

WINE OF CARDUI
THE NEW WAY.
WOMEN used to think "female diseases" would only be treated after "doctors' examinations" by physicians. Dreads of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure...

PRACTICALLY UNCHANGED.
THE SENATE HANGS.
Unanimous Consent to Limit Discussion Asked for By Davis and Teller and Declined By Daniels-Vice-President Robert Forgets Himself and Addresses the Galleries-Gen. Lee Talks Freely-Thinks Spanish Subjugation of Insurgents Impossible.
The country now stands on feverish suspense at the delay of the United States Senate. This seems a necessary evil that must be born with as it can't be helped. Senator Davis wanted unanimous consent to close debate at 5 o'clock Thursday. To this Senator Daniels objected. One objection breaks the unanimity and defeats such effort in the Senate. Mr. Teller wanted to limit speeches to fifteen minutes. To this Senator Daniels also objected and of course it fell to the ground. Spirited and pathetic speeches were made for prompt action. Also learned and sage counsels were offered, all of which it would seem should move all auditors if they did not conflict. A novel sensation was produced when an effort was made to continue the session till a conclusion should be reached. The galleries applauded noisily when Vice-President Hobart addressed the galleries, ordering the applause to cease. Senator Gray shouted, "The chair himself is out of order. He has no right to directly address the people of the galleries." "Such a thing has never been before in the Senate," declared Senator Bate, of Tennessee. Others joined in humiliating the chair or the blunder. The Senate adjourned at 6.15. Some twenty Senators desire to make speeches and if they are all heard there is no telling when action will be reached. When a vote is reached for the resolution it may cause much delay before getting a joint resolution by both houses. The singular phase of the situation is that those most spirited in their sentiment in favor of prompt and vigorous action, involving measures more rigid and explicit than the president are the ones now causing the delay of action. They seem to prefer no action to such as does not come up to their ideas while many are willing to have less than a completeness of their ideas to stop human suffering on the island. Dispatches show no signs of weakening on the part of Spain. Indeed it is now said that the queen Regent would abdicate the throne if the Spanish ministry were to weaken. Gen. Lee speaks freely to the Senate Committee, replicating Gen. Weyer in the blowing up of the Maine but exonerating Gen. Blanco. He does not think there is the slightest possibility of Spain's conquering the insurgents. He says, though, that he does not think the insurgents have anything more than the skeleton form of a government—a moving capital, but that the Spanish soldiers have not been paid for nine months and the officers for four months. He thinks provisions scarce in Havana and that the city would surrender quickly. He does not believe that the Spanish provided \$600,000 for the reconcentration.—Daily of 16.

A Powder Explosion.
The 4-year-old son of Mr. J. M. Allman, of the Cabarrus Mills met with somewhat of a painful accident Thursday morning, while experimenting with a bottle of powder that he had found on the bureau in his house. The bottle was about half full of powder, and the boy got a coal of fire and thought that he would drop it in the bottle and see the effect. Of course, as soon as he did this, the bottle burst, burning his right hand very badly, besides singeing the hair on his head pretty badly and burning his eyebrows and eyelashes off. No one was at home at the time. The boy is badly, though not dangerously burned, and this experiment will prove a dear one to him. Has Typhoid Fever.
Sheriff Buchanan received a message by telephone from Dr. Barnhardt this (Friday) morning that his little son, Mack, who is visiting at the home of his grandmother in Mt. Pleasant, has taken typhoid fever.

The 20th is Coming.
The Observer's premium contest for the best poem for the unveiling is closed. The heavy foundation stones are being laid and the monument is rearing. It will be a hot time in the old town on the 20th.

Excites the Community Somewhat on Wednesday Evening in the Community of Bradford's Mill-Shot at Several Persons and Made His Escape. Somewhat of an excitement prevailed on Wednesday down about Bradford's Mill by a negro breaking into the dwelling of Mr. Tom Biggers and flourishing a pistol at large. The first thing was the breaking in the house of Mr. Tom Biggers by knocking the door open with an axe. He stole some pies and custards and then went to Mr. Race Johnson's and sat down somewhere near the house and went to eating. When Mr. Johnson neared him the negro pulled out a pistol and fired once on Mr. Johnson. The negro was then followed, and Mr. Will Bradford succeeded in getting close to him and made the negro throw up his hands. The negro obeyed orders at the point of Mr. Bradford's pistol but in one of his hands that was thrown up he held his pistol. The negro kept going backward, and after Mr. Bradford realized that he would better stop the negro, he called on him to stop backing, which the thief refused to do. Then Mr. Bradford pulled down on him with his pistol, but unfortunately it would not go off. Then the trouble commenced sure enough. The negro got behind a tree and commenced to fire on Mr. Bradford while Mr. Bradford was standing there snapping at the negro. The negro was either a bad marksman or was not shooting to kill, as he did not hit Mr. Bradford either time. The negro next took to his heels and was pursued by quite a number of people of the community there about. While making his escape the thief again shot at a negro boy whom he happened to pass, of course scaring the boy terribly. He was chased into a large strip of woods in the neighborhood of Mr. Henderson Litaker and was seen no more. Where he was last seen three empty 38 calibre pistol cartridges were found that had just been emptied from a pistol. Jailer Hill and Deputy Prophet were sent for but too late to offer any assistance as he was already lost when they arrived. Nothing more has been seen or heard from him. The negro is of medium size and had a small grip which he carried with a strap thrown over his shoulder. He is a tolerably young negro, and our officers here think that he was seen on the streets Wednesday.

Several other specimens of petrification are on exhibit, such as woods and even a piece of Bologna sausage that has petrified. Some rare specimens of minerals are to be seen.

The Flying Squadron at Sea.
The report in Washington Wednesday that the Flying Squadron had put to sea hastily kindled a flame of excitement when it was under sealed order and that possibly it meant an attack on Havana at once. We got the news, but did not place it on bulletin board believing that a later message would make it appear in better light. It was as stated by us—went to sea for naval drill. However, you may read as much between the lines as you please.

Love Is Freaky-Gives Him Heart Failure.
Forest Hill Correspondent.
Mr. Sidney Hathcock, of Forest Hill, we learn, following the bent of maturing gallantry, got him a "best girl" after the fashion of the times. His young affections poured forth in gushing effusions on the object of his love, who did not say him nay, and he thought he was prepared to go the way of all the living, even to the Hymeneal altar. The day was set for Wednesday the 13th. Ah, that fatal "13"! He suffered an attack of heart failure Monday night, for which he could find no relief save in innocuous desuetude. And now he is not at Forest Hill. Rev. Joseph Dunn and W. E. Whitlock have the contract to paint all the tenant houses of the Odell Manufacturing Company, in what is known as New Town.

Dr. Holland Accepts.
He Will Become Pastor of St. Mark's Lutheran Church—Will Be Associated With Elizabeth College.
St. Mark's Lutheran church received a communication yesterday from Rev. Robert C. Holland, D. D., Charleston, S. C., to the effect that he accepts the call (the second one) extended him to become pastor of St. Mark's church, and that he will enter upon the active duties as pastor the first Sunday in June. Dr. Holland will also be connected with the faculty of Elizabeth College, occupying the chair of Christian evidences and chaplain. This is considered a great victory for St. Mark's and for Elizabeth College, as well as Charlotte, for the reason that Dr. Holland is perhaps the most popular minister in the Southern Lutheran Church. He is a distinguished scholar and a polished gentleman. He has been connected with educational institutions a great part of his active life, and will be a drawing card for Elizabeth College, on account of his extended acquaintance and popular influence in Virginia, South Carolina and Georgia. Dr. Holland is a Virginian by birth. He is a brother of the late Dr. George Holland, the former president of Newberry College, South Carolina, and is at present president of the United Synod of the South, and also president of the board of directors of the Southern Theological Seminary. His cultivated wife will be a valuable acquisition to Charlotte society. The plans for the new Lutheran parsonage are about finished. The work will soon begin. Dr. and Mrs. Holland will board, possibly at Central Hotel, until the parsonage is completed.—Charlotte Observer.

The Petrified Woman.
The writer has been in the Lilaer building and spent some time studying the petrified woman, which is, as her many testimonials from some of the leading physicians in our own State testify, a wonderful specimen of petrification. The exhibit is under the management of Mrs. Taylor, together with her sons and daughter, who are always ready to answer any questions you ask about the body. This body, they inform us, was found in Fresno county, California, by a government prospector, and her wrist was the first thing seen. It was found in the month of June, 1891. The weight of the body now is 320 pounds, height 5 feet and 3 inches. It is thought by scientists that during life the person weighed about 125 or 130 pounds. Several other specimens of petrification are on exhibit, such as woods and even a piece of Bologna sausage that has petrified. Some rare specimens of minerals are to be seen.

Stockholders Meeting.
Held in Concord Wednesday for Organization—Officers Elected.
The stockholders for the new cotton mill to be erected at Norwood met in the private office of Mr. D. B. Coltrane on Wednesday. Officers were at once elected which resulted as follows: President, D. B. Coltrane; Secretary and Treasurer, Dr. J. A. Tyson. The capital stock of the company is \$50,000 with the privilege of increasing it to \$200,000. As was stated before, several prominent men of Monroe were here on that day having private talks with the different stockholders trying to get them to build their mill at Monroe instead of at Norwood, but the matter was not considered in the meeting at all. Committees on Building and Equipments were appointed. Unlike quite a number of mill companies, no great expense is put on this company for a suitable site, as they have some of the most valuable property in the town, and for the entire tract of land, which consists of one hundred acres, they only paid one thousand dollars, and their building will be near a splendid water supply. A Compliment to Them.
Major Keesler has received a letter from Col. J. F. Armfield complimenting the prompt action of the members in making out a new enlistment. The papers were here only a little over a day before they were returned duly signed.

From Hill Grove.
Miss Lona Faimor, of Charlotte, is visiting Miss Genevieve Cox, also Mr. Ed. Eary is spending an Easter recess with his friend, Mr. J. P. Cox, both from St. Mary's College. The baseball interests pring up here with the flowers and the grass of the season. We have not begun to fortify against Cuba yet.

Where he was last seen three empty 38 calibre pistol cartridges were found that had just been emptied from a pistol. Jailer Hill and Deputy Prophet were sent for but too late to offer any assistance as he was already lost when they arrived. Nothing more has been seen or heard from him. The negro is of medium size and had a small grip which he carried with a strap thrown over his shoulder. He is a tolerably young negro, and our officers here think that he was seen on the streets Wednesday.

Excites the Community Somewhat on Wednesday Evening in the Community of Bradford's Mill-Shot at Several Persons and Made His Escape. Somewhat of an excitement prevailed on Wednesday down about Bradford's Mill by a negro breaking into the dwelling of Mr. Tom Biggers and flourishing a pistol at large. The first thing was the breaking in the house of Mr. Tom Biggers by knocking the door open with an axe. He stole some pies and custards and then went to Mr. Race Johnson's and sat down somewhere near the house and went to eating. When Mr. Johnson neared him the negro pulled out a pistol and fired once on Mr. Johnson. The negro was then followed, and Mr. Will Bradford succeeded in getting close to him and made the negro throw up his hands. The negro obeyed orders at the point of Mr. Bradford's pistol but in one of his hands that was thrown up he held his pistol. The negro kept going backward, and after Mr. Bradford realized that he would better stop the negro, he called on him to stop backing, which the thief refused to do. Then Mr. Bradford pulled down on him with his pistol, but unfortunately it would not go off. Then the trouble commenced sure enough. The negro got behind a tree and commenced to fire on Mr. Bradford while Mr. Bradford was standing there snapping at the negro. The negro was either a bad marksman or was not shooting to kill, as he did not hit Mr. Bradford either time. The negro next took to his heels and was pursued by quite a number of people of the community there about. While making his escape the thief again shot at a negro boy whom he happened to pass, of course scaring the boy terribly. He was chased into a large strip of woods in the neighborhood of Mr. Henderson Litaker and was seen no more. Where he was last seen three empty 38 calibre pistol cartridges were found that had just been emptied from a pistol. Jailer Hill and Deputy Prophet were sent for but too late to offer any assistance as he was already lost when they arrived. Nothing more has been seen or heard from him.
