numerous trees and breaking limbs of the beautiful shade trees of the city. A large tree in the yard of Dr. Robert S. Young fell shortly after 8 o'clock and came near catching two young men, who happened to be passing. Limbs struck the electric light wires and the consequence was utter darkness throughout the city. No fatalities are reported.

The Club Broke Up. A good looking, well-to-do bachelor of Griffin, Ga., was being teased by the young ladies of a club for not being married. He said: "I'll marry the one of you whom, on a secret vote, you elect to be my wife." There were nine members of the club. Each girl went into a corner and hid great caution in preparing her ballot and disguised her handwriting. The result of the vote was that there were nine votes cast, each girl receiving one. The man remains a bachelor, the club is broken up and the girls are mortal enemies, united in the one determination that they will not speak to the man again.

SHORT LOCALS.

Turnip sowing had a setback on account of the rain.

The green limbs, dead limbs, trash etc., should be moved from the streets.

TO BE OPERATED BY BLACKS.

A Movement to Erect at Concord a Cotton Factory, the Labor to Which Shall be Given an Aspect to the Race to See That It Succeeds.

Please allow me to call the attention of the public to the fact that a movement is on foot to erect a cotton mill at Concord to be operated by colored labor.

The colored citizens of the United States have had no opportunity to utilize their talent along this line. Since North Carolina has fairly and justly won for herself, in the centennial at Philadelphia, the World Fair at Chicago and at the Atlanta Exposition the honored name of being "the foremost of the States," she will further evidence the fact if she is the first to have a cotton mill to be operated principally by the colored people.

We call attention to the advertisement of the North Carolina College of Agriculture and Mechanic Arts in our issue today. This College has steadily advanced to the front rank, and its work has within the past year received the highest commendation from Harper's Magazine, the New York Forum and other eminent educational authorities.

At a meeting of the stockholders of the North Carolina railroad, held at Greensboro Thursday last, members of the financial committee for the ensuing year were elected as follows: John P. Allison, W. E. Holt and W. C. Maxwell. To represent the State proxy, Theodore B. Davidson and D. R. Julian.

Although Cupid runs riot in all climes, his ways and means differ. And to those foreign to the country some of the marriage ceremony would hardly seem in keeping with so sacred and solemn a service.

In Norway and Sweden the bride is dressed in her wedding garments and placed in the middle of the room, surrounded by a circle of bright lights. Then the villagers enter, and walking around the bride audibly comment upon her appearance, character and prospects. Occasionally some young fellow will say:

"Well, she's to be married at last. About time I think. It's the first offer she's had since I jilted her."

"Yes," another will interject, "I pity the man who will marry her."

ASHEVILLE COLLEGE.

Highest of all in Leavening Power—Latest U.S. Gov't Report

Rev. Dr. James Atkins Retires—Rev. Prof. A. B. Warwick, His Successor.

The Asheville Female College, which has been under the efficient management of Rev. Dr. James Atkins has been leased to Rev. Prof. A. B. Warwick. This change is necessitated by Dr. Atkins having resigned to accept the Sunday school editorship for the M. E. Church, South. Prof. Warwick comes to Asheville from Nashville, but has been connected with young ladies' schools in Virginia and Georgia and is an alumnus of the University of Virginia. No changes will be inaugurated in the corps of teachers which will be substantially as last year.

Our Editor Approved. In our efforts to make the city authorities realize the serious sanitary condition of the town, THE STANDARD has heard many words of approval. We insist that something be done at once. Sickness has besieged the entire city and unless steps are taken at once to remove the existing evils the result will be disastrous. The free use of lime should be indulged in wherever it is needed. Look over your premises and see that they are right. If you are unable to purchase lime, and if the town will not furnish it, a subscription should be taken up and a quantity bought at once. Don't let the matter go without further notice.

Miss Sophia Paul gave a birthday party from 8 to 11 Wednesday evening to quite a number of invited friends. The following couples participated in the festivities: Mr. R. S. Torrance and Miss Sophia Paul, Mr. E. T. Goldston and Miss Minnie Coble, Mr. W. D. Goldston and Miss Myrtle Moore, Mr. Horace Russell and Miss Lillie Moore, Mr. George Upchurch and Miss C. C. Moore, Mr. J. I. Kendall and Miss Annie Kiziah, Mr. Carlo Phillips and Miss Lizzie Johnson.

Wedding On Georgia Avenue. Georgia Avenue celebrated its first wedding Wednesday night when Mr. Robert L. Dural was married to Mrs. Emma V. Humphreys, of Augusta, Ga., at the home of Mr. L. D. Dural, the groom's father, in the presence of a number of relatives and friends. Rev. George Dural, of Rome, Ga., an uncle of the groom performed the ceremony. An elegant supper was served.

There is no middle ground. We are either going forward or backward, and upward, and if we ever expect to attain the heights of industrial usefulness we must fall in line and march shoulder to shoulder in one solid phalanx along the road that leads to fortune and to fame. When we grasp and utilize the opportunities offered for the betterment of our condition we are performing the great task which will at last determine our future position in the ranks of the great nations of the world. The markets of Madagascar, Zanzibar, and other tropical regions, where there are millions of inhabitants, are open for all goods that can be produced in the mills. Let us not be discouraged but march onward with the enterprise, with that spirit and determination that makes all things possible for those who strive in real earnest.

OUT IN FULL FORCE.

Populists Meet and Elect Delegate to the "District" Convention at Salisbury Here.

Populists were here Saturday in full force—about 35 of the wayward sons attended the convention at the court house and elected delegates to the "district" convention to be held in Salisbury next Thursday. The number present is about all the force the Populist party has in old Cabarrus.

A delegate from each township was elected, with five at large, who are: No. 1, H. B. Parks; No. 2, J. C. Johnston; No. 3, J. R. Bradford; No. 4, J. V. Pethel; No. 5, G. Crawford Goodman; No. 6, M. L. Klutz; No. 7, John H. Moore; No. 8, W. F. Moore; No. 9, W. F. Barrier; No. 10, J. L. Linker; No. 11, J. B. White; No. 12, D. A. Caldwell, J. F. Shinn, W. A. Weddington and G. Ed. Kestler. A. F. Hileman, M. H. Caldwell, Pink Deal, S. A. Grier and C. A. Pitts were elected delegates at large.

The convention instructed the delegates to vote for A. F. Hileman as delegate to the St. Louis convention, with G. Ed. Kestler as alternate. The Populists will hold their county convention to elect delegates to their State and Congressional conventions on Saturday, August 1. Populists are not very enthusiastic and their following has greatly diminished in the last few months. Nos. 8 and 11 townships were not represented at the convention. After adjournment the mogul of Populism, A. F. Hileman, told about how nicely the Alliance shoe factory is coming on, which was highly pleasing.

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and richness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and disease dies on it.

Contract Awarded. Mr. J. W. Cannon has returned from Albemarle, where he attended a meeting of the stockholders of the Efford Manufacturing company. The contract for building the mill was awarded to Contractor Cecil of Salisbury, his bid being a fraction lower than the many others.

HER LIFE TRULY SAVED. Dr. Miles' Heart Cure Does It. Mrs. Chas. La. Dault, a well-known resident of this town, writes: "I was suffering from heart trouble and my life was in danger. I had tried everything but Dr. Miles' Heart Cure, and it did not do me any good. I then bought a bottle of Dr. Miles' Heart Cure and in a few days I was able to get on my feet. I am now perfectly well and my life is saved. I can truly say that Dr. Miles' Heart Cure is the best medicine I ever took.
