How About That, Boys?

It is a fact that the baseball affair over at Mt. Pleasant between our boys and the Albemarle boys, the Sunday Enterprise comes forward with this statement of it: "Our junior baseball nine went to Mt. Pleasant Monday to cross bats on the diamond there with the second nine of Concord. Our boys gave that team such a defeat last year that instead of the second nine meeting them Monday they were brought face to face with hired players from the firm team of Concord. Our boys went in good faith and did right in not playing."

A Collision of Conveyances.

Just when the whistle alarm commenced Thursday night and the many visitors were being brought from the depot for the conference, Mr. D. B. Coltrane's carriage and a baggage wagon collided on Depot street. It was quite a dangerous thing but neither team became scared. The shafts of each conveyance were broken to pieces.

STOCKMEN BUSY.

Final Session of Dairyman Intensely Interesting - Swine Breeders Association Reorganized.

The exercises of the State Dairyman's Association was of absorbing interest on Wednesday afternoon. Prof. Emery completed some milk tests and then dwelt on the merits of the two machines exhibited in the forenoon.

It is very important that cows be tested so that those can be discarded from the dairy that neutralize the profits of the better cows. The separator too, has revolutionized the business. It should be introduced as rapidly as possible.

He then gave some very important practical lessons on the treatment of the cow before and after coming into the milking stage. The cow should be dry from three to six weeks and receive special care and diet. When the cow does not go dry at all the results of the best milking period will not be so good. It is sometimes best to employ a veterinary surgeon when parturition is not followed with good conditions.

He said that a good test of fitness of milk for use is to bring the milk to a boil. If upon the milk will coagulate or curdle. It does not the milk is good. This is usually after about the fifth or sixth milking. People often waste good milk by a morbid fear that it is not yet fit for use.

At this period the dairymen gave way for the enrollment and reorganization of the North Carolina Swine Breeders Association. Eleven new members were enrolled and the association went into the election of officers which resulted as follows: President, Prof. J. M. Johnson, of Raleigh; Vice-President, Mr. C. C. Moore, of Mecklenburg; Secretary and Treasurer, Prof. F. E. Emery, of Raleigh. The existing directors whose terms of office expire in one year from now are: Messrs. W. E. Denlow, W. P. Batchelor, T. C. Robinson, of Raleigh. Those elected for the two-year term are: Messrs. R. V. Caldwell, C. W. Swink, of Cabarrus, and W. M. Barringer, of Mecklenburg. Those for the three-year term are: Messrs. G. T. Crowell, W. L. Morris, of Cabarrus, and T. B. Guatier, of Mecklenburg.

The association decided to offer a premium to its members of \$5 for the best boar one year old and the same for the best sow of same age exhibited at the next State fair. It also offered 25 cents apiece for each pig of the largest litter bred by any member within the next year from a pure strain of stock.

Mr. W. L. Morris consented to prepare a treatise for the next annual meeting of the association on the subject of the proper care and treatment of the brood sow.

The dairymen then resumed their work. The subject, "Which - Individual or Co-operative - dairying or should it be proprietary?" was then taken up. Prof. Emery explained the three methods. First, that of each acting independently; second, groups of farmers uniting in their dairy operations, and third, one capitalist owning the plant and buying his neighbor's milk. Each of the two plans, the co-operative and the proprietary, said the speaker, has its merits. Mr. Watkins, of Mecklenburg, being called on said that he could not offer any suggestion of a preferable plan but was greatly pleased with the movement. It is distressing to see our bare worn hills, the result of "clean" farming, cultivating them in cotton and corn. He could see no reason why this section should not be making rapid strides in dairying. The lands could be saved and redeemed by the dairying business. He has been in the business 18 years and now his lands are rich. The low price of cotton is driving our people into a better way. He likes corn above all crops, though a variety of crops is good. Don't try to make corn and fodder both or you get the best of neither. Cut your corn for the stalk or

THE CONFERENCE BEGINS.

A GOOD LARGE NUMBER PRESENT.

At the Beginning - Evidences of a Very Interesting Meeting - Appropriate Words of Welcome on the Part of the Pastor.

On Thursday and Thursday night the people began to arrive for the conference, and that night already sixty of the expected hundred or more had arrived. Homes had been found for all by the hospitable people of our town.

The ninth session of the Woman's Foreign Missionary Society met in Central church today (Friday) at 9 o'clock. Mrs. Robertson, the president, presided. The meeting was opened by singing hymn 171, followed by an earnest prayer from the pastor, Rev. J. E. Thompson, after which the congregation joined in singing hymn 177.

The scripture reading by the president was selected from Romans, eighth chapter and the comments which followed were highly appropriate and edifying for the opening service. The first thought brought out was that Christ has made us free from the law of sin and death; the second thought the strength supplied by the indwelling of the Holy Spirit; the third thought that all who are led by the Spirit of God they are the children of God.

Then followed sentence prayer in which a number of the ladies joined. Then the roll call was responded to by delegates.

Words of welcome were given by the pastor, calculated to make all the ladies feel perfectly at home in his church. He remarked that it was not his intention to make an address of welcome. He could not say anything about the entertainment as that was in the most thoroughly capable hands of Mrs. Coltrane and then again this conference was in Concord.

Roles of order were read by the Secretary, Mrs. John R. Brooks and different committees were formed. Rev. Mr. Nelson was brought forward and introduced and he replied with appropriate remarks.

A short time was given for the discussion of the question, "How can the membership of societies be increased?" Miss Sallie Whinnant, of Charlotte, read a very interesting and helpful paper on this subject after which an interesting discussion of same, out of which much that was good was gleaned.

The report from Tryon street, Charlotte, was read by Mrs. P. B. Hood; from Monroe, by Mrs. Crow; from Matthews, by Miss Brown. On account of absent reports of this district the remaining auxiliaries will be heard on Monday.

The report from the Charlotte district was given by the secretary, Mrs. Stuart, which was interesting and showed advance on all lines. Mrs. Stuart is an indefatigable worker in the cause of Foreign Missions.

The noontide devotion service was conducted by Mrs. Branner, after which we were dismissed by the benediction.

FRIDAY AFTERNOON SESSION.

After devotional exercises, conducted by the president, Mrs. Lucy H. Robertson, the business of the hour was begun, continuation of reports.

Franklin district was called first but was not represented. Greensboro district was represented by its secretary, Mrs. J. A. Weaver, who read an interesting report of her district. Miss Bampass followed with a truly grand report from West Market street, and Miss May Alderman's report from the Young People's Society of West Market street church was replete with interesting information. Centenary church, Greensboro, was represented by Miss Ruby Glascock with a highly creditable report.

The Reidsville district was represented by Mrs. Clark, who gave words of encouragement. The Asheboro district, Mrs. Blair, secretary, reported grand work done. A report from Marion Society, G. F. College, given by Miss Elma Cole was indeed gratifying as to their future aims.

THE "MEMOIR OF MRS. BAMPASS."

written by herself and Miss Bampass. The little pamphlet is a loving tribute to one of God's Saints.

Morganton district called but not represented. Mrs. Alsbaugh, conference treasurer, reported on several auxiliaries as to finance. She spoke of Mrs. Baily's enthusiasm and one would judge that Mrs. Baily is a whole missionary society within herself.

Mt. Airy district, report from Mrs. S. E. Blair. Salisbury district, Mrs. J. D. Arnold, secretary, sent a report, having been detained by illness. This report showed improvement on all lines. Mrs. Odell, of Forest Hill, read a fine report of her society. Central church, represented by Mrs. Cole, has indeed a most prosperous society - a band of consecrated women ready to help in every good work.

Albemarle, represented by Mrs. Harris, reports interesting work. Norwood, Salisbury, Lexington, and Mt. Pleasant had gratifying reports.

Reports stopped at this point. The secretary then read a letter of resignation of district secretary, Mrs. J. D. Arnold. The resignation was not acted upon, but deferred until a later session. A message of love and comfort was sent to Mrs. Arnold.

The morning question for discussion, "How to increase membership," was taken up again and many more helpful ideas were given out to add to those of the morning.

As so few were present at the opening exercises the roll call was not made until near the close of the session in order to get a full list of delegates.

Mrs. Weaver read a memorial of Mrs. Mary Isabella Siler, of Franklin, a truly great woman entered into rest.

The committees were called, announcements made after which we adjourned.

FRIDAY EVENING'S SESSION.

Opening exercises began with hymn "From Greenland's Icy Mountains," followed by Scripture reading and prayer by Rev. J. E. Thompson.

The address of welcome was delivered by Miss Lizzie Smith, of Concord, the reply by Mrs. P. B. Hood, of Charlotte. Of course the remarks of both these ladies were fully enjoyed.

On behalf of the Light Bearers Miss Jennie Winslow Coltrane, of Concord, gave an ideal welcome, to which Master Harry Courtney, of Lenoir, responded in his most happy manner.

Mrs. J. W. Alsbaugh, of Winston. State Treasurer, read a most gratifying report. In the absence of Mrs. W. H. Lutz, lady manager of State. Light Bearers, Mrs. W. S. Stewart read the report on the work of the Light Bearers. This report was a most creditable showing.

Mrs. L. W. Crawford, of Greensboro, Conference Secretary to the Woman's Board, delighted all Mission workers with a most comprehensive report of the work throughout the Conference.

The last address of the evening was delivered by the president, Mrs. Lucy H. Robertson, of Greensboro. Mrs. Robertson is one of the few brave, busy, consecrated women of our State. This address was a gem of thought and delighted all listeners.

FOR OVER FIFTY YEARS.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

EASILY HANDLED.

The Greensboro Boys Were Lacking in Their Baseball Qualities and Suffered a Considerable Defeat on the First Day.

A moderately good crowd turned out Tuesday afternoon to see the Greensboro boys run up against our team for a good game of baseball. The game was good, as good as we have yet had on the part of our team, but the score was one-sided. Though our boys handled them still our team did some of its finest playing.

Noticeable features of the game were the five double plays made by our team and the unusually heavy hitting of our boys. Garth Caldwell, assisted by Misener and Reid made a most excellent double play. Fisher landed one over the fence as also did Weddington at two different times.

Weddington and Fisher pitched for us and LeGrande caught. Ingram and Hood composed the battery for Greensboro. Ingram struck out only one while six of the Greensboro boys dropped their bats.

The following score was made: Concord - 0 1 7 0 2 0 1 2 - 13
Greensboro 1 0 0 0 2 0 1 0 - 4
R. H. E.
Concord - - 13 14 5
Greensboro - - 4 8 8

A SECOND VICTORY.

A closer game played Friday by the Greensboro and Concord Boys-Base Ballers.

The baseball game Friday proved a little bit more interesting and close than the day before but nevertheless a victory was won by our boys again.

Mangum and LeGrande and Fox and Hood composed the batteries for the two teams. Six two-base hits were made by our boys, and the Greensboro boys made two. Mangum struck out five and Fox one. Watson made a home run for the Guilford boys by parking the ball once. At the end of the seventh inning the score stood 6 and 6, but in the eighth inning we made two more runs.

The following score was made: Concord 2 0 3 0 0 0 1 2 - 8
Greensboro 1 0 4 0 0 1 0 0 - 6
R. H. E.
Concord - - 8 15 4
Greensboro - - 6 11 3

The series of games close this afternoon. The Greensboro boys will return home tonight.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer to it as bitter, nauseating Tonic. Price, 50c.

Rubber Necks at Albemarle.

Every section is blessed or cursed with "Rubber Necks." These rubber necks have a strange faculty for finding out all about other folks' business - in fact, they are afraid something will occur at their neighbor's that they know not of. Albemarle has a few of 'em, and they would take premiums at most any kind of a rubber neck show. Happily enough, they are spotted and do not breed many blisters. - Stanley Trentide.

And so Albemarle has those people too. Yes, we all have our slanders, tall-tales and "rubber necks." But it takes a lot of kinds of people to make a good sized world.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first that it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends. - F. A. Babcock, Erie, Pa. It is for sale by M. L. Marsh & Co., druggist.

RECKLESS RIDING PROVES BAD.

Sam Ellis, a young negro boy, is now on the chain-gang as a result of his reckless riding on a bicycle. He collided with a little negro and was not able to pay the fine, so instead of riding his wheel now he is assisting in the betterment of roads.

EXCURSION TO ASHEVILLE.

Select Party - \$2.50 for Round Trip - For the Benefit of Mount Amoena Sanitarium.

On Thursday, July 6th, I will personally conduct an excursion to Asheville, the profits of which will go to Mount Amoena Female Seminary. The train will start from Concord at 7 a. m., returning the next day, leaving Asheville at 1:30 p. m. The excursion will take passengers from Concord, China Grove, Salisbury, Barber Junction and Cleveland. Positively only 280 tickets will be sold. These will be on sale at Cook & Poul, Mt. Pleasant; Dry & Miller, Concord; Patterson Manufacturing Co., China Grove, and C. M. & H. M. Brown, Salisbury. When all of the seats of the five cars are engaged by the sale of the 280 tickets, positively, no another ticket will be sold, as a select crowd is desired. The excursion is planned to secure a first-class party, and to derive as much pleasure from it as traveling on a regular train.

I have been to Asheville and have secured special favors from the livery stables and hotels. The beautiful Oaks hotel has given our party a rate of \$1.25 per day. Board may be had cheaper at the boarding houses. A card will be issued on the train giving addresses of the boarding houses, hotels and livery stables which give our party favors. Every arrangement has been made to make the excursion the most pleasant one possible. If you miss it, you miss an opportunity that seldom comes.

You are invited at once to secure your ticket for this select excursion. You help a good cause by so doing. You can not take advantage of this excursion after all the tickets have been sold. Therefore, secure at once your ticket. Respectfully,
Headquarter N. Miller,
President Mount Amoena Female Seminary, Mt. Pleasant, N. C.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at P. H. Fetzor's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

They Go and Come.

The white man from Salisbury, who has been working on the chain gang for three days, has secured his money for the fine and costs for beating a train and has been released.

The negro who expected to be able to pay off for the same charge as the white fellow failed to raise his funds and has been taken to the chain gang to work out his fine and costs.

An Expecting Druggist.

There are few men more wide awake and enterprising than P. H. Fetzor, who spares no pains to secure the best of everything in his line for his many customers. They now have the valuable agency for Dr. King's New Discovery for Consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, hoarseness and all affections of the Throat, Chest and Lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cents and \$1.00. Guaranteed to cure or price refunded.

From the Granite Belt.

Faith, June 30. - Work in the granite quarries is a steady thing around Faith.

A railroad from the granite quarry to Concord along on the granite belt would open up a granite industry that would open the eyes of people all over the United States. There is untold wealth along in this region. The outside world is not aware of the large fine deposits of granite.

Probably Can Pay It.

A negro was arrested and brought up town last night for beating the train. He was tried this morning and the usual sentence placed on him. He is from South Carolina and thinks that he can pay it, and probably will get a job assisting in the street work.

Preventing Hail.

A Rome correspondent writes: The idea of dissipating storm clouds by discharges of cannon has been successfully put into operation at Colpeio, in the province of Bergamo, which was lately visited by two hurricanes, accompanied by heavy clouds which threatened a hail storm.

About 40 discharges were fired on the first occasion and 30 on the second. The effect of the concussion was most marked on the second storm. The black clouds were broken and dissipated by the atmospheric disturbance, and watchers stationed to observe the results reported that the threatened storm had been driven back. What is certain is that while hail fell in all the neighboring districts not a particle descended on Colpeio on either occasion.

The cannon was loaded with 3 cwt. of powder and plugged with paper. After the explosion, which was effected by a fuse, a column of smoke rose vertically into the air to the height of about a mile, bearing a current of warm air, which penetrated the clouds. - Detroit Free Press.
