NEGRO SHOT.

Three Negroes Fail to Obediently Obey Chief Boger's Command and as a Result One of the Negroes is Shot in the Right Side.

On Wednesday night some little disturbance arose among the negroes near the convict camp a short distance out of town on the Beatty's Ford road. By the order of some of the bosses, the trusty, Jno. Knox, who still wears his stripes and chains, together with Henry Phifer, who is with the chain gang, but who wears no stripes and chains, went to attend to the animals.

Near 10 o'clock that night three negroes were seen to pass the corner. Chief of Police Boger was informed at once of the matter. He started in pursuit of the negroes. When he was nearing them he called for them to halt. This happened when the negroes were about in front of Mr. Gowen Dusenbury's residence. Instead of halting the negroes commenced to run. This course made the matter worse and Chief then had reason to make still more of an effort. After they failed to stop Mr. Boger fired at them, but this did not stop them. Just as they were turning the corner at the Episcopal church he fired at them again.

One of the negroes was captured in front of Mr. Jas. Ervin's residence on Spring street, but the other two made good their escape.

The negro, Prince Loman, who was captured, was found to be shot in the right side but the skin was only grazed slightly and he was not hurt but badly scared. This is a case where an officer, in trying to capture parties who were acting unwisely, hit one of the men. It is strictly against the rules, if they are carried out, for the superintendent of the chain gang to let any trusty be out of the camp at night and this was sufficient reason for Mr. Boger to try to make the arrest, notwithstanding the fact that they fled from his command to halt.

The two negroes who made their escape, Jno. Knox and Henry Phifer, did not return to the chain gang Wednesday night.

A PUBLIC MEETING

Of the Teachers in the Field. The meeting of the teachers in the district of Concord is invited to attend.

The meeting of teachers to be held in Concord has been arranged for Feb. 11th. A most interesting program has been arranged. Subjects that come near to the heart of both teacher and parent will be discussed, among which are: "The Bad Boy," "The Parent and the School," "Love and Money in Relation to Teaching," "Local Tax and Education," "The Scholarship of the Teacher," "What the Examiner Expects of Teachers."

Good music will be furnished. Teachers, parents, friends and enemies of education are alike invited to be present. Programs will be printed in due time.

Married in the City Hall.

Two parties, determined that married life should be theirs and yet that day, were here today (Thursday). The parties were Mr. Martin Canup, of No. 8 township, and Mrs. Sarah Wagoner, of No. 5 township. They at first wanted to be married in one of the stores, but their request was refused. The to-be-bride couple then wended their way to the city hall, followed by scores of attendants, and Esq. Ad. Crowell, a brother of our townsman, Mr. G. T. Crowell, read the ceremony to them. Mr. Canup has a family of eight and his newly wedded wife has three or four children.

Mr. Henry Boat Knocked Down.

Just as day was breaking today (Thursday) Mr. Henry Boat, whose face is familiar to our people, was knocked down by some person. The affair occurred near Corl's stables. Mr. Boat is not hurt and nothing has been done about the matter. Mr. Boat said that one of the horse drivers knocked him down.

Cubs on Wheels Too.

Capt. W. H. Ramsey, who is running "North Carolina on Wheels" is going to add another car, being "Cubs on Wheels." The Captain has made a great success of his enterprise.

Give us one stick, weary and restless. Dr. King's Kidney Pills bring rest.

A SHOOLING AFFAIR.

Livestock Black of Salisbury Shot Three Times Wednesday Night By John Foreman of Salisbury—Foreman Captured by the Officers—Black's Wounds Dressed and He is Sent Home—Three Shots Take Effect in the Body of Black.

Wednesday afternoon Messrs. J. O. Black and John Foreman, both of whom are livestock men in Salisbury, had a difficulty at Brown's stable. In the scuffle Black got the better of Foreman and beat him somewhat. On Wednesday night about 7:30 the cracking of a pistol was heard near the corner at the National bank. A crowd soon gathered around and at the same time Mr. Black ran into Gibson's drug store with wounds from a pistol.

Mr. Black's statement is that he had started to Brown's stable and was fired upon. There is a difference of opinion as to the number of shots fired but upon examination by Dr. R. S. Young, assisted by Drs. Smoot and Burleyson, it was found that Mr. Black was shot three times—once in both his right and left ankle and once in the abdomen on the right side. One ball was taken from his ankle. The other two wounds were only dressed sufficiently to give him no trouble in getting home yet that night on No. 38. One bullet, as previously mentioned, entered on the right side of his abdomen. On the left side quite a dark blue place was found, but there was no opening of the skin that the bullet could have passed out. This bullet was not located while here. This is Mr. Black's greatest danger from the shooting. If the ball did not enter the bowels he is in no danger.

Just after the shooting occurred a man was seen by several parties running down East Depot street. Chief of Police Boger, together with several other officers, pursued the man. When they had gotten down about Mr. Geo. Marr's property on that street they halted a man who was found to be Mr. John Foreman, whom Mr. Black had at first stated had shot him. A .38 calibre American Bulldog pistol was found on Mr. Foreman.

Without a trial, but upon the advice of Judge Shaw, the man was taken into custody and Chief Boger, who made the arrest, turned him over to Sheriff Peck. Mr. Foreman at once employed Judge Montgomery as his counsel. After giving Mr. Foreman his supper at a restaurant he was taken to jail.

The shooting took place nearly at the corner of the National bank between the central telephone office and the corner. An eye witness informs us that Mr. Black was only eight or ten steps from the pistol when it fired first.

Both of the men, Messrs. Foreman and Black, are large men. Both are respectable people and neither one is considered of a low character. Mr. Foreman, at his own expense, had guards about him at his room in the jail Wednesday night and was furnished a nice room in the jail instead of being taken to a cell.

Mr. Foreman is bruised considerably on the face and forehead. From Mr. Whitehead, at Salisbury, we were informed early this (Thursday) morning that the condition of Mr. Black was good. The bullet was taken from his abdomen yet Wednesday night when they had taken him to the hospital. The ball was found in the left side near the bruised place as described above.

A preliminary hearing was given Mr. Foreman this afternoon before Esquire Hill and Pista. The witnesses were sworn and their testimony taken. Mr. Luke Johnson testified that immediately after the shooting some one went running by Brown's stable and called for his horse as he went by.

Mr. Tom Johnson, of Albemarle, testified that he saw the flash of the pistol and heard the bullet whizzing and quickly got out of the way. Chief of Police Boger testified that he succeeded in arresting Mr. Foreman and found in his pocket a .38-calibre pistol. When arrested he asked the Chief what he was being arrested for. He was told that it was for shooting Mr. Black. Mr. Foreman then said: "Yes, I did shoot the d—d rascal. Is he hurt much?"

Deputy Will Johnson testified, corroborating the statements of the others, but in addition stated that some one came down East Depot street with a horse and said it was for Mr. Foreman. The horse was sent back to the stable.

Mr. Foreman made no statement on trial. After the preliminary trial a bond was asked for by Mr. Foreman's counsel. The bond was fixed at \$2,500. Failing to secure the bond he was taken back to jail.

Mr. Foreman made no statement on trial. After the preliminary trial a bond was asked for by Mr. Foreman's counsel. The bond was fixed at \$2,500. Failing to secure the bond he was taken back to jail.

Mr. Foreman made no statement on trial. After the preliminary trial a bond was asked for by Mr. Foreman's counsel. The bond was fixed at \$2,500. Failing to secure the bond he was taken back to jail.

Mr. Foreman made no statement on trial. After the preliminary trial a bond was asked for by Mr. Foreman's counsel. The bond was fixed at \$2,500. Failing to secure the bond he was taken back to jail.

Court Proceedings.

State vs. Shakespeare Gilmer, assault with deadly weapon. Verdict guilty and fined ten dollars and the cost.

State vs. Oscar Loman, in two cases—one for taking Mr. Robt. Wallace's mule out of the stable and riding it, and for perjury. He was found guilty on both charges and sentenced to the penitentiary for ten years.

State vs. Nelson Garland, assault with deadly weapon. Verdict not guilty.

State vs. James Gamba, Will Ludwig, Mose Jameson, Ed Isenhour, Will Cannon, Dave DuBois, Jao. Gilmer, Chas. Moss, Geo. Ross, Steg Gilmer, Dan Cannon. The charge in this case was for a riot. Found guilty and judgment suspended on payment of the costs.

State vs. Wilson Garland, carrying a concealed weapon. Found guilty and fined \$10 and the costs, the pistol to be retained by the court. A credit of five dollars, which was paid at the magistrate's trial, was allowed on the costs.

State vs. Jno. Carr, larceny, not pros entered.

State vs. Frank Reid, carrying a concealed weapon. Found guilty and sentenced to the chain gang for three months.

State vs. David Hannan, assault with deadly weapon. Found guilty and sentenced to the chain gang for four months.

State vs. Wilson Garland, assault with deadly weapon. Not guilty.

State vs. Lem Jenkins, forcible trespass. Guilty, and sentenced to the chain gang for twelve months.

State vs. Bettie Jenkins, trespass. Defendant discharged.

State vs. John Johnson, larceny. Guilty and sentenced to the chain gang for four months.

State vs. Jess Taylor, stealing a gun. Guilty and sentenced to the chain gang for twelve months.

State vs. Al Colbert, carrying a concealed weapon. Found guilty and sentenced to the chain gang for four months.

State vs. Jno. Knox, larceny of a coat. Not guilty.

State vs. Charles Shankle, carrying a concealed weapon. Found guilty and judgment suspended on payment of the costs.

State vs. Will Jefferson, stealing of articles from D. D. Barrier, guilty and sentenced to chain-gang for eight months.

A Splendid School. We are pleased always to hear of prosperous school work in this or any other community and therefore we learn with much pleasure that the school at Patterson's Mill is in prime working order, under the management of Misses Gourley and Cameron.

The attendance is nearly one hundred and the school machinery is working without a break or jar. The patrons do more than merely peek the kids off to school, they manifest an interest. They furnish the warmth that some of us in former days got from the birch-rod by supplying good fuel wood ready cut.

Educational friends, especially from Concord, are invited to visit the school.

A Bone Fractured in His Leg. Between the hours of 7 and 8 o'clock this (Thursday) morning, Mr. Nelson, who has been here several days with a drove of horses, met with an accident up at Forest Hill while he was leaving town. While talking to a man he was kicked by one of the animals. The bone was at first thought to be broken but was found to only be fractured between the knee and ankle. He was attended to by Dr. Caldwell and was sent to Charlotte on the train.

Shooting Near Davidson. A special to the Charlotte Observer from Davidson says Mr. John Holbrook was returning from a party Wednesday night when he was shot in the abdomen by a young man accompanying him. It was a .38 calibre pistol. Dr. Munroe extracted the ball and it is hoped that there will be no fatal results.

Thawing Dynamic Explosives. At the city quarry near Asheville some workmen placed 20 sticks of dynamite by the fire to thaw. It exploded resulting in the death of Bob Hargens and the injury of John Sweeney and Will Caldwell.

AUGUSTUS H. GARLAND DEAD.

Stricken With Apoplexy While Pleading in Supreme Court.

Augustus H. Garland, President Cleveland's Attorney General during his first term, died suddenly of apoplexy at 12:25 o'clock Thursday in Washington. He was addressing the Supreme Court in logical but unimpassioned tones and apparently without exertions. He placed his hand to his head, tottered and fell heavily to the floor. He was removed and cared for, but died within ten minutes.

Gen. Garland had made a reputation as a most able member of the bar, and had declined a place on the Supreme Court bench.

He was serving his second term in Congress from Arkansas when President Cleveland called him to his cabinet. Since the expiration of his term he has resided in Washington.

The Supreme Court adjourned in honor of the distinguished jurist and statesman.

ANOTHER MILL

To Be Built by the Odell Manufacturing Company—A Weaving Mill. Forest Hill Correspondence.

Superintendent R. F. Coble, of the Odell Mills, put a force of hands to work Thursday clearing away and digging the foundation for his new weave shed, which will be located on the north side of the present mills and about one hundred feet distant. The building will be 211 feet long by 125 feet wide and will contain 500 looms. At present the steam plant will be sufficient to drive 1,000 looms. Mr. Coble has four sample looms ordered, which will arrive in a few days. These looms will be put on trial at once and a selection for the new mill will likely follow.

Another Excitement Thursday Afternoon. Some little excitement reigned here Thursday afternoon when a report was started that some persons had, in a suspicious way, obtained some money, \$350, from our townsman, Mr. J. A. Dayvault.

A warrant was taken out for the persons by Mr. Dayvault and officers sent in pursuit of the men. They were captured at Glass and brought here Thursday night. The case was tried before Judge Pitts, Attorney Means defending the horse-traders, Messrs. Jones and Osborn, and Judge Montgomery appearing for Mr. J. A. Dayvault. It was a queer case. While the men showed no arms and claim that everything passed off quietly and peaceably between them, yet their actions seemed suspicious to Mr. Dayvault and he shunned them as quickly as possible. The case was such that each of the two accused persons were bound on a \$25 bond for their appearance at court. They had the money themselves and put it up.

Married on Thursday Afternoon. Mr. Chas. D. Cobb and wife passed through Concord Thursday night on their way to his home at McLeansville, near Greensboro.

At 4 o'clock that afternoon Mr. Cobb was married to Miss Lelia Cook, daughter of Capt. Jonas Cook. It was a quiet home affair, no one scarcely being present except the family.

Mr. Cobb is conducting a school at his home at McLeansville. He is an esteemed man and has a number of friends in our county having graduated at the college at Mt. Pleasant. A lady with a more lovable disposition, possessed of more friends, cannot be found at Mt. Pleasant than Miss Lelia Cook. The bride is a sister of Mr. Jno. Cook, clerk of the court here.

The Sides Family Ousted. A body of White Caps raided a bawdy house kept by George Sides (white) on the outskirts of town Monday night, giving the inmates just forty-eight hours to leave the house when the raid commenced, and they fled like wild cats when the first shot was fired. These Regulars did not leave Sides very much in the way of house furnishings, but they have relieved the town of a great nuisance.

[This same family once lived in Concord and bore the worst kind of name while here. Not a more low-down, disgraceful and vile family ever lived here, and Albemarle can well be proud that they have lost this family.]

Cotton Advances. Cotton has advanced in New York as much as \$1.00 per bale in two days and \$2.50 in Liverpool within a week or so.

A Room Along the Yachin.

Mr. Palmer, of Stanly county, who about a year ago conveyed Cabarrus county in the interest of the Farmers Mutual Fire Insurance, arrived here Thursday afternoon. He informs us that the land along at Palmersville, is being bought at a high price by the northern capitalists who intend to construct a large electrical plant. He says that the company is paying cash for their land, too, and are paying good prices. Some land that could, until recently, have been bought for two dollars per acre has been sold for twenty dollars per acre.

In the New Depot

For the first time the passengers took their places in the new passenger depot Thursday night to await the trains. The omnibuses have selected their stands, as has the express and baggage wagons. The station is nicely lighted up both on the outside and inside. The white people occupy the north end of the building while the colored people have charge of the south end. The arrangement for Ticket Agent Bingham is much nicer now, as ticket seekers from each room are just in front of him—an improvement on the old depot where one window was always to his back.

Jno. Murph's Sentence Changed.

Judge Shaw had sentenced Jno. Murph, the young white boy who was found guilty of retailing whiskey, and which case was noted some weeks ago, the boy having had in his pockets several empty whiskey flasks, to the chain gang for three months, but about 3 o'clock today (Friday) another judgment was given. The judgment is that he pays the costs and that he be bound on a \$100 bond for his conduct during the coming year, to be present at the January term of court in 1900, when it will then be ascertained whether he has conducted himself well during the year.

Some little excitement reigned here Thursday afternoon when a report was started that some persons had, in a suspicious way, obtained some money, \$350, from our townsman, Mr. J. A. Dayvault.

A warrant was taken out for the persons by Mr. Dayvault and officers sent in pursuit of the men. They were captured at Glass and brought here Thursday night. The case was tried before Judge Pitts, Attorney Means defending the horse-traders, Messrs. Jones and Osborn, and Judge Montgomery appearing for Mr. J. A. Dayvault. It was a queer case. While the men showed no arms and claim that everything passed off quietly and peaceably between them, yet their actions seemed suspicious to Mr. Dayvault and he shunned them as quickly as possible. The case was such that each of the two accused persons were bound on a \$25 bond for their appearance at court. They had the money themselves and put it up.

ROYAL BAKING POWDER
ABSOLUTELY PURE
Makes the food more delicious and wholesome

A PLEASANT TRIP.

Given the soldiers of the First Battalion—Our Boys in It—A Newspaper Correspondent Accompanies Them—A Fire at Marinano. Camp Columbia, near Havana, Jan. 22, 1899.

FOR THE STANDARD:—Garrison duty in Cuba is not so humble a task as was supposed by the boys before leaving the States, and since the active service has begun, the operations give the soldiers ample opportunities for a considerable amount of knowledge concerning the resources of the famous island. The first and famous battalion of the First North Carolina regiment, companies L, of Concord, H, of Waynesville, K, of Raleigh, and E, of Statesville, left this (Sunday) morning for an extensive march over a portion of the province of Havana, and will encamp on the south side of the island on the Carrabean sea coast for six days, and then return. Major Smith, of the first battalion, is in command. The boys were in a state of high glee when leaving camp this morning, each man carrying his blanket-roll—one-half shelter or "dog" tent, one blanket, one poncho, one change of underclothes, a gun and twenty-five rounds of cartridges, together with the haversacks, canteen and mess outfit. The band accompanied the boys as far as Monte del Jesus, a small park place near Havana at the intersection of the main thoroughfare or pike which leads toward the mountains. Kodaks, writing materials and provisions were taken in great quantities and the trip will be quite a pleasant one to those who were fortunate enough to have been called out. About sixty-five of the members of each company were taken, leaving a detail in each street. Lieut. J. F. Goodman, Corporal Williams, Marshal Mabrey and H. P. Deaton were left in charge of quarters, to look after those left behind. Capt. Hill lead the line of march. One week is supposed to cover the time they will be absent. The weather is quite favorable, it being cool and pleasant. One battalion of the Sixth Missouri regiment has gone on a similar trip in a different direction for the same length of time.

The North Carolina regiment was yesterday honored by a visit from Mr. W. E. Christian, the famous story writer and newspaper correspondent. His mission here is in the interest of the Washington Post, Raleigh News and Observer and some New York periodical. He was the guest of Major George E. Butler last night and this morning he donned a uniform and accompanied the first battalion on its march.

North Carolinians may expect some excellent stories about the famous First from the versatile pen of this prominent writer. A very disastrous fire occurred at Marinano on Friday night the market place having burned down. It is said that the soldiers who are there doing provost have enough cigars and tobacco to last them many months. There are others less fortunate, however.

At this particular season the entire island where cultivation is not in process is covered with the most beautiful and fragrant of flowers. The predominant flower is a degenerated species of chrysanthemum bearing a yellow cast, and from every hillside one can see upon one acre covered with this beautiful bloom and with a favorable breeze the air is edored with their delicate perfume. In speaking of flowers recalls the fact that the florists raise their pot plants in reed or "cane" joints, some of which are as large as ordinary water pails. There are many rare and pretty flowers cultivated here, and nearly every home has a court or conservatory.

Sugar and molasses cane is now ripening and the harvest has begun. From every hill from miles around great volumes of smoke can be seen arising from molasses mills and sugar refineries. The poor, depressed Cubans are beginning to cheer up since the indications of returning prosperity and business. The sweet-potato is one of the principle products of the island, but the vegetable has very little nourishment. Its meat is white and mealy, though void of taste. Camp Columbia was aroused from its usual quietude tonight about 9 o'clock when the great water tank on the Havana Marinano railroad toppled over. The crash and splash was heard for several miles and soldiers gathered about the scene in about the same state of excitement as they did at the Harrisburg wreck, and as "weary Willies" do not hang out there no lives were lost. Some of the boys have pretty sore arms from vaccination, but otherwise all are well.

Respectfully,
Harry P. Deaton.

THE EDUCATIONAL MEETING

A Movement for a New High School Building. As per call of Mayor Crowell some twenty or more citizens of the town met in the court house Friday night to consider the matter of advancing the school interest of the town as it pertains to a course above the graded school curriculum.

Mr. Thompson, whose labors here have proved so highly satisfactory has felt the need of more room and all persons interested in his splendid work have doubtless wished for him a better home. It is a need of the town and a legitimate desire for the principal who puts himself into the educational work. Since the presence in our midst of Rev. James Lippard the subject of greater high school facilities has been agitated and Rev. Lippard concluded to make a proposition to the town to the effect that the citizens or the town as such erect, instead of the building now used by Mr. Thompson, a suitable building of modern adaptation costing about ten thousand dollars and he would undertake to conduct the school. Rev. Lippard hopes, too, in such event, to secure an endowment fund of \$25,000 from abroad.

The proposition was listened to with much interest and a number of persons expressed their views. In the matter of improved facilities for high school work there was perfect unity but it seemed impractical to do more than to further ascertain the general wishes and formulate a practical plan by which to accomplish the great end.

For this purpose the following gentlemen were appointed a committee; viz., E. King, D. P. Dayvault, J. C. Gibson, W. C. Correll and J. C. Lippard.

Without letting the people know that the band had reached that far a point, the instruments were ordered a short time ago and have now arrived. The shipment as received consisted of one clarinet, one alto horn, and two tenor horns. The next step that will be taken will be the obtaining of the music.

The First Wash Shows
LILEDOUN MUSLIN
The first makes ordinary muslin look far worse than new. The first wash makes LILEDOUN MUSLIN look far better than new. It washes the starch, china clay and mullage out of ordinary muslin, leaving it thin, and loosely woven. The only changes it makes in LILEDOUN MUSLIN are to wash out the name which is lightly stamped on every yard, and to help bleach the goods.

The Martin Case Tried. Mr. G. W. Martin, the tobacco peddler, had a hearing today (Saturday) before Esq. C. A. Pitts. This is the case where Mr. Martin was at first accused of an assault with intent to rape, but after the testimony went before the grand jury the latter part was stricken
