CONCORD AUGUST 6, 1894.

ONLY A POPULIST GHOST.

The election of the Democratic State ticket in Tennessee by a majority even larger than that by which the State was carried for Cleveland in 1892 has a very encouraging significance at this time.

In ordinary times Democratic success in Tennessee might have been taken for granted; but there, as in Alabama, North Carolina and other Southern States, the Populist has caused some doubt.

The Populists had united with the Republicans in a fusion ticket, and had made so noisy a campaign in its behalf that the Democrats were seriously alarmed. Under these circumstances the defeat of the fusion ticket is more than any ordinary party victory. It is a victory for genuine politics against the dangerous alliance of every character of humanity and schemers. This is an encouragement to honest Democracy to make a decisive battle against the latter day fallacies.

What has happened in Tennessee, may be expected in North Carolina.

LITTLE SNAPS.

In another column you will see what a hanging fellow feels. We have no way of telling just how correct the solution is, but if any are not disposed to credit the article's accuracy, they know how to test it.

The habit of growling and complaining grows. Let us all stop it. Perhaps if we could reproduce here the timely and sensible remarks of Rev. William Wilson on a recent occasion, many of us would quit.

That large and interesting congregation, Sunday night, was but a practical demonstration showing how Dr. O. M. Payne is appreciated by Concord at large. The downtown churches closed to attend the closing services of Dr. Payne's pastorate with the Presbyterian church. May his lot be cast in just as pleasant lines, in the future.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lung. Each bottle is guaranteed to do all that is claimed or money refunded. Trial bottles free at Fetzler's Drug store. Large bottles 50c and \$1 00.

Notice.

All who have borrowed books from the Rev. O. M. Payne, will please return them at once.

The Tennessee Elections.

Memphis, Tenn., Aug. 3.—Official returns of the elections for this county show the straight Democratic ticket to have gone through complete by majorities ranging from 917 to 4,725. The average falls about 1,200 short of the majorities secured in 1892. In the other counties of West Tennessee the Democrats have held their own barely. In some counties the Fusionists have elected their county ticket, while the Democratic nominees for the Supreme bench have received large majorities. This is the case in Obion county where the Democratic Supreme court gets a majority of 600. This indicates that the Populists have sacrificed the Republican Supreme court nominees in order to get in the Populist candidates for local offices. In Maury county, Middle Tennessee, including the city of Columbia, the Democrats have a gain of 1,300 which offsets the loss in Shelby. Hon. Wm. H. Carroll, chairman of the State Democratic committee, to-night figures that the Democratic Supreme court candidates get a majority of 20,000, which is 5,000 greater than Cleveland received in 1892. The returns now in, however, indicate a still greater majority and there is no possibility that returns not yet received from other counties could defeat the ticket.

The Rep. Pop. Fusion as Seen Abroad.

The Republicans of North Carolina propose to follow the example of their brethren in Alabama by fusing the sorry remnant of their organization with the Populists. There is no surer sign of the decay of a party than in its seeking after such an alliance. What makes this coalition of the enemies of the Democratic party in North Carolina more necessary, and at the same time more precarious, is the heavy loss of the colored voters by the Republicans. As the colored citizens have become more intelligent and more keenly alive to the value of their political rights the Republicans hold upon them has become more feeble. But the Republican loss has not been the Populists' gain, and the two factions united in North Carolina will not be able to make head against the old-fashioned Jeffersonian Democracy. —Philadelphia Times.

Webster the Only Standard.

Superintendent John E. Massey has issued a circular letter to the city and school Superintendents of the State, calling their attention to the fact that Worcester's Dictionary has been ruled off the State list, and Webster's will be the only standard for Virginia schools hereafter. Children now having the Worcester dictionaries will be allowed to continue their use until the copies they have are exchanged or worn out. All new purchases must be of Webster's. —Danville, Va., Register.

The issue between the Democrats and Populists in Alabama will be joined next Tuesday, and the contest will be closely watched by outsiders. The chances at this time are that General Oates will be the next Governor and that Kolb will again be given a back seat. Such a result would not only elevate a worthy man to the position, but would administer a deserved rebuke to a party composed of visionaries and advocates of the wildest kinds of vagaries.

The road question that disturbed the St. John's neighborhood has been declared off. The work of the commissioners was done for nothing.
