

TWO DEATHS

In Forest City, Arkansas, of Former Native of Cabarrus County—Both Have Relatives Living Here Now.

From some one of their relatives we learn of the deaths of two former inhabitants of Cabarrus county, who for years have been in Arkansas, and both of whom have relatives yet living in this county.

Mrs. Henry W. Fisher died at Forest City on the 26th of August. Mrs. Fisher was a daughter of Mr. Paul Litzaker, who died many years ago. Mr. Nelson Litzaker, of our county, is a sister of Mrs. Fisher. Mrs. Fisher died of consumption.

Mr. Aaa Barnhardt, who lived only two miles from Mr. Fisher at Forest City, Ark., also died on the 24th day of August, only two days before the death of Mrs. Fisher. Mr. Barnhardt died of a cancer in his face. Mr. Wm. Barnhardt, of No. 4 township, is a brother of the deceased. Mr. Barnhardt formerly owned the lands near this place now owned by Mr. Jas. Deaton.

THE SECOND TO MUSTER OUT

The Orders Issued Friday For This To Take Place at Raleigh.

A special to the Charlotte Observer from Washington, dated Sept. 2nd, says: Orders were issued today for the mustering out of the Second North Carolina Regiment now at St. Simon's Island, Ga. The papers of the regiment will be examined and the command sent to Raleigh in a few days. On arrival there 30 day furloughs will be issued to the men. All furloughs will be made to expire the same day, and any one failing to report at Raleigh on that day will be considered a deserter. No traveling expenses will be allowed the men who go to their homes, but they will receive commutation on furlough ration at the rate of 25 cents each day. Sufficient details of men will be retained in Raleigh to guard government property and assist in clerical work of winding up the regiment's affairs.

At the muster-out the men will be examined physically in a most thorough manner. They will then receive all the pay and allowances due them.

John A. Ritchie, of Company L, First North Carolina, was today discharged.

His Brother Dead.

Mr. Aaron Yost, of Enochville, received word a few days ago that his brother, John Yost, died on the 21st ult. at Myrtle Springs, Texas. Mr. Yost was about 84 years of age, and is no doubt remembered by some of our people of the county.

Officers for the Coming Year.

At the meeting of the convention of the Woman's Home and Foreign Missionary Society which met in Rowan some days ago, the following officers for the ensuing year were elected: President, Mrs. J. H. O. Fisher; First Vice President, Miss Ella Belle Slatery; Second Vice President, Mrs. J. Q. W. R.; Recording Secretary, Miss Florence Miller; Corresponding Secretary, Mrs. H. N. Miller; Treasurer, Mrs. P. N. Hollis.

Garcia Dismissed.

The Cuban general, Garcia, has been dismissed from the command of his troops by order of Gen. Gomez, acting under orders of the Cuban provisional government, for his ugly letter to Gen. Shafter at Santiago.

WINE OF CARDUI
MONTHLY SUFFERING.
Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.
These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.
McELEE'S Wine of Cardui
make menstruation painless and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?
For advice, in cases requiring special directions, address: McELEE'S Wine of Cardui, The Chattanooga Medicine Co., Chattanooga, Tenn.
Mrs. MOZINA LEWIS.
"I was troubled at monthly intervals with terrible pains in my head and back, and this Wine of Cardui followed by Wine of Cardui."

JOINT CANVAAS

To Be Made at Several Places by Nominees Klutz and Caldwell.

As noted several days ago an arrangement was trying to be made for a joint canvass. By Attorneys Theo. F. Klutz and Morrison Caldwell, the nominees of the Democratic and Populist parties for Congress. Attorney Morrison Caldwell showed a reporter a letter from Mr. Theo. F. Klutz, of Salisbury, saying that he would speak at Lexington on Tuesday, August 6th; Dallas on Sept. 20th; Troy on Oct. 4th; Shelby on Oct. 25th, and at Newton on Nov. 1st. Mr. Klutz informs Mr. Caldwell of these appointments in order that a joint speaking can be had in case Mr. Caldwell accepts.

The Express Company Pays the Tax.

The matter of who shall pay for the express stamp came up before the Railroad Commission Tuesday, and was argued by Mr. F. G. Dubignon, of Atlanta, and Mr. F. H. Busbee, of Raleigh, for the Express Company.

The best possible argument was made, probably, but the Commission voted unanimously that the company which issues the receipt in evidence of contract shall pay for the stamp as in other cases. It also refused to allow an advance of one cent on the charge which would, of course, neutralize the action of the Commission if it had granted it.

Thus this matter is settled, we hope, without much wrangle and the action seems eminently right.

Concord Claims Him.

It is always pleasing to note anything in regard to Concord's people, even if they are in other States. We refer to the fact that Mr. Julian Deaton, a former Concord boy, who has been living in Birmingham, Ala., for many years, has been elected as the delegate from that place to attend the meeting of the International Typographical Union at Syracuse, N. Y., soon. This is quite an honor to Mr. Deaton, and no doubt Mr. Deaton will prove an honor to the Union of that place.

Eq. Joe Long Moves.

As noted in our Mt. Pleasant correspondence, Surveyor Joe. H. Long, who has for years lived on the line of Cabarrus and Union counties, has moved his family to Mt. Pleasant. We learn that Mr. Long himself was not able to go with his family when they moved, having been sick with chills. Mr. Long has moved to Mt. Pleasant in order to educate his children in the two schools, having started five in school at Mt. Pleasant is to be congratulated on securing another such family as this one to the town.

Enough of It.

M. L. Flow, Esq., who has been one of the leading Populists of the county, says that he wants it to be known that he is no longer a Populist and that he is now a Democrat and will vote a straight Democratic ticket in November.—Monroe Journal.

A Man Found Unconscious.

A correspondent from Sumner to the Salisbury Sun has the following: "Sunday, Aug. 28th, about noon a man was found lying by the side of the railroad a short distance south of this place. Nearby lay his wheel, badly demolished. This and the blood upon the ties gave proof that the gentleman had fallen from his wheel."
He was taken up by some passer-by who found a deep gash, measuring the entire length of his face, and a large hole knocked in his head.
The wounded man partly regained consciousness, but could tell nothing of the incident. He was taken to Salisbury. We learn his name was Klutz and that his home was beyond Salisbury. He was riding in the direction of China Grove, and it is thought was in the act of dismounting from his bicycle at a cattle-guard when he fell."

A Change Very Probable.

Miss Agnes Howie, who for ten years has been staying at the home of Mr. N. F. York, left this (Thursday) morning for Taylorsville, where she will spend two weeks. It is not definitely known, but it is very probable that Miss Howie's name will be changed to Mrs. Howie. Her old name has been borne by a young man at Rockwell.

NOTES FROM COUNTY HOME.

Henry Crane Dead—Is Living and Doing Well—They Help to Work and are Happy.

Mr. Barnhardt was in town this (Friday) morning from the county home to procure a coffin for Henry Crane, a negro man well known about town. Henry had been puny for some time and has been in the county home for about three weeks. He died Thursday evening.

Mr. Barnhardt says he has a group of 34 inmates now, all doing well. There is now none under treatment by the doctor. He says he receives very material help from those able to do some work and exercise some care over others.

Many of them read and all seem fairly happy as one large family.

The Death of a Dastard.

One of the most foul crimes ever attempted in Davidson county was enacted near Welcome Saturday night, with almost fatal results.

The little three-year-old daughter of Mr. "Buck" Hinkle was sleeping in a bed just in front of an open window. During the night its parents were awakened by its cries and on investigation found that some fiend had slipped up to the window, reached through and stabbed the little girl in the breast. Mr. and Mrs. Hinkle heard the man run away, but didn't see him, and have no idea as to who committed the foul deed.

The wound inflicted was made by a knife, and while serious is not necessarily fatal. The little girl's mother was in Lexington Wednesday and said she was able to be up, but since being stabbed has been unable to speak a word.—Davidson Dispatch.

For the Shipp Monument.

Meers, H. R. Puryear, W. G. Means and W. R. Odell having been appointed by the Charlotte Observer a committee to solicit subscriptions in Concord for the Shipp monument, we are authorized by them to say that they will appoint, at an early date, a sub committee to canvass the town for subscriptions.

This movement is in every sense commendable and worthy and is but an opportunity for those who have means, not imperatively demanded at other points, to join in the erection, in the mother county and in the Queen City, of a monument to the honor of another hero whose fresh lustre on Carolina's record of bravery.

MORMON ELDERS

Denounce a Man By Their Doctrine and Success In Getting Him Immersed—Eight Inches of Rain in Twelve Hours.

The following letter has been received from a gentleman in the lower part of our county, giving an account of some of the doctrine that the Mormon elders are presenting to some of our people. As for the name, we will withhold it. Following is his letter:

"On Sunday, August 21st, Mr. George Gorman was immersed by a Mormon elder for the remission of his dead wife's sins, who has been dead about twenty-five years. The Mormons told Mr. Gorman that because his wife was a Methodist and was not immersed, she was in hell and if he would be immersed for her that would make the atonement for her and bring her out of hell."

Mr. Gorman, with an eye blinded to the true God, and with all faith in the sheep thief, Joe Smith, the Mormon god, was immersed for her on the Sunday above stated. This is the third immersion and as there was so much water on that occasion and a good deal of sand in it we think this will do for him now.

And as to revelations Mr. Gorman says he has had one. The Lord has told him that he will eventually take this country by storm and as Mr. Gorman is a widower the women especially are getting scared. They say they don't know the extent of his Satanic influence. Mr. Gorman says that when they laid their hands on him for the reception of the Holy Ghost he certainly received it. But we think the brother was mistaken. He has never received anything yet except a bad cold. But as to his atonement we have only this to say. The greatest misfortune that ever came to Dives was that either Abraham or Lazarus was not a Mormon. Had they been they would not only have given him water but would have brought him clear out of hell and hidden him up and immersed in a river of water. And as to his taking this country, we will say Mr. Gorman is an eloquent speaker and much desirment is possible for him to do.

Christian friends and citizens of Cabarrus county and of our beloved and so-called Christian America! What are we to do with these arch fiends of hell? To drive them out seems hard to free Americans, to argue with them is impossible, to retain them is ruinous, yes, damning to less informed of our country. We talk about heathen in China, Japan and elsewhere but we ask if this is not heathenism in America in its darkest hue?

Wanted to End His Life.

Mr. Pleasant contemplated forward with the news of an attempted suicide of a young man near there. It is thought that a disheveled love case was the cause. The young man attempted it with a grape vine, but fortunately the vine was too long when he went to give the drop, his body hitting the ground. When his father ran to him, the boy told him "to go on away, he was dead." So the boy was disappointed in both transactions.

Was Carried by Salsbury.

A soldier from Company I, 6th New York Regiment, was at the depot this (Friday) morning. He had been at home on a furlough and was asleep when the train passed Salisbury, where he was to have changed cars for Huntsville, Ala., where his regiment is stationed.

Smited at His Fall Bonkers.

Among the colored exorcisticians from Raleigh to Norfolk Tuesday was one William Williams, says the Post. The news reached Raleigh that this young man had been drowned. His relatives, with eyes ready to weep and hearts ready to break, attended by pall-bearers, hastened to the baggage car on the return to receive the corpse, when William came smiling out of the first car.

Imagine how many voices you could have heard saying "I don't care you that nigga wasn't dead."

An Attack of Palpitation of the Heart.

Dr. Sum Montgomery returned this (Friday) morning from Virginia Beach. While there Dr. Montgomery was taken with an attack of palpitation of the heart and suffered quite intensely for a day or two. He was very weak when he started home, but is recovering now.

DAMAGE BY THE STORM.

Six Counties in Georgia Under Water—Eight Inches of Rain in Twelve Hours.

Atlanta, Sept. 1.—The storm which has swept over south-east Georgia for the past two days, has put six counties under water and paralyzed railroad and telegraph communication in that part of the State. Armies of railroad men are at work on all lines affected, but are making poor progress as the rain continues. Many trains from Atlanta and the North and West are at the Tenuille, Ga., unable to move. A night train on the Central of Georgia ploughed through the three feet of mud to reach that place last night, and the passengers are here as guests of the city.

Eight inches of rain fell at Tenuille in 12 hours and the wind reached a velocity of 60 miles an hour. Bridges were wrecked and houses and trees blown down, but so far as known no lives were lost. The damage to bridges and roads in Washington county alone is \$15,000.

Atlanta received a touch of the storm today. The wind reached a velocity of 25 miles and the rainfall was very heavy.

A VIOLATION

Of the Revenue Law Charged Against One of Chas. Casper's Merchants—He Gives Bond Until the Next Term of Federal Court.

Thursday evening Deputy Marshal Hampton brought Mr. Harvey Casper, a merchant of China Grove, to this place under arrest, the charge against him being a violation of the revenue law.

Mr. Casper is accused of buying thirteen pounds of tobacco in boxes which are only stamped as ten-pound boxes.

The case was brought to Esq. W. J. Hill, he being a United States Commissioner. No trial was held there being no evidence here. Mr. Casper was compelled to give a \$200 bond for his appearance at the next term of Federal court.

White Folks Will Not Stand These Things.

In his speech at Monroe on Tuesday, Mr. John D. Bellamy, stated in Robeson county, Miss Britt, a white lady teacher, had to walk seven miles to get a negro school committee man to sign her voucher for the money she had earned. This is not all the indignities to which white people are subjected, for Mr. Bellamy added:

"Another white lady in Robeson county had to stand an examination before seven black negroes and not one of them ever offered her a seat. In another township a negro committee man took the chair in a white lady's school and bossed it. We will not stand this, and I warn the negro, for many of them do not want this, I warn him if he continues we will put it down. Russell is vile. He selected, not a quiet and inoffensive negro, to put forward, but a mean one, Jim Young, whom he himself had publicly prosecuted in Wilmington for perjury. This man he put on the board that controls the deaf, dumb and blind institutes, he made him fertilizer inspector, and then, turning down competent white men and two respectable negroes, he made him colonel of a regiment, all because Young has influence with the negroes, and will use it for Russell."

We do not expect these things to excite indignation in the breasts of those white men who are getting big salaries through negro support. They have already sold their birthright for a mess of pottage, and would see every white teacher in the State further humiliated in order to keep their jobs. They are even now running over the State apologizing for such offenses as Mr. Bellamy mentioned and keeping silent upon the greater outrages that have made the white women of the country districts afraid to leave their homes without protection.

Our appeal is to white men with white hearts, who love their race better than they love pie. They compose the rank and file of the white men of all parties. They want decent government. They are tired of the scandals, the elevation of the negro, and the outrages that characterize the present rule. They are laying aside party ties and coming together to restore White Supremacy in their loved State.—Ex

Confesses Forgery and Then Cuts His Throat.

France is again stirred over the Dryfus treason case by the confession of one Col. Henry that he forged the letter that he thought was necessary to convict Dryfus of the charge. After making the confession he cut his throat with a razor. The case may be opened again but the Henry forgery, it seems, was only a part of the evidence and Dryfus, it is claimed, will yet lack complete vindication.

A Correction of the Reunion.

In regard to a write up of the reunion of Company B, of the Eighth North Carolina Regiment, which was furnished THE STANDARD last week, Prof. H. T. J. Ludwig, of Mt. Pleasant, informs us that there was a mistake made in the statement that there were 36 of the company living. It is thought that 69 are living, though they are not quite certain, inasmuch as several of the company are in the Western States. Mr. C. D. Barringer is not a lieutenant, either, as was stated in the article.

NEWS PARAGRAPHS.

Ten cases of yellow fever have been reported in Orwood, Miss.

Four men were instantly killed Friday at Sinesville, Ind., by the premature explosion of dynamite. They were working in a rock quarry.

Dr. Blessing, the medical officer of Nansen's polar expedition, is hopeful that Andree and his group are not lost, but are probably on Franz Josef Land and may yet be found.

The Adams, the American and the United States express companies have consented to pay the stamp tax. It is understood too that the Southern Express Company makes no further fight of it.

Miss Winnie Davis is said to have taken worse and is critically ill again. The government steamer Olive, while taking on coal at Fernandina Wednesday morning, suddenly lurched forward and water running into the port hole sank the ship. The crew and all aboard were saved. The vessel is submerged to the upper deck. It will be raised again.

Town Commissioners Meet.

Our town commissioners met Friday in their hall. Agent Gowan Dusenbury was before the board laying in a complaint in regard to putting in the sewer pipe above the depot. He stated that after consultation with some others, he believed it would be an injury to the health of those living about the depot. After discussing the matter, however, the action of the sewerage committee was endorsed by the board.

A committee, consisting of Messrs. Irvin Woodhouse, W. A. Wilkerson, Chas. Sappenfield, together with Mayor Crowell, were appointed to consider the pavement matter on South Main street.

Alter on Lee.

In speaking of the management of the camps, and their commanders, in reference to the suffering, sickness and death of our soldiers, Secretary Alger pays a great tribute to General Fitzhugh Lee in the following:

"The camp at Jacksonville was in charge of Gen. Fitzhugh Lee, who is a graduate of West Point, and has turned out to be the best corps commander we have. He has kept his command in better shape than any of the others."

"He had the advantage of artesian wells," was suggested.

"He had no advantage at all," retorted the Secretary sharply. "He simply did his duty, and looked after the health of his men as he should. He ordered the adoption of certain simple sanitary regulations, and saw to it that they were obeyed. The result was that he kept his great army corps, stationed as it was where one would naturally expect disease to break out, with only 2 per cent of his men sick, while camps farther North have been overrun with disease."—Times-Visitor.

Gold in His Tobacco.

Sunday as Calvin Kester, 13-year son of Mr. Cornelius Kester, of Fallstown township, was biting off a chew of tobacco his teeth struck something hard. He pulled it out and found it to be a 10 cent piece with a hole in it. When he went to take another try for a chew, his teeth again came in contact with some coin of the realm. When this piece was fished out it proved to be a five dollar gold piece. Mr. T. Ostwalt, of Fallstown township, who informs us of this gold find, did not know the brand of tobacco, and we are therefore unable to name a run upon the factory by mentioning it. Young Mr. Kester has the money to show for itself.—Market.

A Mecklenburg Farmer Ends His Life in His Barn at an Early Hour Friday Morning.

From the Charlotte papers we see that Mr. Jas. McCall, a respected farmer of Mecklenburg county, ended his life Friday morning in his barn, having hanged himself with a plow line. After adjusting the rope around his neck, and ascending a ladder, he jumped off. His neck was not broken, but he was dead from strangulation when his son found him at the barn.

Mr. McCall was a highly respected citizen, but unfortunately his mind had been effected in the past. The deceased has been married twice. He leaves a wife and seven children.

Vance on the Seas.

Zeb Vance in a memorable speech in the United States Senate four years before his death, January 30, 1880, in speaking of the negro as a citizen and officeholder in the South, he said:

"Since their admission to citizenship they have been elected to both branches of Congress and have occupied almost every position under State authority. They have controlled entire States, counties, and municipalities, and in every instance their rule was marked by failure and ruin. It was a war against property, intelligence and respectability. The few years of their misrule in the South will be forever remembered in our history for their corruption, retrogression, and will constitute a damnable blot on those who authorized it, and who looked on with complacency so long as the thieves were Republicans, the victims were Democrats."—Oxford Public Ledger.

A Collision Friday Night.

Friday night Mr. Luther Hartsell, a deaf and dumb young man of Cannonville, was coming up Depot street on his bicycle. When nearly in front of Mr. Charlie Wagoner's he collided with a horse and buggy. The young man got bruised considerably in the face and for a while it was thought that he was very badly hurt. The wheel was broken to pieces. He was able to be out again the next morning.

Building a Marble Yard.

On the property between the York, Wadsworth & Co. warehouse near the burnt stable a building is being built for Messrs. Frazee & Utley, for their marble yard. The building will be a brick structure, measuring 16 by 20 feet. There will also be a front of about the same measurement for the display of their work. The owners of the property, Messrs. Elam King and Martin Bogan and Miss Julia Stewart have given the contract to Mr. R. A. Brown.

The safety of transportation is reduced to a fine point where proper care is taken. The way things are sometimes smashed up on railroads would indicate that a few things are safe in transportation. Much depends, however, on how goods are packed or prepared for shipping. It was a careful crochery dealer who sent from one of the Atlantic States to a missionary at Teheran, Persia, last year 325 dishes with only one dish broken. The goods were seven months in transit and were carried 800 miles by caravan.—Commonwealth.
