VOL V.—No 28.

CONCORD N. C. TUESDAY MAY 31, 1892.

WHOLE No. 649

The Monument to the Victim of the Mafia.

New Orleans, May 30.—The monument erected to the late Superintendent of Police David C. Hennessy, who was assassinated by the Mafia in October, was unveiled at the Metairie Cemetery yesterday. Addresses were made by Ex-Mayor Shakespeare and Mayor Fitzpatrick.

Lynch Law in West Virginia.

Huntington, W. Va., May 30.—It is just learned that Jim Smith, a colored desperado, was lynched in Logan county on Saturday. Charles Serpella, a twelve-year-old negro, was found with his throat cut and his pockets rifled. A watch, given him by his employers, was found in Smith's possession. Before the sheriff could bail Smith, he was seized and swung. He died drinking from a flask as long as he could hold it to his lips. This was his fourth murder.

The Severest Storm That Ever Visited Randolph.

Randleman, N. C., May 30.—The vicinity of Asheboro was visited by a very severe storm yesterday. One dwelling was almost entirely demolished while several other buildings were damaged, among them, I am told, the Banner Hotel. Fruit trees were blown up and all are of one accord that it was the worst storm ever known here.

Here's a Road to Free Coinage.

Washington, D. C., May 30.—This government has received notice that France and Germany will send delegates to the international monetary conference, which assures its assembling. It is understood that the correspondence on the subject will be sent to the senate during the present week.

Fire in Brooklyn.

Brooklyn, N. Y., May 30.—The Issac Remsen Carriage Manufacturing company, Nos. 740 to 750 Grand street, and other buildings, mostly cheap dwellings, were burned today. Loss \$150,000, of which \$115,000 falls on the carriage manufacturing company. Insurance \$85,000. The fire broke out at 2:30 o'clock this morning and several persons were burned and otherwise injured in escaping, but no fatalities occurred.

Disastrous Cloudburst in Missouri.

Webb City, Mo., May 30.—A terrific cloudburst flooded this city and surrounding country last night. The water fell in great masses and flooded the streets to a depth of eighteen inches on a level. All the lead and zinc mines in this city are flooded nearly to their tops, and the loss will be enormous.

Jackson Whips Slavin.

London, May 30.—Peter Jackson, the colored pugilist, whipped Jim Slavin in ten rounds today. It was a complete knock out. Slavin was the favorite in the betting at all sorts of odds, heavy amounts being up at five to two.

Coaxing the Hebrews to Leave Russia.

St. Petersburg, May 30.—The cabinet has decided that Jews who are desirous of emigrating shall be provided with permits free of charge and be relieved of military service. Other immunities will also be granted.

THE MEANS ROAD LAW.

An Argument in its Favor.

MR. EDITOR:—In your last issue of the Standard we noted an article written by G. E. Ritchie, Esq., condemning the "Means road law." In said article he says "we have a good road law now in our county and let us not swap it for one that is no better than our old state law under which no county can have good roads. We do not see how he can compare the Means road law to the "old state law," when the Means law provides us with four days free labor and a special tax of 15 cents on the hundred dollars valuation provided said tax is needed to keep up said roads in said townships.

The public roads in No. 6 township always have been accepted and kept up by the four days free labor while we have been paying under the present road system about \$140 special road tax and have received but very little of the \$140 dollars on our roads in No. 6 township. We do not see how any one can say that the Means law is no better than the old state law when it gives us a special tax if needed, said tax to be kept in said township and only to be used in keeping up the public roads in said township. Our friend says the "Means law is very severe in its demands and suggests many fines and imprisonments." But he failed to inform the voters of No. 6 township that the present road law is severe and suggests fines and imprisonments fully as severe as the Means law.

We do not wish to have our hands tied behind our backs (as he says) nor do we intend to step backwards in adopting the Means law but our intentions are to make a great step forwards in adopting said law. We agree that "bad roads are one of the main wet logs that hangs around our neck" but we claim that we can have better roads under the Means law than we have now under the present road system and save that \$140 dollars special road tax that we are paying at present.

The principle reason we petitioned for the Means law was that the majority of the people were complaining that taxing a township and not receiving the full benefit of said tax was equal to "taxation without representation." Our friend failed in his article to inform the voters of No. 6 township that the present road system provided a special tax of 15 cents on the hundred dollars valuation of property and forty-five cents on each poll and also four days free labor.

"We hope and also urge all the voters of No. 6 township to come out to the election" and vote for the Means road law.

Respectfully,
J. H. D. WALKER,
A. J. LIPPARD.

The Record Broken.

Knoxville, Tenn., May 19.—Signal's Lily Flagg, a Jersey cow owned by General Sam Moore, of Huntsville, Ala., has just broken the record as a butter producer. She has gone through a year's test and is now ahead of the record, with four days to spare. Her production for the year will be approximate to 1,040 pounds. This makes her the finest Jersey cow in the world. Her pedigree is all right and her record true.

COL. FATHER TIME.

It is announced from Washington that at midnight, May 31, five months of this gay and festive year is gone—gone, forever gone.

Our readers must appreciate the enterprise displayed in this home of household literature manufacturing, in that we are enabled to get the portrait of Father Time—the first time he's appeared in print.

The old gentleman carries no Waterbury and he doesn't carry it in his hip pocket, as does a prominent druggist of Concord.

That chain is strong, but the little kid isn't—right on Father Time moves and his shadow will grow larger after July 1st.

It may be remarked that Father Time is right smart of an Angel, if wings mean much.

Our Position, Politically.

Progressive Farmer.

For a few weeks The Progressive Farmer has been "in the swim" politically. We do not hate politics, but we despise partisan methods. But there are times when we feel it our duty to push up our sleeves and exercise the rights of a citizen. Though in no case have we done this unless we thought we could serve the cause and the people we represent. We have not been actuated by a desire to aid any man or party.

Of late we have given everybody a hearing. Democrats, Republicans, Prohibitionists, People's party men, all have had the use of our columns to give vent to their feelings. After this issue no partisan matter will appear in our columns. So our friends will please save time and trouble by not writing such matter. We shall do our best to educate. Our advice shall be as in the past: "Vote for the men and parties that will serve you best."

Thomas Clapp.

Miss Emma Clapp, daughter of Dr. J. C. Clapp, of Newton, was married last Tuesday afternoon to Prof. W. H. Thompson, of Massachusetts. Prof. Thompson has been teaching in Catawba College. The happy couple left that evening for the North, where they will spend the summer.

Alliance President for Elias Carr.

Marion Butler's Caucasian.

Mr. Elias Carr for governor is exactly in line with this policy. He represents the principles of reform on which the alliance and other reformers are practically a unit.

The nomination of Mr. Carr, ex-president of the state alliance, is a capital selection, and should receive the support of all who favor good government. He will lead the ticket to victory. The ticket as a whole is an admirable one and will be strongly supported.

Henry Utley and Albert Freeze went hunting Monday evening and came back with a dozen squirrels.

Cannons, Fetzer & Bell.

Now about Segars, before the war I always smoked Henry Clay's but since the old man is dead his boys have let the brands run down and I had to give 'em up entirely. I find the only place I can get a decent Segar is at Fetzer's Drug Store. Did you ever try 'em? well, you just drop in there some time. You won't be disappointed. Fetzer seems to have the knack of getting hold of about all that's worth having in that line, and the fact is you'll get a better Segar there for five cents than nine tenths of the Segar stores in the country will give you for ten.

And by the way, Fetzer's is the best place in the State for iced drinks, Soda-water, Lemonade, and such stuff, if you ever drink anything as mild as that. I do occasionally. A man will get a little behind on water sometimes, you know.
