

NEWS CULINGS.

Safe crackers blew open a safe at Littleton on the night of the 18th. It was not much of a safe and the proprietor had only about \$25 or \$30 in it.

A Montgomery, Ala., dispatch of the 20th says: "Bessie and Alice Wilkes, aged 16 and 18, were cremated in a fire at the home of their widowed mother, Mrs. Wilkes, at Prattville, early this morning. The charred remains of one of the young girls was found in the hall. The other was found with a mattress over her head, which she placed there in endeavoring to protect herself from the flames.

Ten persons were killed and more than 25 were injured in a railroad collision at 5:30 o'clock on the evening of the 21st at Rustings Siding near Bordertown, says a Trenton, N. J., dispatch of the 21st. The Nello Bly train was running in three sections and from misdirection standing the local moved out on the main line before the third had passed.

EXECUTOR'S NOTICE.

Having been duly qualified as executor of the estate of Isaac Goodnight, deceased, late of Cabarrus county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before January 31, 1902, or this notice will be placed in bar of their recovery.

EXECUTOR'S NOTICE.

Having been duly qualified as executor of the estate of Margaret A. Davis, deceased, late of Cabarrus county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before January 31, 1902, or this notice will be placed in bar of their recovery.

EXECUTOR'S NOTICE.

C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before January 31, 1902, or this notice will be placed in bar of their recovery.

WANTED—Cashable reliable person, in every county to represent large company of solid financial reports for \$300 salary per year, payable weekly; \$300 per day absolutely no expenses, straight, long days, definite salary, no commission; salary paid each Saturday and expense money advanced each week. STANLEY HOUSE, 324 MADISON ST., CHICAGO, Jan. 23, 1901.

STATE OF NORTH CAROLINA Superior Court, Cabarrus County, Before the Clerk J. E. Broom, administrator of Henry Garmond, deceased.

John Garmond, the defendant above-named, will take notice that an action entitled as above has been commenced in the Superior Court of Cabarrus County, N. C., to sell for assets whereof it may be required to appear at the first of the Superior Court of said county on the 1st day of March, 1901, A. D., at the Court House in said county in Concord, N. C., and answer or demur to the complaint in said action, or the plain- tiff will apply to the court for the relief demanded in the complaint.

CLERK OF SUPERIOR COURT OF CABARRUS COUNTY.

\$2.50. That is the price of a Watch that we have for the boys.

W. C. CORRELL, The Jeweler.

CONCORD - NATIONAL BANK

Has paid \$54,000 in dividends since it opened doors in July, 1888. Its surplus and undivided fund is \$27,000.

The losses from bad loans in its entire history are \$35,000. It has never sued any one or been sued.

At its regular annual meeting of shareholders on January 8th all officers and directors for the previous year were re-elected.

Its officers are: J. M. Odell, president; D. B. Coltraue, cashier; L. D. Coltraue, assistant-cashier; J. M. Hendrix, bookkeeper.

Board of Directors—W. H. Lilly, W. R. Odell, J. M. P. Allison, J. S. Harris, Elam King, J. M. Odell and D. B. Coltraue.

LOCAL CATARRH

Nothing but a local remedy of an average of \$1.00 per cure. CATARRH. The remedy is Ely's Cream Balm.

It is quickly absorbed, does not irritate, and does not produce any inflammation. It is the only remedy that cures the disease in its early stages. It is the only remedy that cures the disease in its early stages.

It is the only remedy that cures the disease in its early stages. It is the only remedy that cures the disease in its early stages.

MILL HILL ITEMS.

Mill Hill, Feb. 19, 1891.—Mrs. A. M. Freeze is sick with lagrippe. By the kindness of Mr. and Mrs. J. F. Goodman the young people of our neighborhood spent a few hours very pleasantly last week at a Valentine party. Some of our young men are being spoiled since their "sweets" were filled with biters.

Miss Deamie Seford visited Liberty Hall Saturday night. Mrs. Joe Lips is visiting her mother, Mrs. C. M. Seford.

Mr. Charlie Cosby is in Concord visiting his brother, Mr. Howard, who has measles. We are glad to know Mr. Walter Rumpie is able to be out after a severe attack of lagrippe.

We are sorry to learn that Miss Carrie Holdbrooks is not so well for the last few days. Mr. Joe Blackwelder is very fond of the picture of the hawk which was presented by the editor of The Standard.

Enochville Items. Mrs. Arthur Sloan is visiting in Enochville.

Miss Nora Rodger's, who has been teaching school near Newton, is at home.

Miss Florie Miller is sick with lagrippe. Messrs. John Litaker and Frank Freeze, who spoke of going to West Virginia, have decided not to go.

Dr. Withers is kept very busy these days with his practice.

Not Quite in Time. Our esteemed correspondents from Mill Hill and Enochville evidently intended their items for the Weekly Standard of the 21st but they arrived after the paper was on its way.

Communications for the Weekly Standard do not arrive by twelve o'clock Wednesday are late for that week. We hope for better luck another time.

Mrs. Davenport Improved. We note from the Salisbury Sun that Mrs. Davenport now of Palmerville has improved from her condition of critical illness.

Meeting of Farmers' Mutual. The Cabarrus County Farmer's Mutual Fire Insurance Association is called to meet at 11 o'clock a. m., in the court house on Saturday, March the 9th, 1901. Z. A. MORRIS, d1aw2t President.

A Remarkable Man. There is a remarkable old white man living near Pantego, Bouffant county. His name is Ransom Saunders. He is nearly 90 years old, has been married 65 years (his sixth wife still living) has been the father of nearly 40 children and apparently has still a long lease of life.

He is well and strong and works hard. He dresses very thin even in the coldest weather, about like the average man does in summer, and never wears an overcoat. He is covered all over his person with thick, long hair that is a greater protection than lots of clothes would be from the cold. He is regular in his habits and a good citizen.—Greenville Weekly.

Atlanta Has a Blaze. A disastrous fire broke out in the wholesale district of Atlanta, at 5:45 a. m. Thursday. It began by an explosion of some kind and spread with great rapidity, aggravated by occasional explosions, which interfered with the fire fighters. Water, too, was not sufficient. The burned district is bounded by Railroad avenue and Lloyd, Deatur and Collins streets. The losses are valued up at a half million dollars, nearly covered by insurance.

Editor's Wonders. Editor W. V. Barry, of Lexington, Tenn., in exploring Mammoth Cave, contracted a severe case of piles. His quick cure through using Bucklen's Arnica Salve convinced him it is another world's wonder. Cures piles, hemorrhoids, and all bodily eruptions. Only 25c at Fetzor's drug store.

When the baby swallows a penny, the doctor makes its father cough up 2 dollar or two.

Made Young Again. "One of Dr. King's New Life Pills each night for two weeks has put me in my teens again," writes D. H. Turner, of Danvers, Mo. They're the best of the world for liver, stomach and bowels. Purely vegetable. Never injures. Only 25c at Fetzor's drug store.

The true Christian calendar makes every day a saint's day.—Ram's Horn.

The Hague-McCorkle Dry Goods Co., Importers and Wholesalers. GREENSBORO, N. C.

Dry Goods, Notions and Hats. We solicit trade of Merchants only, and sell nothing at retail.

We cordially invite all merchants to call on us when in Greensboro or see our Travelling Salesman before placing orders elsewhere.

J. W. WOODBURN, Salesman.

GREAT OCEAN DISASTER.

Steamer Rio De Janeiro Goes Down Outside the Golden Gate Carrying 122 Persons to the Bottom. The Pacific Ocean steamer Rio De Janeiro was lost early Friday morning as it was entering the Golden Gate. It had been anchored to wait the light and passing away of the fog.

As it seemed to be clearing up the pilot started at 4:30 to enter, but struck a rock and the ship settled at once.

There were believed to be 201 people on board, though the roster was lost. Seventy nine were rescued, and ten bodies have been recovered and taken to the morgue.

The injury to the vessel was so great as to make it impossible to rescue the passengers, many of whom it is believed, did not succeed in getting on deck.

Among the distinguished passengers were United States counsel to Hong Kong, Mr. Rounseville Wildman and his wife and two children.

At the State Sunday School Convention at High Point, the following were elected as officers for the coming year, viz: President, Prof. Geo. H. Crowell, superintendent of the graded schools of high point; chairman executive committee, Dr. N. B. Broughton, of Raleigh; treasurer, Joe. E. Weathers, of Raleigh; statistical secretary, H. H. Snow, of Durham; recording secretary, S. M. Smith, of Elon College.

Forty-seven counties were represented with 215 delegates. The handsome sum of \$1,100 was received from the collection Friday night. The meeting as a whole seems to have been quite a success.

"The Lilly of the Valley."—New Book From a N. C. Writer. The beautiful Esartide book has been taken as the foundation of Miss Stockard's new book, which will be published about Easter. The work is pronounced one of rare value by masters of English.

Dr. Eugene Daniels has written the introductory. Miss Stockard is taking subscriptions herself. Book bound in cloth, gilt edge, old Stratford paper; price 75 cents. Address: Miss S. W. Stockard, Greensboro, N. C.

Atlanta in Waiting Wofulness. Jack Futrel in the Atlanta Journal says the saddest part of the big fire was that the depot escaped. He says the citizens stand discouraged, hopeless, buried in woe. No fire had ever brought more pain and grief all because the depot did not burn too.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Goss, an employee of Bartlett & Dennis Co., Gardner, Mo. "I had kept adding tea, cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, and one day I was in the drug store of Mr. Houlahan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always carried it with me. I get a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by M. L. Marsh.

God knows how much faith we have but tries us so we can honor Him with our faith.—Ram's Horn.

Working Night and Day. The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold at Fetzor's Drug Store.

To a woman a secret is like a pound of eighty cent candy, too good to keep.

A Frightful Blunder. Will often cause a horrible burn, scald, or bruise. Bucklen's Arnica Salve will kill the pain and promptly heal it. Cures fever sores, ulcers, boils, corns, and all skin eruptions. Best pile cure on earth. Only 25c a box. Cure guaranteed. Sold at Fetzor's drug store.

The lawyer has to give in when he gets home and argues the case with his wife.

In all stages of Nasal Catarrh the relief is cleanliness. As an expeller of mucus, Ely's Cream Balm is a cleanser, soothe and healer of the diseased membrane. It is not drying nor irritating, and does not produce any inflammation. Price 50 cents at druggists or it will be mailed by Ely Brothers, 54 Warren St., New York. Upon being placed in the nostrils it spreads over the membrane and relief is immediate. It is an agreeable cure.

EMMA BURGLARS IN COURT.

Case Continued—Mr. Alexander Not Able to Appear as Witness. A venire of 250 men was made to take up the case against the Emma robbers at Asheville Thursday but Mr. Alexander failed to make the progress expected and was pronounced by two physicians to be too weak to be brought into court. Judge Shaw apologized to the men and said all was done in good faith and hope that Mr. Alexander would be able to be present.

The Charlotte Observer of the 22nd says: "Sheriff Lee, of Buncombe county, arrived here last night with Russ Gates and Dudley Johnson, white, and Harry Mills and Ben Foster, colored, who composed the gang that robbed the postoffice at Emma, Buncombe county, a fortnight ago, and shot young Sam Alexander, who resisted them.

"Sheriff Lee stated last night that Superior Court is in session in Asheville, but that the trial of the men had been continued because Alexander's condition was such as to prevent him from being in court. It was feared that the prisoners would be lynched, and quietly, almost stealthily, Sheriff Lee put them on the train and brought them here for safe keeping."

Miss Coughenour Dead. Miss Barbara Coughenour died at her home on Loan Street Friday evening at about 6 o'clock.

She was about 63 years old. She lived a life of maidenhood and followed the profession of teaching for many years. Her only sister Mrs. J. C. H. Burkhead died on the 15th inst. at which time she was in delicate health and has not been well since.

Miss Coughenour was a good and consistent member of the Presbyterian church and was active in the work of Sunday schools and the auxiliary societies of the church.

Her home has been in Concord for 40 years. The funeral was conducted at the First Presbyterian church this (Saturday) evening at 3 o'clock by her pastor, the Rev. G. E. Cornelison, and the body was laid in the city cemetery. The pall bearers were Messrs. J. A. Sims, D. B. Morrison, A. F. Archibald, P. B. Fetzor, R. K. Black and W. L. Bell.

Stood Death Off. E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life. This remedy expels malaria, kills disease germs and purifies the blood, side digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health. Only 50c at Fetzor's drug store.

God knows how much faith we have but tries us so we can honor Him with our faith.—Ram's Horn.

At the Capitol Wednesday.

The Senate received at 1:30 p. m., the proper Committee from the House with the formal notice of impeachment of Chief Justice Furches and Associate Justice Douglas. On resolution by Mr. London, Lieutenant Governor Turner said: "Gentleman, you will bear the report that the Senate has received its message and will take proper consideration of the same as provided by law and the constitution."

The Committee returned to the House reported through Representative Winston, of Bertie, as follows: "Mr. Speaker: In obedience to the order of the House, we this day proceeded to the bar of the Senate, and in the name of this body, and of all the people of the State of North Carolina, we impeached, as we were directed to do, David M. Furches, late associate justice, and now Chief Justice, and Rob't. M. Douglas, associate justice of the Supreme Court of North Carolina, of high crimes and misdemeanors in office, and demanded that the Senate should take order for the same, and announced to the Senate that the House would soon present articles of impeachment and make good the same. To which the response was: 'The Senate has received the message, [will consider the same and take proper action thereon.'" The report of the committee was ordered spread upon the journal of the House."

Mr. Bray introduced a resolution in the Senate by request to prevent the use of tobacco by teachers.

In the house Mr. Moore introduced a bill to pay Dr. Cy Thompson \$500 extra for clerical help. Mr. Watts introduced a bill to place the statues of Vance and Macon in the hall of statuary at Washington and appropriating \$10,000 for the purpose.

Resolutions of respect to the memory of Dr. Kirby passed both houses with appropriate solemnity.

Memorial for C. H. Wiley. The suggestion to erect a monument to the memory of the late Dr. Calvin H. Wiley is a good one. He was the father of the public school system in this State, and the request, published elsewhere, for school superintendents to raise 50 cents on each school in his county is a very modest one. The graded schools might also contribute a handsome sum, by inaugurating a penny fund in each. Dr. Wiley was an ardent supporter of graded schools. The writer was intimately acquainted with his work in establishing the first Winston graded school, in the early 80's, when it was twice defeated by the vote of the people of that city. People interested in school work would honor themselves, honor the State, and honor his memory by erecting the proposed monument in the capitol square, where it would stand with those of Washington, Vance and the Confederate soldier. Let us give the educator a prominent place with the other patriots, and beloved dead.—Durham Sun.

B. P. R. Eggs for Sale. I have, weekly, for sale a limited lot of the very finest, throughout Barred Plymouth Rock hen eggs at one dollar and a half—\$1.50—cash, for fifteen eggs. Every egg warranted fresh and fertile. Feb. 7, 1901. PAUL B. MEANS.

A Convincing Answer. "I hobbled into Mr. Blackman's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he sold me Dr. Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I had then had no faith in any medicine as they all failed. He said: 'Well, if Chamberlain's Pain Balm does not help you, you need not pay for it, and I will refund your money.' I took a bottle of it, and after a few days I was cured, and in one week I was cured, and have not since been troubled with rheumatism." Sold by M. L. Marsh.

The begging church is a litle on the giving Christ.—Ram's Horn.

How can a man be sober when his health is drunk.—Ex.

THE LIBERAL ARTS.

NOTABLE EXHIBIT TO BE MADE AT THE PAN-AMERICAN. Vest Field Covered by the Exhibit and the Methods to be Followed in Its Illustration at the Exposition at Buffalo Next Summer.

The building which is to house the exhibit in manufactures and liberal arts at the Pan-American Exposition at Buffalo will be one of the most imposing in the splendid group surrounding the Court of Fountains. This building is 500 by 350 feet, with a central court over the entrance on the south.

Manufactured products and those illustrating the liberal arts are so closely allied that they naturally are classified in the same general group, and at the great exhibitions of recent years they have been housed under the same roof. Under the general classification of liberal arts are included such subjects as those of education and social economy, books, periodicals, scientific apparatus, hygiene and sanitation, musical instruments, public works, civil engineering, constructive architecture, photographs and photographic apparatus, medical, dental and surgical apparatus and other branches of intellectual activity. In deed it is the most progressive and noble of the tendencies and achievements of this age of enlightenment and civilization which are represented in the exhibits of this division of a great exposition.

The work of collecting and classifying the Liberal Arts exhibit for the Pan-American Exposition is now well under way and is in charge of Dr. Selim H. Peabody, whose successful handling of the same division at the great Columbian Exposition of 1893 marks him as the best qualified man on the American continent for the discharge of such a task.

The exhibits of the Liberal Arts division as well as those of other departments will be concentrated and representative rather than vast in extent and exhaustive in scope. Most gratifying progress has been made since the World's Fair at Chicago in methods of education in the public schools, universities and colleges of the United States and other Pan-American countries. The educational exhibit will give special attention to exemplifying this progress and showing the present state of our educational institutions. It is the intention to have models prepared representing the equipments of schools, colleges and universities. The exhibit made by the United States in the Paris Exposition will be removed to Buffalo for the Pan-American and will be supplemented with additional exhibits.

Closely related to the educational exhibit will be those in social economy and in hygiene and sanitation. Under the head of social economy will be included such subjects as charities and correction, co-operative associations and trades unions, apprenticeship and child labor, protection of workmen in factories and mines, workmen's dwellings, etc.

The division of sanitation and hygiene is one of great practical importance, and great progress has been made within a decade along this line. Indeed it may perhaps be said that the subject has become almost a science in itself, and certainly in its relations to the daily life of the people its importance cannot be too much emphasized. The exhibit at the Pan-American Exposition, which is under the immediate supervision of Dr. Jacob S. Otto, an authority in this branch of science, will comprise such subjects as physical culture, and the apparatus used in various institutions for this purpose—hospitals and dispensaries, boards of health—and their functions, foods, their chemistry, preservation and adulteration; mechanical methods of sanitation and sanitary architecture. The improved methods introduced into municipal departments in recent years will be shown as graphically as possible. In many cases models will be used for this purpose. Maps and models showing the disposition of garbage in cities and the cremation of the dead will be featured in the exhibit in this division. Sewer drainage will also form an important part of the exhibit. Especially timely, in view of the tenement house investigation recently conducted by a state commission appointed for that purpose, will be the exhibit showing the conditions in recent years will be shown as graphically as possible. In many cases models will be used for this purpose. Maps and models showing the disposition of garbage in cities and the cremation of the dead will be featured in the exhibit in this division. Sewer drainage will also form an important part of the exhibit.
