ROYAL Baking Powder

Most healthful leavener in the world. Goes farther

ROYAL BAKING POWDER CO., NEW YORK

THE APPALACHIAN PARK.

Committee Favors It and Will Probably Report for \$10,000,000 Appropriation.

A special of the 19th from Washington to the Charlotte Observer gives much encouragement to the advocates of the Appalachian park. It says:

"There is a feeling to-night that the hearing on the Appalachian Park bill to day will be productive of results that the friends of the measure have hitherto hardly dared to hope for. In an entertaining, lucid, yet scientific manner the purposes of the proposed reserve were explained to the committee by Dr. McGee, of the Bureau of American Ethnology; Prof. Pinchot, of the forestry division of the Agricultural Department; Dr. Ambler, secretary of the Park Association; Prof. Holmes, Representative Brownlee, and Mr. Chas. Seymour, of Knoxville. After the hearing Representative Moody asserted his belief that the committee would make an appropriation of \$10,000,000 instead of \$5,000,000, saying that Chairman Wadsworth favored such an appropriation, and that the proposition for an increase also met the approval of Representatives Henry and Connell, the first named gentlemen being chairman of the sub-committee to which the matter has for the time being been referred. Not only this, but it was stated after the executive session of the committee which followed the public hearing, that Representative Williams would make no further objections to the passage of the bill. The hearing developed but a single disappointment. The North State delegation was not well represented at the hearing. Representatives Moody and Kutz were the only members of the delegation from the State who were present. Even the sister State of South Carolina was better represented. It is fair to state, however, that Mr. Bellamy was ill during the forenoon and could not leave his hotel, while Mr. Small was busy preparing a speech against the river and harbor bill. Others may also have had good excuse for the absence.

By careful and tactful questioning on the part of Messrs. Klutz and Moody many important and valuable points were brought to the attention of the committee. Once the former interrupted to ask if it were not a fact that many mountain land owners were at this time hearing for forests in a way that would have the approval of the government, to which Prof. Pinchot gave an affirmative answer, calling special attention to the Vanderbilt estate. The sub-committee is expected to report to the full committee very soon."

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure.

The New York Musical Courier calls attention to a southern cornetist named Burst, who has three children—Alice May Burst, James Wood Burst and Henry Will Burst.—Morning Post.

"Long tongues in men are a sign of what long ears are to quadrupeds—donkeys."

Kodol Dyspepsia Cure

Digests what you eat.

This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Distinguishes unnecessary. Pleasant to take. It can't help but do you good

Prepared only by E. C. DeWitt & Co., Chicago. 250 St. bottle contains five doses for 50c. Sold by Gibson's Drug Store.

RURAL FREE DELIVERY MAIL.

Four Routes in the County—How They Run—Post Boxes That Will Be Abandoned, Causing the Mails to Remain in Concord Post Office if Boxes are Not Put Up.

Now that we are to have four rural free delivery routes in the county there is much that should be borne in mind.

Route No. 1 goes southwest from Concord along the Charlotte road to the Pitts school house, thence northwest along the Poplar Post road to the Henderson place, thence west along the Springsville road to Cox's mill, thence east along the Springsville road to Concord. This route embraces 17 square miles and will supply 130 homes and 590 people. Mr. J. Mc. Caldwell is the carrier.

No. 2 goes northwest from Concord along the Salisbury road to A. M. Cook's store, thence northeast to Erskine post office, thence south along the Charlotte road to Tulin post office, thence southeast along the new road to the U. C. Furr place, thence southeast along the Salisbury road to Concord. Area is 18 square miles with 150 houses and 650 people to receive mail. Mr. Oliver T. Unberger is the carrier.

No. 3 runs northeast along the new Salisbury road to Mt. Mitchell church, thence southwest (returning) to the Shiva place, thence southwest along Cline's store road to the Pink place, thence northwest along the Mt. Gilgled road to Rufus Cline's place, thence southwest, west and northwest along the Center Grove road to the Murph place, thence southeast along the Salisbury road to Concord. The area is 17 square miles, number of houses 135 and population 610. Mr. Joseph A. Walter is the carrier.

No. 4 proceeds along the Mt. Pleasant road to St. John's church, thence along the Kirk's Ferry road to the crossing of the Mt. Pleasant and Salisbury road, thence northeast along the Salisbury road past Foll's mill to the cross roads at Furr's store, thence along the Gold Hill and Concord road to Concord. The area embraced is 16 square miles, number of houses 115 and population 520. Mr. John H. Ritchie is the carrier.

On these routes there will be 15 general collection boxes similar to those placed in town. Springsville, Tulin and Erskine post offices will be abandoned at the request of the postmasters.

Carriers will leave Concord about 10 o'clock, when the principal morning mails will be in and will return in time for the outgoing mails by the evening train.

Now the matter to which we wish to call especial interest is that subscribers to The Standard must direct us about sending their papers, that is, on what route they live. If they have boxes their papers will reach them promptly. If they have no boxes and there is no post office in their community their papers will remain in the post office at Concord. We hope, however, that all will avail themselves of the generous act of the government to send their mail to them every day.

The system will be a great convenience. The mail carrier will deliver registered packages and take packages to be registered and receipt for same. He will supply those who want stamps and may be a general convenience by which to send and receive merchandise, etc., (the terms being such as may be agreed upon) so far as it may not interfere with his duties as government.

Let it be remembered that drop letters received on these routes bear the same postage as when passing through two or more offices, that is a letter costs 2 cents postage.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Ed Morgan's Life Spared.

Mr. M. H. Caldwell, the attorney for Ed Morgan, succeeded in getting the sentence of Ed Morgan commuted from hanging to life imprisonment.

The Governor took this action Tuesday. It saved Ed Morgan from the gallows on the 31st. It seems to be a case again in which the solicitor accomplished more than he wanted to for after the conviction Mr. Webb joined those who petitioned for the commutation. The action of the Governor is probably entirely satisfactory with the general public.

GEN. MILES NOT PLEASED.

Will Resign His Office if the Hawley Bill Becomes a Law.

Senator Howley, it is said, at the instigation of the War Department, has introduced a bill that, in effect, takes away the functions of the General-in-Chief of the army and places them with a general staff till the retirement of the present incumbent when the office is to be abolished. This stirred the blood of Gen. Miles who appeared before the committee Thursday and gave his views in no mistakable terms. He says it is subversive of the interests of the military establishment and gave it to be understood that he would resign his office if the bill becomes a law.

THE WILCOX CASE.

Lawyers Pleading—Lawyer Makes Powerful Speech—Probabilities of Conviction Increased.

The Wilcox murder case is being argued and will probably go to the jury Friday.

The suspicion is so strong and the circumstantial evidence so impressive that the prosecution can plead with much force. Mr. J. Heywood Sawyer asserted with such vehemence that the prisoner is guilty and wove around it such a net work of convincing pleas that there may even be a conviction.—Daily of 20th.

HALF MILLION DOLLARS INVESTED

Cabarrus County Copper and Gold Mine Have New Capital Put in Them.

Salisbury, N. C., March 18.—With a paid up capital of \$500,000 the Chicago Consolidated Copper and Gold Mining Company has been organized. It will operate gold and copper mines in Cabarrus county, near the Union mines, within four miles of Gold Hill.

Captain R. D. Card, manager of the Oddie Mine, is the manager of the new company, and four shafts already slightly sunk show splendid outlook for copper and gold.

Charlotte to Leave Mr. Andrews.

A Greensboro special to the Charlotte Observer says:

"Greensboro people learn with pleasure that Mr. E. M. Andrews, one of Charlotte's best known business men, will become a citizen of this city. He has rented a residence here and will move his family in the near future. Mr. Andrews will engage in the furniture and music business, in which he has been so successful in Charlotte."

Kluempelberg-Hourne Wedding.

Mr. H. A. Kluempelberg, of Charlotte, and Miss Mamie Louise Hourne, of Albemarle, were married in the Lutheran church at Albemarle on Wednesday evening, the 19th, by the bride's pastor, Rev. C. B. Miller.

The groom is a well known and very estimable and successful merchant of Charlotte and his bride is the oldest daughter of Mr. and Mrs. S. H. Hourne, of Albemarle. She is possessed of the peculiar charms of an accomplished young womanhood.

The wedding was an imposing function and the bride was the recipient of a profusion of costly and valuable presents.

The bridal pair took the South bound train for Palm Beach, Florida, Havana, Cuba, the Charleston Exposition and other points of interest.

They will return to Charlotte by April 10th.

Five Children Borne by one Mother in 13 Months.

We are informed of a very singular occurrence in Montgomery county. Thirteen months ago the wife of Mr. Richard Boston, whose residence is at Mt. Gilgled, gave birth to twins. The two little ones are living and in excellent condition. One day last week this same mother increased the population of Montgomery by the birth of triplets—two girls and one boy—all of which are well developed and healthy children.—Wadesboro Courier.

Young Lady Dead.

Miss Mary A. Story, of Forest Hill, died Thursday night at 10 o'clock of typhoid fever.

Miss Story was about 16 years old and was a bright girl.

The funeral services were conducted at 5 o'clock this evening by the Rev. Mr. Huggins and the remains will be laid to rest in the city cemetery.

We extend our deepest sympathy to the parents in their bereavement.

Right Man Not Wanted.

The pension grabbers have at last won their point. H. Clay Evans, the Commissioner of Pensions, one of the first appointments of Mr. McKinley's administration, has for five years stood with a club between them and the Treasury, but they have finally succeeded in pricing him out and the joy among the "comrades" is great. His successor will probably be an easy mark.—Charlotte Observer.

THE SHOTGUN WAS LOADED.

She Did Not Want Parks Stone to Go Shooting and When She Jerked at the Gun in His Hands It Was Discharged—She Will Recover. It is Said.

The accidental discharge of a shot gun yesterday morning so badly lacerated the leg of Minnie Allen, a white woman, living at 421 West Hill street, that amputation, above the knee, was necessary. She is at St. Peter's Hospital and her physicians state that she will probably recover.

Her own carelessness, said Minnie Allen, was responsible for the accident. At 10:30 o'clock Parks Stone, a young white man, who lives on South Church street came to her house for his gun, a breach-loader. He picked up the gun and told the woman that he was going out to shoot robins. She told him, playfully, that he should not go. As he started to leave the house the woman grabbed the gun at the muzzle and sharply pulled it toward her and downward. The gun was discharged, the contents—bird shot—entering the calf of her right leg, tearing away the flesh and splintering the bone.

Chief of Police Irwin happened to be in the vicinity of the woman's house and hurried to the scene. He arrested Stone and held him till the woman had made a statement, declaring that Stone was not responsible for her injury. Then Stone was released.

Minnie Allen was taken to the hospital, where an operation was performed. A phone message from the hospital last night stated that her condition is satisfactory.—Charlotte Observer of 21st.

ALBEMARLE NEWS.

Mrs. Betts Has Attack of Heart Failure—Bites & Reeves Store Burned at New London.

An Albemarle special of the 17th to the Charlotte Observer says:

"Mrs. Lizzie Betts suffered an attack of heart failure this morning, but soon revived and is now considerably better. For a while her life was despaired of.

"The store of Reeves & Biles, of New London, six miles from here, was burned last night at about 11 o'clock. The origin of the fire is unknown. The firm carried stock valued at \$2,500. They had \$1,500 insurance.

"Rev. H. Morris, of this place, who has been ill for the past four months, was carried to Baltimore yesterday for treatment. An operation will be performed. He was accompanied by his physician, Dr. W. J. Hill.

"Mad dogs are again on the rampage in this part of the plantation. A rabid dog was shot on the streets here yesterday and four other dogs which he had bitten were also dispatched."

S. C. DAY AT CHARLESTON.

20,000 People on the Ground—County Prizes.

Thursday was South Carolina Day at the Charleston Exposition and was the biggest day yet. It is estimated that there were 20,000 people on the grounds. The county prizes for the best exhibits were awarded. They were announced by Gov. McSweeney as follows:

Spartanburg first prize, \$1,000; Chester second prize, \$500, and Darlington and Georgetown tied on third prize.

A Simple but Effective Remedy.

Mr. R. S. Phipps told the Patriot the other day of a simple but effective home remedy for colic in horses that should be known to everyone. One evening last week one of his plow horses came in from the field suffering with a very severe case of colic. When unhitched the horse lay down and would have died in a few minutes had not Mr. Phipps acted on the suggestion of a neighbor woman who happened to beat his house at the time. She told him to burn some cotton rags in a bucket and let the horse inhale the smoke and it would recover. The thing appeared so simple that he was incredulous, but he tried it, anyway, and in ten minutes the horse was up eating his feed. He is convinced that the remedy is superior to any other and is willing that others may know of it.—Greensboro Patriot.

Girl Stolen by Father.

A very singular occurrence happened in Grove township last Friday. Mr. Willie Turnage of that section, had won the affections of a Miss Fowler, and it seems that the father was willing to the match but the girl being determined to let her father take his course, stole the girl from his own home and took her to the home of Mr. McKinsey, where she was joined in marriage to Mr. Turnage. He is 19 years of age and the bride is also of 19 summers. Elder Turner performed the ceremony in the presence of a few friends.—Dunn Banner.

Homicide in Wake.

Quincy S. Adams shot and killed John Nipper in Barton Creek township, Wake county, on Friday. The coroner's jury says it was self defense and released the young man, who gave himself up at once when the deed was done. Nipper was drinking and was overbearing, striking Adams and his mother with a rock, when the young man gave him the contents of his shot gun.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. B. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat a crumb of bread without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest what you eat.—Gibson Drug Store.

MR. KUTZ'S VIEW.

What He Thinks of the Proposed Crumpacker Bill.

The Washington correspondent of the Raleigh Post says of Hon. Theo. F. Klutz's views on the Crumpacker bill.

"The Crumpacker resolution is far-reaching, more so than is indicated on the surface. It is boldly proposed that a partisan committee shall be chosen to ascertain how many negroes are disfranchised in the southern states. This information is to be gathered in Washington for Republican campaign purposes and used in the North to influence the negro vote in the states that are close. There is another purpose in view, which has not yet appeared. The Republicans expect to lose the House. By revolutionary methods they can convert the expected minority into a majority. For this purpose it will only be necessary to bring out the figures of this investigating committee and show their figures as to the number of voters claimed to be disfranchised. Enough southern representatives can be denied their seats to overthrow a Democratic majority."

Charlotte Day.

Everybody who comes from Charleston these days declares that the exposition is kind of holding its breath and stirring about in preparation for the advent of the Charlotte people on Charlotte day, April 30th. The many people around here who are going to Charleston on the auspicious occasion are anticipating much pleasure and profit in and out of the midway, but the first thing that most of the visitors will do will be to go out and search for those ancient buzzard-birds that pester around the streets of the old-time town and pass the time of day with the natives.—Charlotte Observer.

When Will the Knight and Ladies of Honor Die?

When the lion eats grass like an ox and the fish-worm swallows the whale; when the robbers knit woolen socks and the hare is outrun by the snail.

When serpents walk upright like men and doodle bugs travel like frogs; when grasshoppers feed on the hen and feathers are found on the hog.

When thomas cats swim in the air and elephants roost on trees; when insects in summer are rare and snuff never makes people sneeze.

When fish creep over dry land and mules on velocipedes ride; when foxes lay eggs in the sand and women in dress take no pride.

When Dutchmen no longer drink beer and the girls get to preaching on time; when billy-goats butt from the rear and treason is no longer a crime.

When humming birds bray like an ass and limberger smells like cologne; when plow-shares are made out of grass and the hearts of true Knights and Ladies of stone.

When ideas grow in idiot's heads and wool on the hydraulic ram; then the Knights and Ladies of Honor will be dead and the country won't be worth a cent.—Selected.

Headache often results from a disordered condition of the stomach and constipation of the bowels.

A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by M. L. Marsh, druggist.

SPRING!

Big Line of Wall Paper.

Just the thing to interest you—give home a spring look. Nothing expensive—10 and 20 cents for double rolls, and looks as well as 25 and 30c paper—can't tell the difference. And while you are thinking of Papering don't forget that we have the floor covering. Biggest and best line of

MATTING

in town. No trash. The celebrated FIBRE CARPET. That's all.

Cannon & Fetzer Co.

Chairs Instead of Beds. A New York institution gets its name "chair house," from the fact that human beings so poor they can not buy a lodging at the cheapest Bowery resorts, puts up five cents for a chance to occupy a chair for the night. By 11 o'clock the night's contingent is fast asleep in the chairs, the usual number being 25 or 30 men, of all kinds and degrees of decrepit proverty.—Anderson Intelligencer.

Two farmers in Kansas traded children recently, one man giving a ten-year-old son and a load of corn for a thirteen-year-old daughter, and the transaction was made a matter of record in the county clerk's office. Both families are well-to-do and the reason for the trade was that on had no sons and the other no daughters.—Anderson Intelligencer.

Could Not Breathe.

Coughs, colds, croup, grippe, bronchitis and other throat and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family."—Gibson Drug Store.

What's Your Face Worth?

Sometimes a fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at Fetzer's Drug Store.

"The fellow who sits around expecting to get something for nothing is still sitting—but he never hatches."

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by M. L. Marsh, druggist.

Men may pretend that they like to have their wives dress for sense and comfort, but the times when they give them an extra allowance are when they come home and see them in something mighty foolish but mighty pretty."
