The Billville Banner.

We won \$7 and a pair boots on the late election and were still hurrahing for Cleveland in the hope of getting a shirt.

It takes Billville to give the country a lesson when it come to voting. We voted six times before breakfast, and then voted again to get an appetite for dinner.

Billville holds a ratification meeting to-night. On Sunday morning a collection will be taken up to help defray the funeral expenses of the Republican party. Please omit flowers.

Our mother-in-law was elected coroner by a handsome majority, and seven men in town have since dropped dead on the streets. They believe in giving a poor woman a chance.

There will be preaching in the late Third party headquarters in Billville on Sunday morning next, and after the funeral services the building will be sold to the lowest bidder.

Billville is ablaze with glory. Every man in town is wearing a tariff reform shirt made out of the American flag. They save washing too.—Atlanta Constitution.

A Visitor for 75 Years.

The publisher, Mr. James Enness of Raleigh, has sent us a copy of Turner's N. C. Almanac for the year 1893. This is one of the oldest publications in the South, this being the fifty-seventh year of its publication. It is a recognized Standard Almanac of the State, and is of great value to the people of the State. The edition for 1893 is better than ever, beautifully printed and has much needed information for lawyer, merchant, farmer, and in fact everybody. As the years come and go this old landmark of our State literature never fails to improve on former issues. Beside its calculations, which are always correct, it contains an Annual State Record of important events of the past year, State Government; practical suggestions to the farmer, teacher and household; sparkling and much other valuable

information sought by everybody during the year. The Almanac is sold by merchants throughout the State, and is one of the most profitable and readily selling articles upon the market in season.

Purnell on the Result.

Editor Purnell, of the Greensboro North State, says that Otho Wilson, Third Party chairman, and Dr. Exum, its nominee for Government, had frequent conferences with Republican Chairman Eaves at the State Fair last month, Moody, Republican nominee for Lieutenant-Governor, and Purnell talked affairs over in this city. Then they agreed that they stood no chance, but were right then beaten, and Purnell said if he could honorably surrender the nomination for Attorney-General he would do it.

The negroes, he declared, had voted the Democratic ticket by thousands. The color line has been broken, but the Republican party was broken, too. The whole business has gone to wreck. The Third party has fallen bodily into the pit. Mr. Purnell sees no further hope for the Republican party in the State. He declares confidence in the Third party.

The Jeffersonian Democratic Club of No. 8 Township, To

The unterrified Democracy, its committee, candidates, speakers, workers, rank and file, one and all—greeting: Accept our heartfelt congratulations for the glorious victory won. We all may now confidently look for better times. And to those who have fallen from grace, we commend the following lines, taken from the good old orthodox hymn, which reads:

"While the lamp holds out to burn,
The vilest sinner may return."

MALARIA WINTERSMITH'S Tonic Syrup or Improved CHILL CURE.

The most successful remedy for Fever and Ague ever known. Prevents "Malaria" in its various forms. Contains no Quinine, Arsenic nor any deleterious substances whatever. Reasons of its superiority over Wintersmith's Tonic over Quinine and other Remedies. The remedies usually given only prevent the paroxysm or break the chill, without reference to the condition the system may be left in after the chill is removed; whereas the more breaking of the chill is but a small part of what is required to effect a radical cure. A proper use of Wintersmith's Tonic never fails to remove the cause and cure the most obstinate case of fever and ague. Two Sizes—50c. & \$1. ABBIE WINTERS & CO., Agents, Louisville, Ky. For sale by D. D. JOHNSON, Druggist.

IMPROVEMENT OF SOAP

The Great Labor, Time, Money and Clothes Saver.

A trial of this soap will convince the most skeptical that it is one of the most wonderful, yet simple, discoveries of modern times for the relief of labor in washing and cleansing. No one who has given it a trial could be induced to do without it. Its use will become general in every family and household, as it has done to every community where it has been introduced, on a practical test of its merits.

REASONS WHY IT SHOULD BE ADOPTED.

1. Simplicity, cheapness, and ease of preparation.
2. Economy, as much less soap is required to do the same amount of washing and cleansing, and yet do it more perfectly.
3. Your clothes will last much longer, and it does away with all the hard rubbing on the washboard.
4. Any kind of water can be used, hard or soft, warm or cold.
5. No necessity for-boiling clothes.
6. Yarns, flannels or silk can be washed without the least damage fulling or hardening them.
7. It is admitted to be the best mode for washing bed clothes ever discovered.
8. It will remove grease spots from clothes or fabrics of any kind with cold water, and it is also of great value to grocerymen as grease can be removed from cans, buckets and all kinds of vessels by simply using cold water.

Call on H. McNamara, and he will furnish you with a sample of soap prepared by Kasey's new process, or will prepare your soap at home, free of cost to you, and will give any information you may desire concerning his new process of making soap. Family rights for sale. Money refunded if not satisfactory. For particulars see or address, H. McNAMARA, Agent for Cabarrus County, N. C.

BOTANIC BLOOD BALM

Pure blood is what oils the machinery of life, eases every movement of the body, removes stiffness of the joints, drives out pain from the nerves, stimulates the brain, protects the liver and kidneys from irritation, enables physical exertion without fatigue, prolongs life, and makes men and women perfect in health and feature. Good blood and good brain are inseparable. Aim to keep the blood pure by using the only true blood remedy, B. B. B. (Botanic Blood Balm: Miss S. Tomlinson, Atlanta, Ga., says: For many years I have been afflicted with rheumatism combined with severe kidney troubles, indigestion and nervous prostration. Several physicians were employed and numerous patent medicines resorted to without benefit. At last I began the use of B. B. B., and its effect was like magic. Rheumatic pains ceased my kidneys were relieved, and my constitution improved at once.

Z. T. Hallerton, Macon, Ga., says: Three years ago I contracted blood poison. I applied to a physician at Macon, and his treatment came near killing me. I employed an old physician and then went to Kentucky. I then went to Hot Springs and remained

two months, but nothing seemed to cure me permanently, although temporary relief was given me, I returned home a ruined man physically, with but little prospect of ever getting well. I was persuaded to try B B B and to my utter astonishment it quickly healed every ulcer.
