SWUNG TO A TREE.

A Negro Lynched in Florida for Assaulting a White Girl.

Starke, Fla., Sept. 13.—A negro named Jim Smith was lynched near here early this morning by masked men. The negro had attempted to assault Miss Wiley, a young girl. Sunday night the negro entered Miss Wiley's room, while the family were at church, and hid under the bed. After the girl had retired the negro crawled out and attempted the assault. Miss Wiley screamed and her father ran in and recognized the negro. The negro escaped but he was captured this morning, and while being taken to jail, a mob overpowered the officers and swung the brute to a convenient tree.

Can't Do Without It.

Mr. John L Robinson, of Forest Hill, who is now at the Commercial College in Charlotte, writes us for the Standard, and says: "Please send me the wide-awake little daily; I must have it. I cannot stay here without it."

Marvelous Results.

From a letter written by Rev. J Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Raves Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzer's Drug Store. Regular size 50c, and \$1.00.

How Prisoners are to be Kept.

The State Board of Charities has issued the new rules for the government of all prisoners in this State. These direct that persons accused or convicted of crime shall be kept separate from debtors, and those convicted of crime separate from all others, as far as possible. Children are to be kept separate from older prisoners. Prisoners are not to make any disturbance whatever, curse or swear, or talk boisterously. To suppress disorder and vicious conversation or violation of rules, the sheriff can feed prisoners on bread and water or imprison in a dark cell. There shall be no punishment by blows. Prisoners shall not be fettered save for the purpose of being transported, or after attempting to escape or assault a jailor, &c, or upon order of a judge.

Four Big Successes.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, coughs and colds each bottle is guaranteed—Electric itters, the great remedy for Liver, stomach and kidneys. Bucklen's Arnica Salva, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at Fetzer's Drug Store.

All Pain banished by Dr. Miles' Pain Pills.

AT BETHPAGE.

Centennial Celebration—Presbytery Adjourns—Interesting Exercises.

Concord Presbytery, held at Bathpage church, was interesting throughout the three days session. The centennial exercises on Thursday were historical, instructive and of interest to everybody. At 10 o'clock in the morning Rev. William Pharr, D. D., presided and conducted devotional exercises, followed by a sermon by Rev. J Ruple, of Salisbury, whose subject was "Christian Unity." The address at 11 o'clock by Rev. B F Wilson, president of Converse College, at Spartanburg, S. C., was superb, his subject being "Presbyterian Influence on Christian Citizenship."

About 2 o'clock the evening exercises were opened by Dr. J S Laferty, reading the "Historical Sketch of the Church," which was prepared by Mr. T A Flemming. This paper gave the whole history of Bethpage Presbyterian church for the past one-hundred years, and was interesting and instructive.

Following this addresses were made by several of the former pastors and supplies in attendance.

After a report of the Sunday school work and work of the societies in the church, prayer and singing, the benediction was pronounced and Presbytery adjourned.

Boys, You Are Spotted.

A certain resident of North Main street said to a Standard reporter that he expected to see the dummy coach come down the line some day at a break-neck speed, with a terrorizing animal with long horns doing the pulling. A cow was grazing in the lot where the coach stands and the rope attached to the cow was tied to the platform. Some mischievous boys have got on to a scheme to make "old red" snort at a furious rate. Of course it was natural to see Annie, the broke-up dummy, puffing and blowing to get the coach in motion, but it would be nothing to compare with a ferocious cow. Young Americans, be careful.

Special Notice.

New York, Sept. 10, 1894.
I will be home in a few days and will have a larger opening than ever before. I can promise my friends and customers a more varied line of millinery at lower prices than ever before, the importers having waited the passing of the Tariff Bill before withdrawing their goods from the custom house. I am assured that by prolonging my stay I can have newer goods at more popular prices. Trusting to be favored by your continued valued patronage, I remain,
Very Respectfully,
MISS MARY BRACHEN.

Coal.

I have been in the coal business for three years and have secured the agency of the largest company in the best coal district in America. I can handle coal to the very best advantages for my customers, and will be glad to supply the trade here with hard, soft and shop coal. Respectfully,
K. L. CRAVEN.

Campaign bills are harder to collect after the campaign than undertakers' bills after the funeral.

No matter what happens, the man with a boil on his nose has something to look forward to.

SHOOTING AT CHESTER.

Renewal of a Feud Results in the Mortal Wounding of John Gladden.

Chester, S. C., Sept. 14.—Mr. John Gladden's family shot this morning by Mr. Smith Darby. These two gentlemen have been enemies for the last three months. It seems that about two months ago Mr. Gladden and Mr. Darby fell out about a woman, and in a fight Darby shot Gladden twice in the leg. Gladden has been confined to his bed until this week, and last night he walked up to Darby's house, by the aid of crutches, and asked Darby to come out, saying he would kill him. Darby refused to open his door and Gladden left, saying, with several oaths, that he would see him again in the morning. This morning he went back to Darby's house, when Darby shot him twice with a double-barrel shotgun and once with a pistol, all three shots taking effect. Gladden is still living, but there is no hope of his recovery. Darby came in at once and surrendered to the sheriff.

A Promising Young Man Dies.

News was received in the city this morning announcing the death of Mr. Frank C Stafford, son of Mr. S M Stafford, of Harrisburg. Mr. Stafford had been sick for several weeks with malaria fever, but it settled in his head, causing congestion of the brain. He was an unusually promising young man and his death brings grief to his many friends and relations. The funeral services were conducted this (Thursday) evening at 4 o'clock at Rocky River church.
