INDIVIDUAL INSTRUCTION

President Eliot in a recent lecture before the Lowell Institute uttered these significant words: "Instruction to individuals instead of to classes is coming to the front. A single special faculty in a mind, though dull, detected and trained, may make all the difference between a useful and useless life, a happy and a miserable one."

How better can you detect the particular bent of your child's mind, the special channel in which his ability lies, than in securing for your home that greatest of all libraries, the *Encyclopædia Britannica*, now for a short time placed within your easy reach.

With these noble books at hand your child will naturally select that line of reading which proves to be in the line of his natural bent, for the *BRITANNICA* represents every line of study.

President Eliot says further: "Individual instruction has been too costly—that is one reason why it has not been more

Universally Adopted

And President Eliot spoke the truth. But he stopped just a hair's breadth short of the whole truth, for he should have added:

"Since the *ENCYCLOPÆDIA BRITANNICA* has been brought within reach of any one who can save Ten Cents a day no one need be without individual instruction."

No one who has the new edition of the *ENCYCLOPÆDIA BRITANNICA*, we say, need be without individual instruction. It is a complete education of itself, and can be obtained now, for a short time, at the unheard of rate of Ten Cents a day.

To Erect a Monument at Andersonville.

Macon, Ga., April 8.—The local Grand Army of the Republic is taking active steps to erect a monument to the Union soldiers buried at Andersonville cemetery. The Andersonville prison holds a prominent place in the history of the war between the North and South. There are upwards of 30,000 Union soldiers buried in the cemetery. Excursions are run from all parts of the South on this occasion of the annual memorial services under the auspices of the Grand Army of the Republic. The speakers on these occasions are old soldiers of rank on either side in the late struggle. Macon is the nearest city to the famous cemetery and Macon people encourage the Grand Army of the Republic in its efforts to erect the monument.

Mr. Wilson Sloan, better known by our people as Pat. McGuire, is in the city today.

CONVENE AND NOMINATE.

The Colored Fusionists and Republicans Met Last Night.

There was a considerable stir among the colored people last (Tuesday) night, the occasion being a massmeeting of the voters in Ward 4, to nominate men for the town officers in that ward.

The convention was held in the old colored Methodist church in rear of Scotia Seminary. The meeting was called to order by Chairman Boger, after which Gabriel Rome was seated as president.

It seems there are three factions in the party and that it was difficult no little to come to a decision as to whom the convention would choose for school commissioner. Some wanted to run Rev. Logan, but Logan declined to run. The names of Bob McRea, Jones Montgomery and Jake Boger were then put in nomination, Boger receiving the majority.

The meeting did not put out candidates for mayor or aldermen, but will do so at their meeting tonight.

A meeting has been called for next Tuesday night, but it is said that the weakest faction will meet tonight and reconsider last night's work, and put out a ticket to suit themselves.

Bill Junker was present and orated on the ability of Jake Boger for the office to which he had been nominated, and that he was deeply gratified with the result of the meeting.

Just as we were going to press J. L. Montgomery informed us that his name was not put in nomination. He also states that there is no meeting called for to night.

Thirtieth Anniversary.

There are a number of old, gray-haired soldiers in this city and county who will recall to memory this day's parolling of soldiers of Lee's army at Appomattox just 30 years ago. It was a bright beautiful day, just such as this, Wednesday, the 10th day of April.

To The Wanting Public.

I wish to announce to the ladies of Concord and surrounding community that I am prepared to do any kind of work in dress making and cutting. I solicit a trial.

U. S. COMMISSIONERS.

Trouble Among the Brethren of Republican Faith Who are Here Looking After Plums.

The atmosphere in the Benbow House office is blue. Senator Pritchard is here to look after the appointment of U. S. Court Commissioners. It seems that Judge Dick has called for the resignation of all the commissioners in the district. One of the best lawyers at the bar says this course of Judge Dick is illegal; that a commissioner cannot be removed except for cause. Asking for resignations is but a sly way of coercing simple minded men to get out of the way.

Senator Pritchard does not hesitate to severely criticize Judge Dick for what he regards as partisan conduct about the commissioners. The Senator asked Judge Dick to appoint some men because they were in every way qualified and good Republicans. Judge Dick said he would not listen to any application made on political grounds. This rather displeased Pritchard, and he is reported to have said "What do you think Gen. Grant would have said if he had been asked to appoint you because you were a good Democrat with a Republican skin?" Pritchard says he is tired of this non-partisan Republican position of Judge Dick which means playing into the hands of the Democrats.

Ex-Congressman Ewart is just as hot as Pritchard, and Jim Cheek and many lesser lights are here doing just as much "jussing" as Pritchard. Judge Dick is certainly getting it from his Republican friends.

A prominent Republican here says there is a great fight before Judge Dick about the commissioners, that District-Attorney Glenn really does the appointing for the Judge and that when there are two Democrats after the place the fight is fierce; but where there is a Democrat and a Republican, that is easy, the Democrat is appointed on non-partisan grounds.

Truly the Republicans are in hot water, and the Democrats are getting their own. "The Lord will provide." —Greensboro Record.

Democratic Executive Committee for This City.

The several Ward Committees appointed last Friday night to meet and elect a township Democratic Executive Committee for the ensuing year, met at the court house Tuesday night and elected the following five men:

- W. H. Odell, Chairman; at large.
- Ward 1—J. L. Hartsell.
- Ward 2—J. L. Crowell.
- Ward 3—J. A. Cline.
- Ward 4—W. L. Bell.

Old Employees Discharged.

Raleigh, April 9.—There is a sensation and much feeling is aroused by the discharge today by the Seaboard Air Line of six more of its veteran employes in the shops here. Among these is Albert Johnson, the oldest living locomotive engineer, who in 1839 entered the service of the Raleigh and Gaston railroad.

SHOT DOWN FROM AMBUSH.

Two Young Men Brutally Assassinated in Lenoir County.

Ernest Sumner and Charlie West, the one fifteen, the other nineteen years of age, who resided with their parents, near Arden, in Bancomte county, were assassinated in a most brutal and cowardly manner Friday night; as they were returning home from that place, just after dark.

They were riding "double" on one horse, and were shot from ambush, when near the house of Jesse Sumner, a neighbor and cousin of the Sumner boy killed, the latter receiving twenty-two shots in his back and nine in his right arm, dying instantly. West's bowels were shot out and though he still lingers, he must die. Officers of the law were on the ground shortly after the killing, and their investigations resulted in forging such a chain of facts to connect Jesse Sumner with the horrible crime and he was arrested and committed to jail.

Young West died Saturday afternoon and was buried in the same grave with Sumner Sunday. The coroner's jury returned a verdict charging Jesse Sumner with the death of the two boys.—Salisbury Herald.

Every member of the Delaware Legislature was present when the one hundred and sixth ballot for United States Senator was taken at noon yesterday. The deadlock entered upon its thirteenth week yesterday and the lines are as strictly drawn now as they were when the contest began, notwithstanding the death of Governor Marvil Tuesday, which it was thought would hasten a solution of the question.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Fetzer's Drug Store, Regular size 50c and \$1.00.
