**COURT CLOSES.**  
Jury Discharged Friday—Cases Continued Until Next Court—Some Other Cases Disposed Of.  
The jurors for this week's term of court were discharged before noon Friday. Other business was then entered into in the afternoon, no one scarcely being in the court house but the attorneys.  
The case of J. C. Nester vs. Jno. A. Barnhart, which case is the contesting of a will, was continued until the next court. This is the case in which a deposition was taken some months ago.  
The case of E. O. Lipe and others vs. Alice Boat, W. J. Parler and others, contesting will, also continued.  
The case of D. O. Bonds, administrator vs. the Southern Railway Company, in which case Mr. Bonds is suing the company for the killing of Mrs. Bonds at the Cannon Mills, was continued.  
A disposition was made of the case of A. L. Howell, executor, vs. D. W. Boat and wife and others, in which an appeal had been taken from the clerk of the court to sell the lands to pay the debts. A compromise was effected, by which each heir pays the debts pro rata. Mr. D. W. Boat is to hold the land given him in the will, and is also to pay his share. The remainder of the assets after the debts are paid is then to be given over to the other heirs.

**MUST STAMP RE RECEIPTS**  
They Are Subject to a War Tax of 25 Cents.  
Rent receipts are taxed twenty-five cents now. Parties renting out houses should remember this. We clip the following from the New York Herald:  
"Collector Charles H. Treat, of the Second New York Internal Revenue District, has received a ruling from Commissioner Scott affirming his decision that rent receipts must be stamped, as being the only evidence of contract between lessor and lessee. Commissioner Scott rules that the receipts for monthly rent come within the description of a memorandum or contract for the hire, use or rent of any land or portion thereof and to be accordingly subject to the tax of twenty-five cents."  
"The ruling would seem to clear away the doubt which has heretofore existed in the minds of both landlords and tenants."  
**BIDS WANTED.**  
Sealed proposals will be received by the Mayor of the town of Concord, N. C., until 12 o'clock M., August 15th, 1898, for constructing a pipe sewer in accordance with plans and specifications on file in the office of the Clerk of the Board of Commissioners. Extent of proposed work 9,000 lineal feet, sewer from 8 to 15 inches in diameter. The right to reject any and all bids is hereby reserved.  
**Trouble at Fort Mason.**  
The negroes at Fort Mason have had a little trouble. One was in the guard house drunk, and when seeing an officer coming commenced cursing him. The officer, not enjoying the curses of a private, pulled his pistol on the negro and shot him through the breast. The matter will be investigated.

**THAT BALL GAME.**

Played Wednesday Evening, Between the Concord Kids and the Harrisburg Giants—The Laughable Game of the Season—Only Twenty-Six Runs Made By the Two Teams.  
Not since the "Fate" and "Leans" played baseball last year have we had such an amusing game as was had on the diamond Wednesday evening. Only a small crowd, however, witnessed the game.  
The game was played between the Harrisburg Giants and Concord's second nine, called the "Concord Kids." Our boys a few days ago made the arrangements for the game, but got it up more especially for the amusement of the grand stand than for anything else, but the Harrisburg boys didn't come for foolishness—they came to play ball and to wipe the face of the earth up with our boys.  
Richmond Reid was selected as the umpire, while Prof. Lewis, as best he could, kept the runs, but this time he struck a game that he couldn't well score the errors, as there were entirely too many.  
Luke King went in the box for the Kids while Jake Cope went behind the bat. King threw splendid balls, and the boys made some splendid flies off of him, but he also succeeded in making several of the Kids drop their bats and wait until their time came again. But the Kids had the battery of batteries. Robert Keesler did the twirling act for our boys while Billy Caldwell wore the breast-protector and mask. Keesler, like Mains, pitches a splendid ball, and every batter was guaranteed a hit before nearing the home plate. But for fear his right arm might be injured in the game he was taken from the pitcher's box after several innings and put behind the bat. After testing his excellency there, it was unanimous ly decided by both teams that he ought to play first base.  
Some of the players on both sides made nice three-baggers on errors.  
One of the Harrisburg Giants, when nearing the home plate, deemed it advisable to run over Catcher Billy Caldwell, but the runner was simply enveloped in Caldwell's arms. But the Giants made it back on us later on in the game when one of their runners just simply run against George Richmond and knocked him out of the path.  
At the beginning of the fourth inning the Giants had made the popular score of 16 to 1. Noah Correll was next put in the box for the Kids, and for the first time in the game the Giants didn't get to make a run.  
About this time when the Harrisburg boys went to the bat, they found that some small boy had stolen their bats from them. As our team did not believe in "dirty" ball like the stealing of bats, our team found one of our small boys had stolen them and he was made to go and get them at once. Our team is to be congratulated on this act, and the boy who did it should be censured and watched hereafter.  
The costumes of some of the players were amusing, but none looked more handsome than "Shake" Willeford, whose form was admired by all on the grand stand. "Shake" played some good ball too. King struck out four men, but our combine of pitchers didn't succeed in "tanning" a single one of the Giants, so the score book says, "For fear our people do not know who the players were, and in case any team wished to employ them on some diamond, we publish the names of the players and their positions, though some played in all kinds of positions—some standing up and some lying down."  
The following is the line-up of the Harrisburg Giants:  
Jake Cope, c.  
Luke Johnson, 3b.  
Corvus Barbee, rf.  
Seborn Flowe, ss.  
Will Flowe, 2b.  
Victor Cope, lb.  
Arthur Stafford, lf.

**OUR BOYS TO BE OFF.**

The First N. C. Goes to Porto Rico.  
A press dispatch of the 3rd from Washington says Gen. Wade's expedition will be composed in part of the First N. C. Regiment. The following is the list of brigades by regiments:  
First Brigade, First Rhode Island, Fourth Missouri, Twenty-second New York; Second Brigade, First North Carolina, First Alabama, First Arkansas; Third Brigade, First New Hampshire, First Vermont; Fourth Brigade, First Virginia, Third Virginia; Fifth Brigade, Second Texas, First Connecticut, First Delaware; Sixth Brigade, First Maine, Third Tennessee, First Maryland.  
Their departure is not yet fixed, but will probably be very soon.  
The first detachment of Gen. Grant's brigade were to sail Wednesday morning.  
**Mouse Dies With Rabbits.**  
A horse that belonged to Mr. C. A. Black of Charlotte, died on Mr. Eggert's place near Sandifer a day or two ago. The animal two or three days before its death gave unmistakable signs of hydrophobia. It would chase any one that would come inside the lot, and would foam at the mouth just as a dog with rabies.  
The animal died in great agony. Most of the neighbors think that it was a genuine case of hydrophobia.—Charlotte News.  
**Captain Lewis Has Resigned.**  
Prof. E. B. Lewis, of our city, who was a month or two ago elected captain of the military company recently organized here, has sent in his resignation to the Adjutant General and has received a reply accepting the same. Until an election is entered into now, Mr. W. S. Bingham, who was first lieutenant, will be the captain of the company.  
**Late to Rest.**  
The three-year-old child of Mr. Chas. A. Barnhart, of Mt. Pleasant, died Wednesday night and was buried at St. Johns this (Thursday) evening. This little child has been sick for two years, suffering with sorfolia of the bowels.  
**Fighting Bob a Christian Too.**  
It goes the rounds that Capt. Bob Evans is one of the fighters that spurns courage with a little profanity ever and anon. An article in the New York Dispatch was shown him in which Capt. Phillip's call to prayer was contrasted with his characteristic term of what the Oregon was giving the Colon.  
The Capt says a majority of the seamen never considered it necessary to publicly declare that they believed in Almighty God. That goes without saying, but that just as he was about to call the men together at the request of the chaplain to engage in devotion his attention was called to a supposed new enemy which proved to be an Austrian ship which for the time interfered with the Chaplain's exercise. He next found the time taken up with the Viscaya's crew of 250 giving him the chance to clothe the naked, feed the hungry and succor the sick. He does not think a black mark was put upon him for that. In conclusion he says: "I do not know whether I shall stand with Captain Phillip among the first chosen in the hereafter, but I have this to say in conclusion—that every drop of blood in my body on the afternoon of the 3d of July was singing thanks and praise to Almighty God for the victory we had won."  
**Death at the Cabarrus Mills.**  
The eight-year-old daughter of Mr. Geo. Graham, who lives at the Cabarrus Mills, died Wednesday night. She has been very low for some time with typhoid fever. Her remains will be taken to Mt. Mitchell in No. 5 township, where they will be interred.  
**Married in the Court House.**  
Today (Thursday) was wedding day at the court house. Equire C. A. Pitts was the one selected to tie the knot. The parties taking part were Mr. Thomas Winecoff and Miss Lilly Gardner. Both of the parties are from No. 3 township.  
**A Busy Time For Them Now.**  
Register Weddington and children, Miss Hattie, Mrs. E. Kester and Billy Weddington, are now busy as can be for a while, this being the time for the computing of the taxes, which will keep them steadily at work at least until the first of September. The State Board of Equalization made no change this year in the State tax.  
We pass our sympathy to Concord and Charlotte. They didn't get to see Hobson.  
(But we did Brother Landmark.)

**TO RETURN HOME.**

Gen. Shafter's Army to Return to Long Island—Malaria Fever Prevailing, But Yellow Fever Not Epidemic—Sagasta is Taking His Time Before Accepting Our Proposition—Albion Probably the Place of the Next Encounter.  
After earnestly petitioning the War Department, on account of so much sickness among the soldiers, Gen. Shafter, together with his officers, has been ordered to return home. So many of the soldiers are suffering with malaria fever, though yellow fever seems not to be feared by the officers and men, only a few having had it, and then it seems to be of a mild nature.  
Col. Roosevelt, of the Rough Riders, in asking the Secretary of War to send his men to Porto Rico, made a comparison, of which did not seem to please Secretary Alger. In speaking of his regulars and the Rough Riders, he said that they were worth three times as much as the same number of State troops. Secretary Alger censured him for the remark and informed him that the Rough Riders are no better than any of the other volunteers, but that they had the advantage in their arms.  
Senor Sagasta says he does not want to be hurried in the acceptance of our terms of peace, and looks at the matter from every standpoint. His home politics are being looked into very deeply.  
For some reason to be known later by a court martial, several of the highest officers of the Sixth Massachusetts Regiment have resigned. A rigid examination by a court martial has been ordered.  
From Ponce, on the Island of Porto Rico, so far as is known, no further forward movement will be made by our troops until the arrival of more transports, which are expected hourly. The Americans are thought to be preparing to make Albion their first place of attack. Two or three thousand regulars are believed to be entrenched there.

**Another Electric Headlight.**  
The electric headlight which was formerly on Engine No. 324, but which got knocked to pieces in a wreck here one Sunday evening last week or two ago, has been replaced. It made its first trip down on No. 35 Wednesday night and returned on No. 36 Thursday morning.  
**Mr. W. H. Doby Dead.**  
Mr. W. H. Doby, who lived at the Buffalo Mills, died Thursday night of typhoid fever. His remains were interred in the cemetery this (Friday) evening. Mr. Doby leaves a wife and one child to mourn the loss. Quite a number of our people, no doubt, remember seeing Mr. Doby. He was crippled and was a painter.  
**REVIVAL MEETING**  
At Faith Church—A Good Meeting—Witnesses Numerous There.  
The big revival meeting here has closed. Five people were baptized Monday. Rev. J. N. Sallings, of Salisbury, erected the large tent here in Wyatt's Grove. Rev. A. D. Hunter came up from Carey, N. C., and preached to a great many people. His sermons will long be remembered, and we hope a great deal of good has been done.  
There are three families here who want a girl to live with them as one in the family. This is a good place for some poor orphan girl to get a good home.  
**Young Coo Caught Stealing.**  
Bob Pearson, a 13-year-old negro boy who had been delivering goods for Mr. H. W. Fucker at Cannonville, was arrested Thursday evening for stealing \$2 from the cash drawer in Mr. Charlie Robbins' store. The boy was tried before E. J. Pitts. On trial he confessed that he swiped the money from the drawer, but said he didn't steal it. It was a very plain case against the young boy. He was put on a \$50 bond for his appearance at the next term of court.

**HOUSE BURNED.**

THOUGHT TO HAVE CAUGHT FROM THE FLUE.  
Scarcely Anything From In the House Was Saved—Three Other Dwellings Barely Saved—Insurance on the House—Almost a Total Loss to Mr. Sadbury Who Lived in the House.  
About 1 o'clock today word was received from the bleachers that there was a fire near that place. The people of Cannonville were notified of it by the blowing of the whistle at the mills.  
The fire was found to be under the roof of a dwelling on the other side of the pond at the Cannon Mills, No. 86, and was occupied by Mr. Geo. Sadbury and family. The people tried to save it with buckets of water but could not control it. The house, which is accessible for such purposes only, was quickly connected from the pump at the mill, but unfortunately the pump was run entirely too fast, bursting the hose at two or three different places. The stream, while it did come, was large and did a great deal of good but the fire was at its worst when the water came.  
It is thought that the fire was caused by a defective flue. Some of the family were ironing and had a fire in the stove. When the fire was first seen it was between the roof and the ceiling. The people at once commenced taking things out of the house, but didn't succeed in getting out scarcely anything valuable. A few things from down stairs were thrown out, but were badly broken. Everything upstairs was burned.  
The dwelling was a tolerably large one, containing two stories, also a kitchen and dining room. The house, which belongs to the Cannon Manufacturing Company, is valued at \$500. There is insurance on the building for about \$300. As for Mr. Sadbury's loss, it amounts to almost all of his household and kitchen furniture. Fortunately he had his purse in his pocket, and none of his money was left in the house.  
Three adjoining houses came very near burning. One was on fire, but was saved by the people with water buckets. The furniture of these houses was badly broken up by being taken out.  
—Daily of 5 h.  
**At the Chain Gang.**  
Superintendent Patterson has a new guard now. It is Mr. Frank Carroll, of the western part of our county. Mr. Carroll and Mr. Lloyd Stowe are now the night and day guards—one guarding from midnight until noon and the other guarding the remainder of the time.  
Tom Moore, the negro cook, having gotten hurt, Mr. Adam Wilson, of No. 5 township, is master of their kitchen.  
Nineteen men are wearing stripes now since court gave them some reinforcement.  
Andy Wallace, a negro who was put on the gang a week or two ago, has been released, someone having paid his fine and costs.  
**The Concord High School.**  
The prospect of the Concord high school for 1898-9 is before us. This excellent school will be conducted again by the same instructors as last year, Messrs. Thompson and Lentz. The objects and aims are the same as before—a first-class high school. This school has been making a good showing, has proven worthy of its splendid patronage. This will make the fourth year of the Concord high school, under Mr. Thompson's management.  
The next session will open on Monday, September 5th. Copies of prospectus may be had at the St. Cloud hotel.

**The Parks Case Finished.**  
The case of Mr. Baxter Parks vs. the Southern Railway Company, which has been before the court ever since Tuesday morning was finished this (Friday) morning. After the speeches of Attorney W. G. Means and Judge Montgomery Thursday evening Judge Allen made his charge to the jury, giving the jury the case about 6.30 that evening.  
But the jury could not decide the question. Deputy Will Popat guarded them in the court house all night, and the next morning they were still undecided as to their verdict. Some of the jury did not sleep any that night, while some slept a good bit of the time. They went to breakfast and then came back to the court house. In a while then they came to their decision. During the night there were three against nine.  
When court opened their verdict was given, which was in Mr. Parks' favor. It will be remembered that Mr. Parks had sued for \$2,000 having gotten hurt at a crossing of the railroad. A notice of appeal was given by the Southern, and each party has been given thirty days to make up their case preparatory to a decision of the Supreme Court.  
**A State Becomes Frightened.**  
This (Friday) morning as Mr. Luther Stegall and his sister, Miss Ashby Stegall, were coming along on South Main street just in front of the residence of Mr. H. E. Ridenour, a bicyclist passed the buggy. The mule to their buggy became frightened and gave a quick turn, throwing the buggy upside down. Both of the occupants were thrown out. Miss Stegall was thrown quickly to the ground, striking on her shoulder. Fortunately no bones were broken, though her shoulder is bruised. Mr. Stegall was unhurt. The animal succeeded in getting himself loose from the buggy but was caught by some one. Miss Stegall, when picked up and carried into the residence of Mr. M. L. Brown, was thought to be very badly hurt. Mr. and Miss Stegall had come from their home near Marshville, Union county, and came to visit at the home of relatives at Forest Hill. Mr. Stegall left his mule down on South Main street as he will not venture to bring him through the streets.  
**Waterworks at Davidson College.**  
The executive committee of Davidson College has ordered the establishment of a complete system of water-works for the college, large enough to furnish an abundant supply of pure water for drinking and sanitary purposes, and for equipping the institution with modern bath room conveniences. The water will also be furnished to all the college boarding houses, and the town is taking steps to co-operate with the college and extend the system throughout the corporation for the use of all the citizens.  
As it will require eight or ten weeks to bore the necessary artesian wells, and put the plant in successful operation, a number of small wells, reaching from 100 to 150 feet in depth, will be driven immediately, so as to furnish water of tested purity for the opening of the term in September.

Executive Committee of State Fair Issues Regulations.  
At a recent meeting of the executive committee of the North Carolina Agricultural Society, says the Morning Post, the following resolutions were adopted and the secretary was directed to have the same published for 1898, and to give them special prominence:  
1. The executive committee has authorized the letting of only such privileges as are required to satisfy the necessary wants of the people, or that may add to their comfort, convenience and pleasure, but under no circumstances will privileges of a questionable nature or of a demoralizing tendency be sold, or in any manner tolerated on the grounds or in the buildings, nor will any privileges be sold or permitted, where the business is conducted in any way other than a legitimate, decent manner.  
2. All dining halls, lunch booths and refreshment pavilions and other stands, must be kept neat and tidy in appearance, and supplied with wholesome food and pure goods, for sale to the people at reasonable prices. The executive committee will carefully guard against extortion in any form being practiced on the patrons of the fair, any such attempts will forfeit privilege holders all rights on the grounds.  
3. The executive committee will not sell or grant to any person or persons the privilege of selling, dealing, or bartering in spirituous, vinous, or malt liquors on the fair grounds or in any of the buildings or booths during the holding of the annual fair.  
4. No privilege shall be sold, granted, or in any manner tolerated for the operation or exhibition on the grounds or in any of the halls, buildings or booths, of any gambling device, lottery or games of chance of any character whatever. Renters will note that any business, trade or occupation that is in violation of the above will be rigidly excluded, and violation after admission will be punished by forfeiture of privilege and ejection from grounds.  
[This seems most decidedly a move in the right direction. Let our State Fair have a pure moral atmosphere, or have no fair at all.]  
**on to Wilmington.**  
A large crowd left this (Friday) morning on the excursion to Wilmington, which is being run by the Ladies' Aid Society of Forest Hill. Owing to the steep grade to Forest Hill, the crowd got on at the depot instead of at Forest Hill, as they did last year. The train was due to leave at 5.30 and by that time had pulled out, which is something unusual for an excursion train.  
The train also made a stop at the Buffalo Mills and took on a good crowd. A crowd also got on at Glass, China Grove and Salisbury. Signor Ritz attended to the refreshment car for the crowd, his car being next to the engine. The train contained five passenger coaches. Each coach was full almost, though not crowded.  
**Notes.**  
I hereby forbid anyone to rent any of my land in No. 4 township except from me alone.  
A27 Mrs. M. J. Blackwelder.

**From Extreme Nervousness.**  
THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctly different preparations, each for its own purpose. Mr. E. C. Brantley, of Henry, Ky., is suffering from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation, and a constant feeling of weakness and exhaustion. I began using Dr. Miles' Nervous, Heart Cure and Nerve and Liver Pills, and the Anti-Pain Pills to relieve unusual pain of toxic and headache. I now feel much improved and the pain and other ailments have been cured. I think these Dr. Miles' Restorative Remedies are sold by all druggists under a positive guarantee, that bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.
