## CAPT. F. A. MCNINCH DEAD.

### There Were Rough Times When He was in Office but He was Equal to all Emergencies—A Former Official of the City Passes Away.

Capt. Frank A. McNinch, whose illness has been noted in the News, died at his home in the city, at 2 o'clock this morning. He was in his 52nd year, and leaves a wife and four children, and a brother, Mr. A. N. McNinch, who lives in Concord.

Capt. McNinch was born in Chester, S. C., and came to Charlotte 25 years ago. He had since been prominently identified with Charlotte. He was a man of more than ordinary intelligence, and was possessed of great courage and energy. He served as chief of police under the DeWolfe administration in 1880—82, and under the succeeding administration of Mayor W. O. Maxwell.

In those days Charlotte was not what it is now. The rougher classes from the border who periodically invaded the town, received their first check at the hands of Capt. McNinch. It required a man of just his nerve and courage to tackle the class whose suppression was so much desired, and his four year's administration worked a wonder in reform.

When a "hard case" had to be handled, he would not send his men but would go in person after the offender. He had many hard personal bouts, but always got the best of it, in every instance. The late Wm. J. Yates frequently referred to him, in the Charlotte Democrat, as the best chief of police the town had known to that time.

Capt. McNinch was a constant attendant upon the recent Moody meetings, and was one of Mr. Moody's converts. The funeral services will be conducted from the residence, corner Sixth and Poplar streets, at 5 o'clock this afternoon. —Charlotte News.

### Sunshine in the House!

"I am weary with work!" the good wife sighed. "But after all," she said, "it's sweet to labor for those we love—

No wonder that maids will wed!" A wise housewife lightens her toils and gladdens the home circle by her cheerfulness. But health is the first requisite, and her just prerogative. Health follows the use of Dr. Pierce's Favorite Prescription, which repairs the ravages caused by those peculiar diseases which afflict womankind. It enriches the blood, cures the cough, increases the flesh, prevents hysteria, nervousness and low spirit, and is a veritable fountain of health to women, young and old. Satisfaction, or the poise (\$1.00) refunded. Of druggist.

### School to Continue.

Having been requested by several to continue a school until the last of May, we respectfully ask all pupils from the fifth, sixth, seventh and eighth grades to meet us in the seventh and eighth grade rooms at the school building on Thursday afternoon at 2 o'clock, preparatory to beginning regular work on next Monday. This delay is owing to the fact that the colored schools will not close until Friday. Terms from \$2.00 to \$3.00.

Respectfully,  
E. P. MANGUM,  
M. W. BALL.

Those wanting shad, Wednesday morning, will please leave their orders at A L Sappenfield's. 2ts.
