

VOL X NO 339.

CONCORD, N. C., THURSDAY, JULY 28 1898.

WHOLE NO 489

WINE OF CARDUI. M. ELREE'S Wine of Cardui. It has demonstrated ten thousand times that it is almost infallible. FOR WOMAN'S PECULIAR WEAKNESSES.

A Wonderful Record. The Atlanta Constitution says: Major Lemuel Fontaine is at the reunion at Atlanta. There are more wonderful things told of this man than the credulity of most people will accept.

5000 For the Benefit Sale. New York, July 20.—The first bale of new cotton was sold in front of the exchange building at auction at noon. The first bid was \$200, while the buyer, President William V. King, of the cotton exchange, paid \$500 for the cotton.

Well Pleased at Tybee Island. From a letter to his mother, we learn that Mr. Tom Johnson, who is now with the Fayetteville company at Tybee Island, Georgia, is still more pleased with soldier life.

Know Last Week. Very few people in Cleveland county are aware of the fact that snow fell in the county last week, but such is the case.

The Venustus. Only a little cotton, Only a little cough, Only a town in atoms. Three or four miles off. -Chicago News.

The Killing Justifiable. The Charlotte News says that in the case of James Corey for killing R Wink Taylor, manager of the Oaks Hotel in Asheville, Carey has been released from custody.

The Verdict of the coroner's jury in the case of James Corey, who shot and killed R Wink Taylor at the Oaks Hotel, was that the deceased came to his death from bullet wounds by a revolver in the hands of James Corey, the prisoner; and furthermore, that the said James Corey acted in self-defense and that the shooting was justifiable.

THE FINEST GAME.

Cheraw and Concord Played a Most Excellent Game of Ball—The Game Was Without Errors On the Part of Concord.

Not a better game has been played by our boys this season than was played at Cheraw, S. C., on Wednesday, July 20th. In fact, too, a closer game has not been played by our boys.

A telegram was received by the DAILY STANDARD about 7.30 that evening from Captain Oldham. It must have been a very exciting game up until the seventh inning, as their score was even until that time.

But what makes us still more proud of our boys is the fact that not a single error is charged against our boys. This is "playing ball," when a team plays a game of nine innings and does not have an error charged against them. This means that no player made a fault.

At 12 o'clock noon today (Thursday) THE STANDARD received the following special telegram from Captain Oldham:

The game Wednesday was by far the most interesting played by the Concord aggregation. The first inning gave Concord one run and Malloy made two runs for Cheraw. Evans struck out one of our men also.

A two base hit was made by Benson, the catcher for the now defunct Southern League, and a single by Saunders. It was here that the routers changed Concord's name to "conquered."

In the third inning Rogers crossed the plate, tying the score, where it remained until the "fire works" opened in the seventh inning, when five hits netted 8 as many runs.

Ten men went to the bat in one inning, after which Saunders retired in favor of Evans, who will twirl today (Thursday). Cheraw scored two more runs in the eighth inning. Cheraw was very lucky in knowing how to manage the 4 by 8 grounds.

Three lucky two-baggers fell over the right field fence much to the chagrin of our right field, who could easily have jumped the fence and caught the ball, but of course didn't think they would let it count.

Concord was unlucky in the unintentional double plays with the bases full. Altogether the boys "played ball," making 9 runs, 16 hits and no errors, while Cheraw made 4 runs, 8 hits and 4 errors.

Concord should be especially proud of her team's work since not a man had slept more than two hours the night before on account of heat, mosquitoes and an early train.

Fishes started in to pitch, but it was thought that speed would be more effective, and Billy's desire was satisfied. The result is gratifying. Mangum will officiate at his own funeral this afternoon. J M OLDHAM.

Mr. Wm. DeJournet Hurt. From a correspondent to the Salisbury Sun from Sumner Siding we see the following:

"Sunday while three gentlemen from Concord were returning home and when near this place one of the gentlemen letting his wheel get the advantage of him was thrown headlong down an embankment and his collar bone broken. The gentleman stopped at the home of Mr. John Misenheimer, where Dr. McKenzie was called in and the wound dressed. He said his name was DeJournet and he lived near Concord and had taken a spin to Salisbury and was returning home when the accident happened. The wounded man was carried to China Grove by Mr. Misenheimer, where he took the train for his home."

[Mr. DeJournet is a carpenter here and lives a mile or two beyond the depot, and is known by quite a number of our people]. -Daily of 21st.

A BAD MOB.

Too Much Technicality for Public Patience—Extreme Begs Extreme.

St. Louis, July 20.—A special to the Republican from Natchez, Miss., says: A telegram received here today, announced that a mob had stormed the Simpson county jail, at Westville, killing W T Patterson, who was confined there on the charge of murdering Lawrence Brinson. The building and the body of the prisoner were burned.

The body of the unfortunate man was literally riddled with bullets. Patterson killed Brinson in April, 1897, as the result of a quarrel. He had had four trials, but always escaped sentence on a technicality, and the mob intervened, wearing by the law's delay.

A FARMING TEST.

A Concord Farmer Keeps An Accurate Account of His Farm and Shows His Profit at the End of the Year.

Mr. Charlie Dry, of this place, who for the last year has been tending the old Fair Grounds in wheat, has kept a strict account of all his expenses in tending the crop and has taken an inventory of all of his resources.

The land consisted of 14 acres and following is his expenses itemized as regards the different kinds of work: Plowing and harrowing 15 days at \$1 per day \$15.00

Guano 16 00 Seventeen and a half bushels of wheat at \$1.10 19 25 Drilling 7 00 Harvesting 10 00

Hauling, including wheat to mill 7 00 Expense of threshing, including feed and boards 10 00 Nine bushels toll at 75 cents per bushel 6 75

Total 91 00 His inventory resulted as follows: 161 bu. at 75 cents per bu. \$120 75 Value of straw 15 00

Less all expenses 160 75 Am't made on investment 59 75 The above investment averaged then a profit of about \$4.25 per acre, which is a good profit, besides the fact must be taken into consideration that hands here in Concord cost him a great deal more per day than he could get an equally as good a hand in the country.

A splendid hand can be obtained in the country at a good many places for the small sum of \$7.00 per month and board. His hauling was also hired, and of course cost considerable, but after all of these expenses, which were necessarily high, still he netted a gain of \$4.25 per acre. Another fact is also to be considered and that is that four acres of this tract were very poor, having yielded scarcely anything.

Mr. Dry is very well pleased with his experimental farming and will very probably use the past score as a pointer to something larger.

THE MAIL LIST.

The Lexington Dispatch says: In throwing the mail for Lexington from the fast train from the north Wednesday night, the sack fell under the car wheels and was ground to shreds.

Company Reunion.

The Charlotte News says that Maj J G Harris has effected arrangements for a reunion of Co. H, 7th N. C. Regiment of Volunteers, to be held at Rocky River church on Wednesday, August 10th. Capt J M Alexander, Lieut. J L Stelford and Mr J Eam Caldwell are the committee of arrangements, and M H H Caldwell is one of the speakers for the occasion.

The Stockholders Meet.

Meers, J W Cannon, Joe Cannon, L D Duval, K J Davis, and Dr. R S Young left this (Thursday) morning for Albemarle to attend a meeting of the Wicaccasset Manufacturing Company.

Counting and Getting.

All of the property—guns, blankets, haversacks, overcoats, etc., which belonged to the original Cabarrus Light Infantry, have been shipped back to the quartermaster at Raleigh.

We Will Give the Results.

On Thursday night, as no telegram was received, the report was started that THE STANDARD had the result of the game and would not give it to the public. The report was false and started from most unreliable sources. As soon as we received the result of the game, if it is at any time yet that night, we will give it to the people. We will give the score, which is enough to please the public, but as to the particulars of the game, there is some we wish to withhold until our issue.

A BASE BALL ROW.

The Game Called Off On Account of the Empire—The Game in Our Favor When Stopped—Strictly Speaking Cheraw Has the Game.

Our people were held in suspense until this (Friday) morning in regard to the game played Thursday evening at Cheraw. THE STANDARD was expecting a special telegram but failed to get it, owing to the fact that our boys had to go over to Wadesboro yet that night.

Early this (Friday) morning the following telegram came to THE STANDARD from Captain Oldham: "We jumped the game at the end of the third inning on account of rotten umpiring. Most after roset on both balls and bases proved too much. The umpire called two balks when the man was caught each time playing off of the first base. One of our players was put out of the game for protesting against the decisions of the umpire. The score stood 10 to 4 in our favor when the game was jumped. We knocked five two-baggers in the first inning."

"The following is the score: Cheraw, 4 runs, 5 hits and 4 errors, Concord, 10 runs, 13 hits and 2 errors."

The above telegram was sent from Wadesboro, showing that the boys went over that night. In this game, it is very plain that Cheraw has nothing to be proud of, though technically speaking they have the game. Captain Oldham, as he says, found that so many unjust decisions on the part of the umpire was too much for them, and that it would be better to stop than tolerate such, even though Cheraw can claim that the game is hers, hence did not let his men go out in the diamond when the umpire told them to "play ball."

GEN. GORDON RE-ELECTED.

Great Enthusiasm and Loyalty at the Reunion. Gen. Gordon has again been chosen as commander-in-chief of the United Confederate Veterans' Association in its present reunion.

The grand old man denies that he merits such confidence and esteem from the Veterans, but his denials are drowned by outbursts of enthusiasm for him, and he consents gracefully.

At the organization nearly all the officers were re-elected. Gen. Stephen D Lee, the second in command, offered the following resolutions, which were most heartily adopted and which Gen. Gordon himself only regretted that he had not formulated himself.

"Whereas, The United States of America are at present engaged in a war with Spain in the interest of human liberty, and

"Whereas, Our comrades and our sons are members of that glorious army and navy, the achievements of which are now exciting the wonders of mankind, therefore, be it

"Resolved, That we, the survivors of the United Confederate Veterans, pledge our loyalty and the hearty co-operation of the organization in this crisis of affairs, to stand ready at all times with men and money, irrespective of political affiliations, to support the President of the United States as commander-in-chief of our army and navy, until an honorable peace has been conquered from the enemy."

The report of the Battle Abbey committee, recommending Richmond as the site of the proposed Battle Abbey precipitated some discussion on account of the interest which various localities throughout this section have taken in the matter, but the excitement ended in the adoption of the committee's report.

The entertainment Thursday night in honor of the maids of honor for the different States and camps was the most brilliant affair. It is estimated that 12,000 people were present.

The reunions will probably be held in October hereafter as the July heat is too oppressive. Mrs. Jackson and Miss Winnie Davis are at the reunion, but Mrs. Davis could not attend.

Nominations Without Opposition.

Hon. W W Kitchen was re-nominated by the Democratic convention in the 5th district on Thursday at Greensboro, Mr. Kitchen's nomination was the only one made and the vote was taken by rising.

THE MANZANILLO BOMBARDMENT.

Seven American Vessels Burn Three Spanish Transports and Destroy Three Gun-Boats, in Addition to Blowing Up the Harbor Gunned Ship.

Plays del Este, Cuba, July 21.—The following is the official account of the latest naval victory, that at Manzanillo, modestly told by Commander Todd, of the United States gun-boat, Wilmington, in his report to Admiral Sampson: "At 7 o'clock on the morning of July 18th, the vessels on blockade duty in this vicinity, the Wilmington, Helena, Scorpion, Hist, Hornet, Wampacket and Ocoela, approached the harbor of Manzanillo, from the westward. At half past 7, the Wilmington and Helena entered the northern channel toward the city, the Scorpion and Ocoela the mid-channel and the Hist, Hornet and Wampacket the south channel, the movement of the vessels being so timed as to bring them within effective range of the shipping at about the same moment.

At 7.50 fire was opened on the shipping and after a deliberate fire lasting about two and a half hours, three Spanish transports, El Gloria, Jose Garcia and La Parima Concepcion, were burned and destroyed.

The pontoon, which was the harbor guard and store ship probably for ammunition, was burned and blown up. Three gun-boats were destroyed. One other was driven ashore and sunk and a third was driven ashore and is believed to have been disabled.

"The firing was maintained at a range which is believed to be beyond the range of the shore artillery. It was continued until, after a general closing in, the shore batteries opened fire at a comparatively short range, when the ships were recalled, the object of the expedition having been accomplished, and the ideas of the commander-in-chief being carried out, as I understood them, to destroy the enemy's shipping, but not to engage the field batteries or forts.

"No casualties occurred on board any of our vessels. Great care was taken in directing the fire that as little damage as possible should be done to the city itself, and so far as could be observed, little, if any, was done."

BEATS HIS WIFE.

Then Gets His Pistol and Leaves at a Rapid Rate—Pursued by Some, But He Ran Too Fast. Thursday evening about 6.30 o'clock there was some little excitement on West Corbin street. Adam Shinn, a large black negro about 30 years of age, beat his wife considerably at their home on Fenix avenue.

After he had beaten her and it seems had threatened to kill her, he then went in his room and got his pistol. He came down the avenue with his pistol in his hand and then turned the corner for the depot.

After running to the house and getting his pistol, Mr. Pink Misenheimer jumped on his wheel and chased the negro, but the negro never let anyone catch up with him.

The negro ran up through the ravine leading towards Sunderland Hall and has not been seen since. Officers went in pursuit of him later, but had to return without him.

The woman seems to be bruised somewhat, but the skin is not broken on her. She did not desire to talk that evening to anyone.

STANLY NEWS.

Clipped From Editor Chas. Craven's Paper. Mr. T Marshall Crowell has purchased the stock of groceries of Mr. Carpenter and will conduct the business there in the future.

The Morrow Bros. and Heath Co. will erect another brick building 40 by 60, beside the one of the same size already begun. The ground was broken Friday for the new building, and the work will be finished and the house ready to be occupied by early fall. There will be two floors and a cellar.

The Lutheran congregation here have a new pastor, Rev. P L Miller, of Benton, O. Mr. Miller arrived here Friday last; his family who are visiting at Woodstock, Va., will join him next week. They will occupy the very pretty new parsonage that has just been completed, opposite the Hotel Haars.

Joe Wheeler, he Shinned up a tree, The Santigons for to see; He got the sight, Came down to fight, And did them Spaniards up just right. -Ex.

Everybody needs Dr. Miles' Pain Pills. Every woman needs Dr. Miles' Pain Pills.

ALONG THE FRONT.

Gen. Miles Off to Porto Rico—35,000 Troops to Be in the Expedition—Another Prize—More Reinforcements Arrive at Manila—Garca's Back Up.

Gen. Miles sailed Thursday afternoon with 3,000 troops for Porto Rico, where he will be joined by the Charleston forces and later by troops from Chicomanga. His force will be quickly raised to 35,000, it is said.

The President has chafed so little under the delay of Gen. Miles to get started. The latter has intimated fault to Admiral Sampson, who throws it back on Gen. Miles.

Admiral Sampson expects the Spanish ship Maria Teresa to be aloft by Sunday.

The Cuban Gen. Garcia, has his back up at Gen. Shafter and has snaked away. The government may be driven to withholding supplies from the Cubans if the strained relations become much more serious.

The British steamer, Newfoundland, loaded with supplies, was captured by the Mayflower on Tuesday near Cienfuegos and was brought into Charleston.

The reinforcing expedition has arrived at Manila. The insurgents there too are inclined to give trouble. The German trouble seems to have blown over again. Gen. Merritt is expected to arrive in about ten days. It is not certain, however, that Dewey will wait till he comes to take the city. The Spaniards have now lost all hope of reinforcements since the destruction of Cervera's fleet and are disposed to surrender, but Spaniards are hardly allowed to surrender. -Daily of 22.

More Revenue Devises.

Under decision of commissioner of Internal Revenue a tax of 10c. is required on the certificate of the officer taking acknowledgment or proof for all instruments for registration.

Thus a deed or mortgage is stamped according to law, but to have it recorded requires an order by the clerk of the court. This certificate must have a ten cent stamp upon it and therefore costs just ten cents more than formerly. It is the same with all instruments requiring official acknowledgment or proof.

A Rare and Interesting Case.

An interesting relic of the famous Presidential campaign in which log cabins, coon skins and hard cider figured conspicuously, is owned by Mr. W L Morris and is shown to us a few days ago. It is a copper coin resembling a penny. It has the bust of Gen. Harrison, and encircling the bust is "Maj. Gen. W H Harrison," and beneath is "1841." On the other side is the eagle. In the bill of the eagle is a scroll inscribed "Go it Tip," and on the scroll held in the talons is "Come it Tyler."

We have no idea of its market value, but Mr. Morris may well prize it as he does.

Gen. in the Chain Gang.

Sheriff Smith, of Mecklenburg, brought a negro named Andy Wallace here Thursday evening. He was confined to jail for a misdemeanor. He has since been tried before Esquire Pitts and sent to the chain gang for the costs, which will keep him on the chain gang for three or four months. It is probable that some of his friends will pay him out. This is the negro who helped to put in the new telephone system here several months ago and was called "Casey."

A North Carolinian Honored.

Washington, D. C., July 21.—(Special.)—Mr. Robert H. Cowan, of North Carolina, long connected with the State press and formerly a popular official of the House of Representatives in this city, has been appointed Assistant Paymaster in the Navy with the relative rank of ensign, at a salary of \$1,800. Mr. Cowan has passed an approved examination, had practically the endorsement of the whole North Carolina delegation, and strong outside influence. His friends here and in North Carolina will congratulate him upon his good fortune.

Another Crime Record.

Friday evening Mr. Frank Vandenberg, who lives near the depot, killed another one of those long, lean, lank blue cranes, which measured 5 feet and 4 inches high when stretched out, and 6 feet and 2 inches across its wings. This is somewhat of a crane to be killed inside of our corporate limits.

THE RESIGNATION.

Dr. J. J. Paysour as Member of Concord Graded School Board.

"It being apparent to me that I can no longer serve the public or my constituents in Ward 1 as a member of the School Board, I have decided to resign.

The Board as elected was purely representative, but as it is now constituted it only records the wishes of two of its members without regard for the public or the will of the people. The action of the present board in the election of a Superintendent for next year shows their complete inconsistency and their weak remembrance or their own former actions and words last year when Prof. Curtee was proposed for Superintendent. The two members of the board who now control its actions gave as their only reason for not voting for him that he was a northern man and therefore would not suit us. Also that the salary would have to be raised one hundred dollars above the usual limit. In the recent election of Prof. Coler, the inconsistency, to put it mildly, is plainly shown.

Prof. Curtee has been teaching in the South with fine success for eight or ten years. Prof. Coler comes direct from Ohio with no evidence that he ever saw anything of the South. The salary was at the same time raised from \$810 to \$1,000, with the permission, of doubtful legality, to run a High School Department in such a way that he is to have all the proceeds from it. Naturally the Superintendent would give much of his time and attention to this department, and naturally, also the other business of the school, that part instituted and paid for by the public, will suffer. All this, however, when there is already in the town a well conducted, progressive, high school of recognized standing.

The former superintendent, Prof. E B Lewis, deserved and had every reason to expect, a re-election. The Graded School had made great progress. Its work was systematic and harmonious. The work of each teacher and grade for each month is filed in the records. Tabulated statements of attendance, etc., were filed in the records, for the first time in the history of the school. The course of study was widened and systematized.

There was no desire by the public that a change should be made. There was no charge brought against the former superintendent. The school board has endorsed every official action of his. He has carried out every measure proposed by the board, and he was positively assured of his reelection by two of the three members of the board up to the date of the election of his successor.

To have failed to re-elect under the foregoing circumstances was absolutely unjustifiable, but it was outrageous to have done so after keeping him waiting two months under the positive statement that he was to remain, and then fail to re-elect him. His family deserved some consideration. The board had perfect knowledge of all the circumstances two months ago. They knew no more when they finally acted, and they had kept him from securing some other position during the whole period when such places are filled. It has appeared to be a deliberate and systematic effort, not only to keep him out of the place in question but of all other positions as well.

I do not care to bear any responsibility for such actions, in which I neither had nor could have any part, and in which the wishes of half the town are virtually not only ignored but opposed, and that with no excuse given or implied, but that of prejudice.

In my opinion the only hope for the public schools here is to elect men to the board who will consent only to the needs of the children instead of their business relations in order to know what to do.
