

PRESIDENT STILL DOING WELL.

Abdominal Incision Opened and Dressed - No Evil Results - President's Blood Stands Good Microscopic Examination.

President McKinley continues to improve. But one little jar has occurred. The abdominal wound showed some signs of irritation and it was opened Tuesday night and dressed. It gave a slight scare but gives no uneasiness to the doctors.

The wounds of the stomach have already healed as evidenced by the fact that the patient can take food and assimilate it without pain or uneasiness.

The bulletins have ceased to note minutely the temperature, the pulse and the respirations as they are so nearly normal as not to be of concern.

There is no pretense with the doctors that the President is out of danger, but that his condition does not indicate anything unfavorable.

The physicians have even drawn some blood from him and tested it by microscopic examination and find the corpuscles without any indications of blood poison or peritonitis.

The chances for recovery with the President seem to have been reversed. It should be as surprising now if he could not recover as it seemed at first if he should.

Big Cotton Fire Raging in Brooklyn.

New York, Sept. 11.—Fire late tonight in the Red Hook storage building, Brooklyn, owned by the New York Storage Company, has already done damage to the estimated extent of \$100,000 and property worth \$150,000 more is in danger of being destroyed before the firemen master the flames.

The building is filled with cotton and this may burn for hours. The structure is divided by fire walls into three sections and at midnight the cotton in one of these had been consumed or ruined and it was feared the great heat would overcome the strength of the remaining walls.

The ownership of the cotton has not been ascertained yet. Spontaneous combustion is given as the cause of the fire.

Over 5,000,000 Pounds Shipped. Dr. Edwin Gladmon, superintendent of the Southern Pines Sanitarium, who is visiting in Raleigh, says that 5,000,000 pounds of fruits have been shipped from Southern Pines this season.

This is mainly peaches and grapes. Some of the peaches were 9 to 11 inches in circumference. The truckers are giving up raising all grapes except the Delaware and only Alberta peaches are now grown.

These thrive best and bring the most money. Dr. Gladmon says the industry of growing grapes and peaches is increasing about Southern Pines.

Large concerns with ample capital are putting in vineyards and setting out peach trees, and the outlook is for a big increase in both in all that sand-hill section.

The rainy season this year ruined some of the fruit but in spite of that loss, the shipment was large.—News and Observer.

NO MORE HOGS.

Some Reasons Why Chicago Does Not Want More of Them in Her Streets.

The proposal to turn hogs loose in this town to improve it is to be disapproved because there are too many hogs loose in the town now.

The hog thrusts his knees into other passengers on the street cars. The hog tramps across other people's feet in theaters and public halls.

The hog, if at the end of a bench, will never move in, but makes others mount over his limbs. The hog puffs smoke into the faces of non-smokers.

The hog still spits in public places. He chuckles when mishaps overtake his neighbor in public.

The hog grunts when required to do something he ought to have done voluntarily. The hog thrusts other people out of his way without regard to their rights and sensibilities.

The hog carries his umbrella so to run it into others' eyes if they do not watch out. The hog keeps the space at a ticket window after he has procured his own ticket.

The hog leaves waste paper or food refuse where he sits or stands. The hog jostles everybody in a crowd, poking ribs, puffing his foul breath in others' mouths.

The hog wallows in mud and dares emit them in company unless rooted out in time.

The hog is profane, blasphemous, and indecent in public. It does not concern the public what he chooses to do when alone.

The hog will put his paws on the rungs of chairs occupied by others and will soil public benches with his dirty feet.

The hog is cruel to old age and to childhood.

The hog often drives a cab and recognizes no rights in pedestrians.

The hog is a litterer of streets, a defiler of crossings and walks. He leaps out of windows and slams doors.

The hog never begs pardon because it is not in hog nature to be conscious of giving offense.

The hog in a theater is a nuisance because he talks or sleeps during the finest scenes. The hog at a concert proves the truth of the new definition that "music is a vehicle of conversation."

The hog often occupies a box at the opera and proves himself by distracting attention from the stage to his sty.

We do not want any more hogs loose in Chicago.

The hog is not invariably of the masculine persuasion, by the way.—Chicago Chronicle.

Name of the Assassin is Pronounced "Chaalgosh."

Since the attempted assassination of President McKinley every newspaper reader in this country has been trying to learn the proper pronunciation of the surname of Leon Czolgosz, the man who shot him.

Many will recall that there was a similar interest and the same difficulty in pronouncing the name of Giteau, who assassinated President Garfield.

Mr. William M. Doyas, official interpreter of Polish and Bohemian languages in the United States immigration office at Baltimore, and himself a Pole by birth, says that the would-be assassin's name should be pronounced "Chaalgosh."

"The word is derived from a Polish verb," said Mr. Doyas which means to drag or creep or crawl. Used as a noun, it means a creeping, crawling thing, such as a snake. In the present instance the name seems most appropriate.—Atlanta Journal.

HOWISON IS EXCUSED.

Schley Court of Inquiry Adjourns to Await the Appointment of Another.

The Schley court of inquiry sat as appointed on the 12th. At the proper time Rear Admiral Schley rose and challenged the eligibility of Admiral Howison, presenting four counts and producing testimony which strongly indicated that the Admiral had expressed himself very emphatically on the Sampson-Schley issue with much disparagement to the latter.

Admiral Howison presented his rejoinder in which he disclaimed the acquaintance of one of the witnesses and had no recollection of much that was testified to but asked the court to decide every point in doubt in favor of Admiral Schley.

Admiral Howison was promptly excused and the court adjourned indefinitely to await the appointment of one to take the place.

The name of Admiral Jouett of Orlando, Fla., has been mentioned. The court will not resume before next Monday.

He is a Trusty.

A few days ago a negro "trusty" was sent to Greensboro for a wagon load of provisions for the convict force working on the southeastern part of the county.

On his return, and while near Mt. Hope church, the negro met a drunken white man who conceived the idea that there was whiskey in the wagon and that he must have some of it.

Upon being assured by the driver that he carried no whiskey, the drunken man stopped the team and attempted to climb into the wagon. At this juncture the negro grabbed a piece of plank which answered the purpose of a seat and dealt the intruder a blow that sent him reeling across the road, thus demonstrating his right to the title of "trusty."

Negroes Lynch Three Negroes.

Cairo, Ill., Sept. 12.—A mob of negroes last night broke into the jail at Wickliffe, Ky., across the river from this city, and lynched three negroes, Frank Howard, Sam Reed and Ernest Harrison. They hanged the men to a cross beam in John McCaulley's mill. The crime for which the men were hanged was the murder of an old and respected negro, Wash Thomas. Last Saturday night they waylaid Thomas on the railroad track, hit him with a club, falling him, and then robbed the dead body. The murderers confessed their crime before the mob.

The murdered man was employed in a tobacco factory. Everything was quiet in Wickliffe today, and the bodies of the men were still hanging at noon.

Celebrate Their Golden Wedding.

Rev. and Mrs. Levi C. Groseclose, who enjoy a hale old age at the home of their daughter in Eureka, Kan., celebrated their golden wedding yesterday. The members of Christ Lutheran church of that city, of which he was the first settled pastor, had charge of the services. A purse of gold and many other presents were received from the congregation and from friends in distant States. Rev. Groseclose is a native of Wythe county. He has led a very active life and labored faithfully and successfully.

Winston Lovers Rates.

The city of Winston seems in unusually good financial condition. At a recent meeting of the alderman the taxes were reduced from \$1.35 to \$1.00 on the \$100 valuation of property and of course the poll tax was reduced from \$4.05 to \$3.00. Water rent, too, was reduced so that city water costs but 20 cents per 1000 gallons.

The school board asked for \$15,000 to the graded school for the ensuing term and it was granted.

CONFEDERATE VETERANS PASS RESOLUTIONS.

At the call of the commander of Camp 212 U. C. V. a number assembled at 2 o'clock Sept. 14th.

Rev. T. W. Smith opened the meeting with an appropriate prayer. Capt. H. B. Parks presided.

On motion the commander appointed a committee who reported the resolutions appended. While committee was out the Rev. T. W. Smith addressed the meeting in eulogy of the deceased and in words of hope as well as of condemnation of the inspiration of our great sorrow.

RESOLUTIONS. Resolved: That we Confederate Veterans of Camp 212 of North Carolina, in meeting assembled at Concord, N. C., this 14th day of Sept. 1901, heard with horror, the assassination of our president, William McKinley, in Buffalo, Sept. the 6th by Leon Czolgosz and that we condemn this infamous act with all the feelings of scorn and execration possible.

Resolved: That we think and declare that the time has come when such villainy against the sovereignty of the people of the United States should be stamped out forever and quickly by sufficient statute law and in no wise tolerated longer under the guise of free speech in the name of liberty in this great republic.

Resolved: That we have heard with profound, painful sorrow of the death last night of our beloved president.

Resolved: That we, with the gentlest deference and respect, knowing that we can say nothing to alleviate his grief, do hereby tender to Mrs. McKinley our sincerest sympathy in her own and the nation's great affliction.

H. S. BRYAN, GEO. E. RITCHIE, WM. PROBST, PAUL B. MEANS, Com'.

Sept. 14, 1901.

Death Penalty Restored.

The death penalty for murder has been restored in Colorado and Iowa. In both States the imprisonment for life experiment resulted in largely increased list of homicides. There are now only four States in which the death penalty is not inflicted—Wisconsin, Michigan, Maine and Rhode Island.—Charlotte News.

What Might Have Been a Serious Accident.

Friday evening Messrs. Dan Moore, Will Robbins and several other gentlemen were explaining and showing with a pistol how Czolgosz held the pistol when he shot President McKinley. Mr. Robbins, with pistol in hand covered with a handkerchief, pointed it at Mr. Moore's abdomen several times not thinking that it was loaded he turned the barrel of the pistol to the ground and pulled the trigger and a ball passed through Mr. Moore's shoe missing his foot a small fraction of an inch. Mr. Robbins was very much surprised as was Mr. Moore and the other gentlemen near by, but all are thankful that none in the crowd was hurt.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Buckle's Arnica Salve wholly cured it in ten days. For Ulcers, Wounds, Burns, Boils, Pains, it's the best salve in the world. Cure guaranteed. Only 25c Sold by P. B. Feltz Druggist.
