

A GREAT MORAL TRIUMPH.

A Vigorous Protest Against Liquor Licenses—Legal and Moral Points Made Clear—Good Feeling Prevails—The Board Acts Promptly and Nobly.

As stated by THE STANDARD yesterday, the board of county commissioners voted (not to) W J P Goodman though, but to Jacob P Goodman the privilege to sell liquor outside of the corporate limits of St. John's church, whereupon a delegation of Concord's citizens assembled in the court house this (Thursday) morning.

Mr. J M Odell was called to the chair and Rev. Paysor was made Secretary with J D Barrier as assistant Secretary.

After the situation was ventilated the body sent a prayer to the board to be heard. Pending an answer Mr. D A Caldwell offered a resolution declaring it to be the sense of the body that license to sell liquors should not be granted, which was adopted.

Previously the body received an answer from the board that they would be pleased to receive the delegation.

The court of commissioners were then addressed by Messrs Duval, Coltrane, Rev. Arnold and Mr. Joe. A Cline in respectful protest against the action and an earnest appeal to rescind the same.

Attorney Hartsell in defense of the petitioner stated that he himself was a prohibitionist always but that as the matter stood said Goodman had a right to manufacture and sell liquors under the United States laws, but finding by measurement that he was inside the corporate limits of St. John's would move outside and run his distillery but would leave it where it is and sell beyond the limits if the board of commissioners would grant him a license for the consideration of \$100 per year.

He thought it a mere matter of \$100 to the county if granted when the same privileges were available to the said Goodman without paying the \$100 if he should move his distillery. He did not believe, too, that the commissioners could rescind their action and withhold the license.

Mr. M H H Caldwell, in behalf of himself and the board stated that every member of the board and himself as their counsel were opposed to granting the license, but after considering the matter in the light presented by the petitioner they thought that \$100 in the school fund would help to counteract the evil made possible by national law.

He would be glad to advise the board to rescind the action if legal.

Rev. Alexander and Rev. Miller spoke also in happy terms of protest. Judge Montgomery stated that any court could rescind, modify or reverse its action while yet in session. He also stated that the United States law gave no man a right to sell liquors by the quart without license further than that which he produces from his own raising, and that it is not true that Goodman could remove his distillery outside of the corporate limits and sell by the quart any further than liquors made from corn of his own raising or fruit from his own orchard and that he would be indictable for every quart of liquor he would sell without license otherwise.

The board gave every opportunity for full ventilation of the matter under consideration and nothing but the most respectful terms were used in the discussion while the views of the debaters clashed and the strongest of points were made on the part of the delegation. The audience closed with thanks to the board for indulging in a rather long debate and the delegation withdrew.

The board reconsidered its action and unanimously voted to withhold the license.

In the whole matter we feel that no real blame is to be attached to the board who acted on the light thrown on the subject yesterday but from the better and clearer light thrown on the subject today they did not hesitate to act as they saw the line of duty. We are convinced too that it was a pleasant duty as probably the county can have no board at heart more opposed to the liquor traffic than its present one.

In this noble act the board has earned and we are sure it has the profound gratitude and respect of all lovers of moral purity and

especially of those in the community where the bar room was to be erected.

Too much honor can not be bestowed on the prompt and vigorous movers in this matter and on the excellent defenders of the cause, whose impromptu speeches were models of logical power and moral force.—Daily Standard of 10

Mountbait Party. A number of young folks spent Wednesday evening very pleasantly at the home of Mrs. Fred Glass, in No. 4 township. Among them were Misses Annie and Myrtle Young, Hattie and Lilly Cook, and their friend, Miss Bundy. Among the gentlemen were Messrs. Pink Misenheimer and Herbert Cook. Mrs. Will Probst chaperoned the crowd of young folks.

Mr. Charles Propst, of China Grove, met them at Mrs. Glass' and took part in the merriments, and accompanied them back to Concord. It was a very enjoyable occasion, and, of course, they could not return until the wee sma' hours of the night, when they returned laughing and singing, and enjoying their selves to the utmost.—Daily Standard of 10 th.

Ritch-Burgess Marriage. At the residence of the bride's father, at 6 o'clock Tuesday evening Miss Besie Ritch was married to Mr. Charles S Burgess, of High Point.

It was a very quiet affair, only a few relatives and intimate friends of the contracting parties being present.

The ceremony was performed by Rev. L E Busby, pastor of the bride. After supper the bridal party went to the depot where the young couple took the 8 o'clock train for High Point, their future home. Both are very popular young people and have the best wishes of their many friends for their future happiness.—Salisbury World.

Miss Ritch is well known in this place, her father, Mr. M L Ritch, having married in this city. THE STANDARD extends its most hearty congratulations to the happy couple.

Another Bad-Dog Scare. A black dog came up through Coleburg last Thursday morning displaying suspicious symptoms. He was watched and followed by G V Montgomery. Officer C A Cook was apprised who pursued him and got a disadvantageous and ineffectual shot, when the dog succeeded in evading his pursuers for a while, but was seen to go under the Warren Coleman store buildings where the third pistol shot silenced his dogship.

A good solution of the dog question is to help all the vagrant ones to fits and then to cure the fits with a lead pill.

Later—A dog was killed between 11 and 12 o'clock on East Depot street supposed to have rabies.

The Chain Gang. The chain gang is still at work in No. 8 township. They are now at work on the road between Mt Pleasant and Concord, and are cutting down some of the hills and putting in some excellent fills. They will continue to work in that part of the county for about two weeks, and then they will pitch their tent on the road leading from St. John's church to Foli's Mill, which we hear is needing attention badly. They will macadamize a good deal of it.—Daily Standard of 10.

Returning Home. The South-bound train Wednesday contained the pupils going home from the Deaf and Dumb asylum.

There was quite a crowd of the unfortunate, probably fifteen or twenty, which presented quite a pitiable sight, seeing them try to converse with each other.

Among them was little Miss Sadie Herring, of this place, who seemed very glad to get home again to her parents.

The Wrong and the Right of It. We were very much chagrined last Thursday evening, to find that the type made us say the board of commissioners will purchase a rock crusher for about \$15,000 on satisfaction trial, when we meant, and the manuscript said, \$1,500.

After going to press, we got the following facts:

The board purchased a rock crusher, elevator and screen, a horse roller and an 18 horse power engine for all of which they are to pay \$17,000, on condition of approved test.

A Big Mortgage. The Lake Shore and Michigan Southern Railroad has given a mortgage for \$50,000,000, to issue bonds, and take up the company's indebtedness of nearly that amount that is bearing 7 per cent interest. The new bonds are to bear 3 1/2 per cent, only, and are mature in 100 years.

RUNAWAY MARRIAGE.

Children of Two Salisbury Policemen Were the Parties—Rev. C B Miller Awakened at the Midnight Hour.

About 1 o'clock Thursday night the attention of our faithful and efficient night-watcher, Mr. R Will Johnson, was attracted towards the St. Cloud hotel, in front of which appeared a closed carriage, behind the screens of which were hidden "two sons but a single thought; two hearts that beat as one." They were "off to be married," and that without the consent of parents, and after telling their desires to Mr. Johnston, he piloted the young couple to the Lutheran parsonage, where Rev. C B Miller, the courteous and obliging minister, arose and administered the sacred rites of matrimony that made Mr. Charles Pace and Miss Mary Pool husband and wife, in the presence of Messrs. Chas. Howell, of Salisbury, Will Johnston and Dr. Jesse Hamilton.

After the ceremony, the couple returned to the St. Cloud, where they spent the remainder of the night. Mr. and Mrs. Pace are children of two policemen of Salisbury, and they succeeded admirably in evading the eagle eyes of the two officers.

Mr. Pace is 19 and his young and happy bride is only 17 years old. There was no objection to the union on the part of the parents except that they were thought to be too youthful.

May they live long and prosper is the wish of their friends here.

North Carolina Day Changed. Gen. Theo. F Davidson, chairman of the North Carolina commission for the Tennessee Centennial, has issued the following:

"At the request of the director general of the Tennessee Centennial Exposition, and in order to avoid conflict with the great parade of Confederate Veterans on June 24, North Carolina day has been changed and fixed to Wednesday, the 23rd day of June.

"A meeting of the commissioners from North Carolina is hereby called for Tuesday, the 22nd day of June, at 11 o'clock a. m., in the auditorium building in the exposition grounds. I will be obliged if the press of the State will publish this notice."

The Gypsies in Town. From the Salisbury World we learn that its people are being molested by the Gypsies, which we suppose, are the same crowd that camped near our town a week or two ago. It seems that they were trading horses there the other day, and in some way misrepresented one of their horses that they traded, which has gotten them into trouble.

While they were camped in our county our sheriff visited their camp and says that they were a horrible looking class of people.

Many of them are foreigners, and a large amount of them are crippled or deformed in some way.

While they were near our city we noticed that you could hardly go through the streets without meeting someone that wished to relate a pitiful story in regard to his frail and poverty-stricken condition.

Asheville Citizen: The entire plant of the Standard Oil company, Cleveland, Ohio, shut down for an indefinite period. About 1000 men are thrown out of work.

Do You Use It? It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use Ayer's Hair Vigor.

SHOT LOCALS.

Miss Alice Sims, who, until lately, has been employed in the Register's office, has accepted a position in the store of Lowe & Dick.

Miss Annie White, of No. 11 township, who has been spending a while with relatives in Charlotte, has returned to her home.

Mr. J Homer Barnhardt of No. 9 township, who has been attending school at Trinity College for the past year, has returned home.

We are glad to inform our readers of the fact that Dr. R S Young has been appointed by the Governor as assistant surgeon general.

Miss Laura Maxwell is spending a while at the home of Mrs. W A Patterson, having accompanied Mrs. Patterson from Salisbury, the home of Miss Maxwell.

Mrs. Florence Wallace of the Coddie creek neighborhood, is regaining strength and is mending rapidly, after a brief but serious illness.

Mr. V C Ridenhour, of St. John's, has gone to King's Mountain, to spend several weeks with his brother, Mr. W A Ridenhour, who is doing a mercantile business there.

Cephus Matthews, a negro, and a white convict, escaped from the Rowan county chain-gang Friday morning. They had not been captured Friday night.

For one dollar, you may buy a bottle of Ayer's Sarsaparilla, which, if taken in time, and according to directions, may save a great many dollars in doctor's bills, and thus exemplify the truth of old maxim, "Prevention is better than cure."

We learn that Mr. Holland Thompson, of the Concord High School, is going to the Assembly at Morehead City to look after securing an assistant for next year.

Mr. H McNamara has returned from a three weeks' trip through Randolph, Richmond and Montgomery counties. He will take a week off and rest.

The board of directors of the Vance cotton factory of Salisbury, will hold a meeting tomorrow for the consideration of placing new and improved machinery in their mill.

The News and Observer says certain stores in Raleigh have been selling goods on Sunday and the matter has become so notorious that chief of police is taking steps to strictly enforce the law against it.

There was an earthquake shock felt very perceptibly Wednesday morning, the 9th. The earth trembled and houses shook at about 35 minutes after 5 o'clock and lasted about 40 seconds. It was preceded by a rumbling noise, so says the Hickory Press.

Boils, abscesses, tumors, and even cancers, are the result of a natural effort of the system to expel the poisons which the liver and kidneys have failed to remove. Ayer's Sarsaparilla stimulates all the organs to a proper performance of their functions.

The game of baseball between the University of Virginia and a Charlotte team, played on the latter's ground Friday afternoon, resulted in a victory of the Virginia boys in a score of 10 to 7. That's no good game, so the boys say.

Little Johnnie, the 18 months-old child of Dr. and Mrs. John Whitehead, a note of whose serious illness appeared in THE STANDARD, died Thursday night at 10 o'clock. The child had been sick only two weeks.

Mr. M L Talbirt, who has been in the employ of Mr. W Gibson for many months past, has gone to his old home in Iredeell county, to spend a few weeks vacation with familiar faces and scenes of his boyhood.

Like a Drunk Man. Thomas J McClain, of Atlanta played with the liquor serpent till he lost the sense given him for purposes of usefulness, went home Wednesday evening, and after terrifying his wife with his reckless handling of his pistol, sent a ball crashing through the brain of his 5-year-old son, whom he had cursed for saying, in his childish way, "Papa being drunk again."

He left, but came back sober, and gave himself up, stating that he did not do it on purpose, but that it was accidental. But men will still risk themselves drunk!

An Aged Citizen Dead. John C Watt, one of the oldest citizens of Cabarrus county, for many years a resident of No. 6 township, died Friday night at the ripe old age of 84 years. He was a native of Scotland and settled near Gold Hill directly after the war had ended. He leaves a wife and two sons.

The remains of the deceased were interred at Mount Olive Lutheran church Sunday morning at 10 o'clock.

From the Record, we learn that Maude Atkinson is now connected with Paige's Players, and will appear with them in Greensboro. She is truly a star among players, and Greensboro will have a treat in her part of the play at least.

GEN. LEE'S REPORT.

Spanish Cruelty Killed Ruiz—Craved Others are Responsible.

The report of General Lee is in and it implicates Spain more than we were prepared even to think.

He makes the following deductions: First, that Dr. Ruiz was arrested under a false charge.

Second, that he was placed under an improper jurisdiction and held before the proper tribunal considering his case, thereby giving him no opportunity to prove his innocence.

Third, that he was kept incarcerated in a solitary cell 315 hours in violation of his treaty rights, which limit such confinement to seventy-two hours.

Fourth, that he died from congestion of the brain produced by a blow on the top of the head.

Fifth, that there are two theories. One that in a State of mental excitement he ran across the cell as described by one of the jailors and butted his head on the door in a frantic effort to get out. Another that he was struck on the head with one of the clubs carried by the jailors who had probably ordered him to leave his cell for relief and for his children, and on his not doing so struck him with more force than he intended, or it is possible the blow was delivered to make him confess or give evidence against others.

The General says that after being thrust into that cell of stone wall and floor with only a little barred window over the door and no other ventilation, "no one but the jailors guard knew anything to testify and that their testimony is to be taken with much allowance.

He also says that the Spanish doctors say of the autopsy that the wound on the head was about 2-5 of an inch long and was only an abrasion and Dr. D M Burgess, United States sanitary inspector, says it was about 1 1/2 inches long and 1/4 an inch deep.

The General fully believes, from testimony, that Ruiz was innocent, was a harmless citizen of the United States residing in Cuba, practicing dentistry and taking no part in political affairs.

Mrs. Ruiz is now in the United States and her husband is dead, there is no need of haste and President McKinley will consider the matter deliberately and will determine later on a course of action.

At Morehead City. The meeting of the doctors and editors at Morehead City this week was a great mixture of pills and quills, and there can be no doubt that much good was done in the way of outlining the progressive processes towards physical and mental developments.

The State Press Association was royally entertained at the Atlantic Hotel, the famous seaside health resort, by Dr. Blackhall, its hospitable proprietor. Besides the routine business of the association, pleasures too numerous to mention were indulged in and there was a general commingling of people from all parts of the State, who were delighted with the seaside and its invigorating breezes, to say nothing of the splendid fare at the Atlantic hotel.

The association was in session two days, Wednesday and Thursday. The annual election of officers took place Thursday, as follows: President, J B Whitaker, of the Winston Sentinel; Vice-Presidents, J L Britt, of the Oxford Ledger, and W A Curtis, of the Franklin Press; Secretary and Treasurer, J B Snerrill, of the Concord Times; Historian, R A Deal, of the Wilkesboro Chronicle; Ora or, W C Dowd, of the Charlotte News; Post, Josephus Daniels, of the Raleigh News and Observer; Executive Committee, H A London, J W Bailey and Thad R Manning.

Wednesday night the Mayor of Morehead City gave the association a moonlight ride upon the ocean. Thursday afternoon the Mayor of Beaufort treated the association to a boat ride and clam roast. There were many other courtesies shown the association, which made the visit one of great pleasure and one which is appreciated and will long be remembered.

Too much can not be said in praise of the excellent service of the Southern railway in the way of comfortable transportation, and also the Atlantic and North Carolina railroad.

Farmer Westbrook, of Wayne county, sold \$33,000 worth of strawberries from ninety-three acres. This industry netted him \$15,000.

The C. C. C.

Thursday night a number of young gentlemen of the city assembled at the Phifer dance hall for the purpose of organizing a German club, which, after preliminary discussion, adopted the name of "Concord Cotillion Club." Richmond Montgomery was elected president; Earle Brown, vice president; Q E Smith, secretary and treasurer; board of directors, S J Lowe, John F York, Luther Brown, Gowan Dusenbury and G W Ould.

The Club has secured the Phifer hall for their dances, which will occur semi-monthly.

The club will give an occasional entertainment and will in this way utilize the stage.

The club organized with 28 members at nominal fees.

Air Ship Exploded.

Prof. A W Barnhardt made an ascension in his air ship at the Nashville Exposition, Wednesday, the 9th. When about half a mile high the gas pressure was too great and the ship burst wide open. Fortunately it formed a parachute which let the Professor down alive and unhurt, but somewhat shaken up.

Mr. P. M. Brown Married.

We see from the Salisbury papers that our old personal friend, Mr. P M Brown, of Rowan county, was married Thursday evening, the 10th, in Salisbury to Miss Callie Shelton, of that city.

The uniting couple have our very best wishes for much marital bliss.

Complimentary to Their Cousin.

The Misses Stricker entertained quite a number of invited friends at a sociable Thursday night, in honor of their cousin, Miss Nettie Stricker, of Chester, S. C., who is spending some time in the city. Games of innocent amusement and some very excellent music were had. The evening was one of great pleasure to the young folks.

Will Probably Locate Here.

Mr. Jones, of New Jersey, has been in our city for a few days investigating matters in regard to erecting a large lumber and furniture factory. Mr. Jones, it seems, is an experienced man, and has been in the business for quite a number of years.

He used to conduct this same business in Georgia, but is waiting to build in North Carolina. We are glad to learn that he was favorably impressed with our town, and that he thinks it very probable that he will be with us later. Success to him.

The Day After Commencement.

The band had ceased to play, the oratory had died in the distance, the sun had risen from behind the eastern hills and was sending his bright rays, tumbling, falling, leaping, laughing across the plains and over the hills, tipping the lilies of the valley with tips of silver, playing with the waters of the pearly brooklet, and illuminating the far off hillside with strips of gold.

There was hustling and bustling in the little village. No sound was audible save the rumbling of the vehicles and the tramp of the populace. It seemed as if the destiny of some great nation was hanging on the words and actions of the hour.

The entire village appeared to be wrapped in a mantle of solemnity even the cotton mill whistle had not its familiar merry sound, trade was dull, but to the inevitable. A few hastily uttered words, a few low whispers, a few well wishes, a few sad tears, a last handshake, a farewell look and the party was off to the railway station. Not a smile to be seen nor a laugh to be heard that day; for it was the day after commencement at Mt. Pleasant.

A B

WARNING. We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J H Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Biliousness, Constipation, Headache, Dyspepsia, and all disorders arising from a Disordered Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z wrapper, and by our name is the only medicine called Simmons Liver Regulator. J. H. ZEILIN & CO.

Take Simmons Liver Regulator.

JURORS DRAWN.

For the July Term of Superior Court to be held July 26th, Justice Green Presiding.

FIRST WEEK.—Jas. L. Watson, F O Fulham, Henry Little, colored; Julian A Tayer, John A Sims, J O Howie, D V Litaker, D M Barnette, Joo. L Faggart, B F Alred, R F Coble, J I Honeycutt, J T Hartman, W A Bost, W C Parnell, D M Reading, Jas L Brown, Geo O Harlocker, A M Allman, Chas. R Cline, J W Fisher, Sr., A H White, Geo. W M senheimer, Silas White, colored; Alfred Klutz, J R Wood, J O H Burkhead, R M Patterson, J L Hudson, David Cook, D V Linker, P R Motley, Joo. W Morrison, Thomas D Dolin, D H Corzine, W H Barnhardt.

SECOND WEEK.—P A Barnhardt, W S Peck, Joo F Weddington, W B Zimmerman, D H Ridenhour, P O Barnhardt, Harry P Deaton, Joo. L E Edleman, J C Kizer, Rev. T W Smith, Isaac Freez, Joo. M Smith, Caleb J Goodman, D M Walker, Dr. S A Grier, L O Barnhardt, Jas. D Baugh, J M Sifford.

A Baby in the Pen.

A negro woman, who is serving a lengthy sentence in the penitentiary, gave birth to a child Friday night last. The child is a very bright mulatto, though its mother is indigo black.

The woman has been stationed at the Halifax farm during the past year and about one month ago she was brought to the central prison, west of the city, from Halifax farm; paternity of the child is an unknown question. The birth of the infant will probably result in an investigation.

This is not the first child born to a convict. Some eight years ago when a child was born inside the prison the question arose as to whether or not it was the property of the state. The infant was brought up in the penitentiary and when four years of age was released to friends of the mother.—Raleigh Press Visitor.

'Seceders' to be Seized.

Mrs. T J Austin, wife of the Populist 'quire, went to Columbia, S. C., Thursday, on the picnic. She rode in the rear coach, which was reserved especially for Rock Hill people. On the return trip when the train reached Rock Hill some mischievous boys hollered out "Charlotte" and Mrs. Austin hustled out.

As soon as she was on the ground she realized her mistake, but the train had begun to move and she was afraid to attempt to board it. She spent the night at the hotel, and came home yesterday morning. "Squire Austin then ended yesterday to bring suit against the 'Seceders' for damages."—Charlotte Observer.

The Secret of a Speedy Cure in sickness lies in selecting the proper remedy and this is difficult to do unless one is sure what the ailment is. But one thing is sure, had the liver been actively at work, sickness could not have come. It is then always safe to take Simmons Liver Regulator which keeps the liver well regulated and all poison from the system.

That League Sociable.

The Luther League of St. James' church met on the parsonage lawn at 8 o'clock Friday night, when the president of the League, Mr. Joo. M Cook, in a short but most happy address of welcome invited all to participate in the pleasures of the evening. He announced a program of exercises which consisted of piano solos and duets, vocal solos and recitations. The committee then took charge and arranged the assembly in groups around tables in restaurant style and served each to a bountiful feast of ice cream and cake.

The remainder of the evening was spent in free, jovial converses till the approach of 11 o'clock indicated time for adjournment.

Pastor Miller expressed his pleasure at the joys manifested by all and at the success of the event when all bid adieu and departed with pleasant memories of the Luther League lawn party.

Mr. Fisher and Family Departed.

Rev. Prof. and Mrs. C L T Fisher and children were in the city Friday night, and took their permanent departure from Cabarrus and our people, R. V. Fisher going to Charlotte, where he will be engaged in working for Elizabeth College from now on.

Mrs. Fisher and two children have gone to Gettysburg, Pa., where they will remain until in September when they will return to Charlotte.

It is regretted that Cabarrus has lost this excellent family, and the best wishes of our people go with them.

While at the Narrows, in Montgomery county, Thursday, Richmond Reed killed a rattlesnake that bore nine rattles and a button.

ROYAL BAKING POWDER Absolutely Pure. Celebrated for its great leavening strength and healthfulness. Assures the food against stum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., New York.

SCHEDULE SOUTHERN RAILWAY. IN EFFECT JAN. 18, 1897. This condensed schedule is published as information, and is subject to change without notice to the public.

TRAINS LEAVE CONCORD, N. C.

9:27 P. M.—No. 35, daily for Atlanta and Charlotte Air Line division, and all points South and Southwest. Carries through Pullman drawing room and sleepers between New York, Washington, Baltimore, Birmingham, Galveston, Savannah and Jacksonville. Also Pullman sleeper Charlotte to Augusta.

8:48 A. M.—No. 37, daily, Washington and Southwestern vestibuled limited for Atlanta, Birmingham, Memphis, Montgomery, Mobile and New Orleans, and all points South and Southwest. Through Pullman sleeper New York to New Orleans and New York to Memphis. Dining car, vestibuled coach, between Washington and Atlanta. Pullman tourist car for San Francisco, Sundays.

9:02 P. M.—No. 9, daily, from Richmond, Washington, Goldsboro, Norfolk, Selma, Raleigh, Greensboro, Knoxville and Asheville to Charlotte, N. C.

10:30 A. M.—No. 11, daily, for Atlanta and all points South, South train, Richmond to Atlanta; Pullman sleeping car, Richmond to Greensboro.

10:07 A. M.—No. 36, daily, for Washington, Richmond, Raleigh and all points North. Carries Pullman drawing-room buffet sleeper, Galveston to New York; Jacksonville to New York; Birmingham to New York. Pullman tourist cars from San Francisco Thursdays.

9:32 P. M.—No. 38, daily, Washington and Southwestern vestibuled limited, for Washington and all points North. Through Pullman car Memphis to New York; New Orleans to New York; Tampa to New York. Also carries vestibuled coach and living car.

7:22 P. M.—No. 12, daily, for Richmond, Asheville, Chattanooga, Raleigh, Goldsboro and all points North. Carries Pullman sleeping car from Greensboro to Richmond. Connects at Greensboro with train carrying Pullman car for Raleigh.

6:17 A. M.—No. 10, daily, for Richmond; connects at Greensboro for Raleigh and Norfolk; at Danville for Washington and points North; at Salisbury for Asheville, Knoxville and points West.

All freight trains carry passenger cars. Traffic Mgr. Geo. F. Pass, Agt., W. H. BUREY, Gen'l. Supt., D. O. Gen'l Superintendent, Washington, D. C. S. H. HARDWICK, Ass't Gen'l. P. Agt., Atlanta, Ga. H. TAYLOR, Ass't Gen'l. P. Agt., Louisville
