**Three Pair of Hands**

Washes and cleans all kinds of fabrics. It is the only thing that can be sold so cheaply. It has double wearing value, double comfort. Washes, bleaches, whiter than any other goods made. All pure cotton, thoroughly cleaned and carded, hard twisted, closely woven, calculated to a soft, smooth, downy finish. The name is lightly stamped on each yard. The first washing washes it out.

**LILYPOND MUSLIN** is made at a mill which buys the cotton direct from the planter and sells the muslin direct to the retail store.

It handles only three times. It escapes the profits of commission men, jobbers and speculators. That is why it can be sold so cheaply.

**Trippe Crime Near Wilson.**

A special from Wilson, of the 26th, says Bob Turnage was murdered in the store of his uncle, about 18 miles from Wilson, on Tuesday night. It seems the murderer robbed the store and then set it on fire to hide both crimes. No clue is left and bloodhounds will be depended upon to discover the culprit.

**Has Purchased the Caucasian.**

The Raleigh correspondent to the Charlotte Observer says: "J. A. Sims, who for two years has been the chief clerk to Auditor Ayer will resign, and as soon as he does so, R. C. Rivers will succeed him. So says the Auditor. Rivers was for some years the manager of Senator Butler's paper, the Caucasian, and lately purchased it."

**Joel Reed vs. W. H. Bradford, claim and delivery. Verdict rendered in favor of the plaintiff.**

The case of L. J. Curlee vs. the Western Union Telegraph Company was continued until the next term of court on account of the absence of two of the witnesses.

The case of J. M. Burrage vs. Jno. W. White, was made a voluntary non-suit.

**The Concord High School Exercises.**

The annual closing exercises of the Concord High School have come to be expected with interest by all citizens not only on account of the interest felt in the institution but for the high quality of the address, delivered by the chosen speaker.

The high standard of the past is to be maintained this year as Dr. Henry Louis Smith, of Davidson College, has consented to be present. Dr. Smith is easily one of the ablest men in the State as well as one of the most graceful and powerful speakers. We congratulate the school and people.

**Does Not Like His "Nibs."**

The Davis Record is a new Republican paper published in Mocksville. It copies the statement that Governor Russell "will not resign and will not leave the State" and says: "We are one Republican that will shed no tears at Governor Dan Russell's departure from Raleigh. We never met him but once, having called to pay our respects to North Carolina's Chief Magistrate. For the same length of time, we had as soon be at the North pole scratching for fire."

**For Over Fifty Years**

**A Mistake Singular and Terrible.**

The most singular and to all appearance the most inexcusable mistake we ever noted was that of one Dr. Proudfoot, of Montreal recently. A boy patient who had run a pen knife into his eye was threatened with the loss of both eyes. The physician who is an oculist advised the removal of the wounded eye. The patient was put under the influence of an anesthetic and the doctor, by mistake, actually removed the wrong eye. Now the boy is totally blind.

**Negroes Lynch a Negro.**

A negro mob lynched a negro man for the murder of a negro woman on the 25th at Galena, Kan. He had choked his mistress to death and when the coroner's jury found him guilty the negroes proceeded to the jail and, breaking it open, attempted to take him out and hang him but he fought and they shot him dead. Nobody seemed to care a whit about the State does not inflict the death penalty.

**The Largest Hog Ever Raised was recently slaughtered in New York. The animal was a Jersey red boar, two and one-half years old, weighing alive 1,609 pounds and dressing 1,396 pounds. This huge swine measured over nine feet from tip of its nose to the end of its tail. It measured two and one-half feet across the loin, and one-half foot across the hump and six feet in girth.—Winston Sentinel.**

**A FINE CONCERT.**

The First Regiment Band gave Concord a Treat—A Large Crowd Present—Concord Represented in the Number By a Talented and Skilled Performer.

Our people turned out well on Wednesday night in the newly constructed auditorium to hear the music of the First North Carolina regiment band, under the direction of Prof. Chas. Coe.

The programme rendered was of good length and in every way pleasing to the audience. Their music is of different grades—some to suit the ears of dancers, the lovers of opera, and the devotees of strictly high grade band music. All had a place in the program. The expression observed by the members is very noticeable, adding much to the proof of their skill.

One of the performers in the band is Jay Sims, of this place, who has now acquired marked skill on the slide trombone, which instrument he began to master after leaving here last year. He went in the army as chief bugler, was made principal musician, and then laid aside his cornet for the slide trombone. In a number of the selections in the concert Wednesday night he showed what perseverance, together with talent, can acquire.

This is, without question, the best concert that Concord has had and will call the soldiers, together with every Tar Heel, feel proud of the First North Carolina Regimental Band.

This band will make a tour of the principal towns of the State and will then accept an offer at some place, where the organization will be kept up. Three places in the State are now making efforts to get them.

The following program was rendered Wednesday night:

1. March—Nibelungen; R Wagner.
2. Grand Selection—The Bohemian Girl; Balfe.
3. Fantasia—My Old Kentucky Home; Herman.
4. Waltz—La Gitani; Eucloisi.
5. Melody—Fond Heart; G Lange.
- Intermission.
6. March—Sinegambia; Volker.
7. Selection—The Serenade; V Herbert.
8. Melody—Ye Olden Times; Beyer.
9. Negro Oddy—Possum and de Coon.
10. Polka—Old North State; Coe.

**ENCORES**

Stars and Stripes; Sousa.  
Kentucky Babe, arranged by C. Coe.  
Alabama Coor, arranged by C. Coe.  
Dixie.  
Double Time, arranged by C. Coe.

**Equestrian Statue to Gen. Grant.**

An equestrian statue of Gen. Grant was unveiled Thursday, the 27th, in Philadelphia. His granddaughter, Miss Rosemary Statoris, pulled the chord, on that, his birthday, that dropped the national colors in which it was veiled. President McKinley and wife and many of the cabinet and diplomatic officials were in attendance as was also Capt. Coghlan.

The famous general's relief and second and third generations were there to appreciate the honors bestowed.

**They Dislike the Treatment.**

Dr. D. P. Whitley writes us from Baltimore that the children who were taken there from Millington for treatment for hydrophobia are getting along very well, except that they dread the treatment, which is by hypodermic injections. He secretes all political parties for not having a dog law before this, and thinks if a lot of the people who seem to care more for feeding curs and hounds than for protecting children and raising sheep and pork could see the children and hear their pitiful cries while taking the treatment there would be fewer rabid dogs. The suspense and agony of the two families has been terrible, but it is earnestly hoped by all that the children's lives may be spared.

**NO CURE, NO PAY.**

That is the way all druggists sell Grove's Tasteless Chilli Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer to it as bitter, nauseating Tonic. Price, 50c.

**CYCLONE IN MISSOURI.**

A Death List that May Reach 600—Bodies Recovered by Fires that Burned Others.

At 6:20 o'clock Thursday evening, the 27th, a cyclone burst upon Newton, Mo., and swept a path a quarter of a mile wide, destroying 400 buildings and carrying death in its fury. At 8 o'clock 25 bodies had been recovered and it is expected that the number will reach 50 or even 60. Wires are down and total darkness prevailed till fire broke out in the ruins that, while they probably cremated some, made it easier to hunt through the debris for the others.

Details of the calamity are yet meager but thus far it seems Newton was by far the greatest sufferer in the storm.

**A Bride and Groomman from Here.**

Numbers from different parts of the State attended the marriage of Mr. Edwin Clark Gregory and Miss Margery Overman in Salisbury Wednesday evening. Miss Emily Gibson was one of the bridesmaids and Mr. Frank O. Rogers one of the groomsmen. Miss Julia McGruder, Miss Nannie Cannon, and Mrs. Robt. E. Gibson were guests also from this place.

**Forest Hill Items.**

A large reservoir is being built in the rear of Mill No. 3. This tank when finished will hold eighty or ninety thousand gallons of water.

Mr. J. M. Mabery gave a dinner Wednesday to his son, Marshall, and a few invited friends.

**Aaron Russell was Convicted.**

It will be remembered that a number of months ago a barrel of oil was stolen from the warehouse of the Standard Oil Co. at the depot; Their agent, Mr. Jno. B. Caldwell, said nothing about the matter until circumstances developed. Aaron Russell, a negro who had worked for Mr. Caldwell and who at times carried the keys to the warehouse, was convicted by the court for stealing the oil but the judgement was suspended for certain reasons.

**That's Awful Playing Sure.**

The Charlotte News of Thursday contains the following showing of its despondent and downhearted feeling over the fact that Charlotte can't play ball:

"By the way the News never heard from the team that went from Charlotte last Saturday to play the St. Mary's team. It is learned from a round-about source that the score was 32 to 2 in favor of the college team. This is ample explanation for the silence for the Charlotte boys."

**Wouldn't it Be a Good Chance.**

Quite a number of people, after attending the concert Wednesday night in the newly erected stables of Mr. P. M. Morris, have expressed themselves as to what a fine auditorium this would make. The building is wide and long, and if equipped with raised seats on the sides would be amply large to seat the crowds here for almost any occasion, and still give room for a large stage. Probably this will cause the matter to be investigated more and the management will probably decide upon such a plan. Wouldn't it be nice?

**Speaking of Chickens.**

Anyone not in the business would be surprised to know the number of chickens and eggs shipped through Greensboro from Wilkesboro, Mo. Airy, Sanford and intermediates points, to the northern markets. The Southern Express Co. ships an average of 100 crates or 2,500 chickens daily or nearly a million yearly. At 15 cents this would amount to \$150,000. As for eggs, strange to say, they are even more numerous than chickens. Fifty crates daily, 30 dozen to the crate, over six million yearly, 124 cents a dozen, nearly \$100,000. Verily, the pullet and hen berry business is considerable in this section and it looks like one or the other would have to give out.—Greensboro Telegram.

**THE BEST IN THE WORLD.**

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by M. L. Marsh & Co., Druggist.

**China Grove, April 23.**—The exercises of China Grove Academy closed Thursday evening with a concert by the musical class. The school has had a profitable and successful year and promise much for the future. The debate was very good. The medal was won by Mr. Russell, of Mint Hill, N. C. The declaimers medal was won by Frank Patterson, of this place. Mr. Junius Rose, of Zeb, received honorable distinction. The literary address by Mr. M. B. Stickley, of Concord, was excellent and enjoyed by all.

The North Carolina College boys came up Thursday and played ball with the China Grove boys. The C. G.'s were the victors in a score of 30 to 25.

Mr. R. A. Corrier, the one-armed veteran of this community, died Thursday evening.

**The Town Convention Held.**

Last Thursday night the delegates met at the court house and held the convention for the town election, with Jas. C. Fink in the chair, and Jas. P. Cook and Wade Barrier as secretaries. The following nominations, as handed in from the different wards, were ratified:

For Mayor—Geo. W. Means.  
ALDERMEN:  
Ward 1.—L. D. Duval and W. R. Odell.  
Ward 2.—D. F. Cannon and R. F. Coble.  
Ward 3.—Chas. F. Ritchie and Geo. W. Brown.  
Ward 4.—G. T. Crowell and W. L. Bell.

**SCHOOL COMMISSIONERS.**

Ward 1.—Jno. B. Sherrill.  
Ward 2.—D. B. Coltrane.  
Ward 3.—Jno. A. Cline.  
Ward 4.—D. P. Dayvault.

At large—Dr. D. G. Caldwell and B. E. Harris.

The following persons compose the executive committee, together with Jas. C. Fink who was elected a member at large by the convention: Jno. B. Sherrill, Jno. W. Cook, Jno. K. Patterson and G. T. Crowell.

**He Continues to Shave Them.**

Last year a young man, Mr. T. J. Brown, enlisted with the members of Company L, having given up his position as barber here. He has returned here with the boys and has now opened up a shop in the Corlivery stable building, where a colored shop was formerly run. Mr. Brown, when not on drill, was kept busy a good portion of his time "shaving" the faces of the soldiers.

**Mr. Calvin Smith Dead.**

Mr. Calvin Smith, who lives in Mecklenburg county, near Arlington, died Thursday night of consumption. Mr. Smith was known by quite a number of our citizens. He was a brother of Mrs. R. P. Lantz of this place. He leaves behind two children, his wife having died some time ago.

**Like the Richmond Disaster.**

At a sale of agricultural implements at Goldsboro, Pa., Thursday, the 27th, the floor of the building gave way and hurled a hundred men into the cellar severely injuring many, some probably fatally. It reminds one of the great Richmond disaster in 1870.

**It Would Be Nice.**

The Wilmington Star of a recent date says: "An enthusiastic veteran suggested to a representative of the Star yesterday that an economical and at the same time an enjoyable trip might be arranged, with permission from the proper local authorities, for the Confederate veterans of the city who desire to attend the reunion at Charleston in May. His plan is to secure from the government, with deference to the wishes of Commander Morton and the division of naval reserves, of course, their splendid cruiser, the Hornet, and make the trip by water, spending a day or two in Charleston and returning by the same means. He estimates that nearly 500 persons could be accommodated as passengers and that while in port at Charleston a number or those who desired could secure lodgings on the boat.

**The Coghlan Affair.**

The government through Secretary Long has reprimanded Capt. Coghlan for his indiscreet utterances. He claims that he has not been accurately reported and that he meant no disrespect to the German flag. Dr. Von Hallen, the German diplomat, has called at the White House and in a friendly spirit has set the matter down as closed. The following is part of the cable message by the New York World's correspondent:

"Admiral Dewey is certain that Coghlan could not have said anything calculated to place the admiral in a false position. He showed the World correspondent a letter from Admiral Von Diederichs, of the German navy, congratulating him on his 'deserved promotion,' and also his letter in reply, which closed with the words, 'all of our differences were of newspaper manufacture.'"

**Where Nuts Come From.**

Hickory nuts are an American product and we export them in large numbers to Europe, where they are found good eating. Pecans belong to the hickory family. Coconuts come from the East Indies, the West Indies and the islands of the Pacific near the equator.

Almonds are found in Asia, Barbary and Morocco. Those we get are imported from Malaga.

Walnuts grew originally in Persia, the Caucasus, China, North America and Europe.

Hazel nuts grow in Europe, Russia, Asia, North Africa and North America. Filberts are a species of hazel nuts that grow in Greece.

Pistachio nuts come from Syria, and the Greeks were very fond of them. Chestnuts form a portion of the daily food of the Mediterranean nations, though in America they are not ground into flour, but are eaten simply as nuts.—Daily Record.

**More of Carr's Generosity.**

We see that Col. J. S. Carr has proposed to pay half the railroad fare of every Confederate veteran from the counties of Durham, Orange, Person, Granville, Chatham and Alamance who will attend the reunion at Charleston on the 10th of May, provided that as many as 100 will go in a body, and as members of the R. F. Webb Camp No. 818.

**"Saved Her Life."**

MS. JOHN WALKER, of Jefferson, Wis., thus tells me of more highly esteemed or widely known, written:

"In 1890 I had a severe attack of La Grippe and at the end of four months, in spite of all physicians, friends and good nursing, could do, my lungs became and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of quinine. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position for a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing my treatment I found a marked improvement in the condition of my heart and nerves. My cough was free. Address: DR. MILES MEDICAL CO., Elkhart, Ind."

**Dr. Miles' Nervine and Heart Cure.**

Dr. Miles' Nervine and Heart Cure is a guaranteed, first-class medicine for all cases of the heart and nerves. It is a pure vegetable preparation, and is guaranteed to give relief to all who take it. It is the best medicine for all cases of the heart and nerves. It is a pure vegetable preparation, and is guaranteed to give relief to all who take it.
