### The Murderer of Welsh.

Sheriff J M Hood, of Lancaster county, S. C., got requisition papers from Governor Carr, of this State, for Chas. Lloyd, who was arrested at Monroe for killing young Welsh near the Haile gold mine, and went to Monroe Friday for his man, but when he reached there he found a mob of 30 or 40 ready to take the negro and lynch him. The would-be lynchers came from Kershaw, S. C., and a few joined in from the town. But by the shrewdness of Sheriff Hood, Chief of Police Ashcraft and Sheriff Ben Horn, the prisoner's life was saved. He was slipped from the jail and brought by a round-about way to Charlotte. Leaving there at 4 o'clock they reached here at 10 o'clock yesterday morning. Soon after Sheriff Hood boarded the train for Columbia with his bird.—Charlotte Observer.

### Baseball.

It was disappointing Saturday when it was learned that Forest Hill couldn't play Concord. The boys had arranged to defeat the boys on the hill, if such is possible. A game was had, nevertheless, between the first nine and the Stars, which resulted, according to the score card, in a victory of 38 to 18 in favor of the little fellows. Though the playing was hum on either side, it was full of fun and the large crowd perched on the bleachers enjoyed immensely the contortion act of Smith and the pretty plays of J O Frank.

On Friday the "female baseball boys," of New York, will arrive in the city, when a game will occur between them and a home team.

### Central Hotel To Change.

Sunday morning's Charlotte Observer is the authority for quite a business surprise. The Central hotel, which has been so ably and successful managed for years by Messrs Eccles and Byan, is to change hands the 1st of the year. E R Thorton, of New York, and G C Campbell, of Maine, are the men who have leased it for ten years.

### School Announcement.

Miss Marshall having taught so successfully for the past two years in Concord, will again open her school, Monday Sept. 2nd, in the same building. She endeavors to meet the demands of a school combining thorough mental work with the best Physical and Moral developments. Terms \$1.50, \$2.00 and \$3.00 per month. a31.

### HE HAS HYDROPHOBIA.

A Fourteen-Year-Old Boy Near Pineville Develops It After Being Bitten Four Years Ago.

In Pineville township, not far from the town of Pineville, can be seen a sad and touching sight—a young boy about fourteen years old, stricken with hydrophobia. A few days ago while at school he became suddenly sick and was taken home. Now he lies suffering and biting at everything that comes about him. He seems to be in perfect agony at times. The attack comes on him by spells; caused by a current of air or a change of any kind tending to bring on excitement.

About four years ago the boy was bitten by a little dog that had been bitten by a mad-dog.

The boy's name is Arthur Satterfield, a son of Mr. Leon Satterfield.—Charlotte Observer.

### Lightning Storm.

Saturday night about 8:30 o'clock a small cloud full of thunder and electricity hung over Concord.

The flashes of lightning were quick and numerous, and the peals of thunder intensely loud. The lightning struck the cupola on the home of Mr. M J Freeman, on South Main street. It knocked off shingles, shattered the window sash and splintered up a floor. The house is lighted by electricity and the wires enter near the roof. Here the lightning left the roof and followed the wires, with the result of burning lights out in other parts of town.

Had it not been for those wires it is believed that the damage would have been much greater if not the house burnt. No one was hurt.

It is reported that a lady was stunned at the Cabarrus Mills and is now prostrated.

### Morris Arrested and Taken to Charlotte.

Jep Morris, the man that claimed to have eaten so much watermelon one night last week, was arrested this morning by Chief of Police Boger on a capias sent over from authorities at Charlotte for carrying a concealed weapon. It will be remembered that Morris was badly cut in a general melee at Belmont springs, near Charlotte, on Easter Sunday last. It appears that Morris was not as successful in concealing his pistol as he was in concealing watermelons.

### Dr. R. S. Young Elected County Physician.

At the court house today (Monday) the election of county physician took place. There were only two names presented, those of Dr. R S Young, of this city, and G O Wilson, of Harrisburg. Dr. Young's vote stood 14, while Dr. Wilson received 1.

### Knights of the Maccabees.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Fetzer's Drug Store. Regular size 50c. and \$1.00.

### WHAT THE REPORTS SHOW.

Sunday Schools Have a Fair Attendance—An Increase of 6 New Members.

Notwithstanding the fact that the campmeeting in Stanly and the revival at Mt. Olivet attracted many of the Sunday school children Sunday, there was a fair attendance at all the churches. At the Union school there was an addition of one, at Forest Hill Methodist the increase was five, which makes a grand total of all the white schools of the city 1,687. The attendance September 1 was 934, as follows:

### Fruit Acknowledgements.

THE STANDARD was remembered today by two parishoners, to whom we extend the heartiest thanks.

Mr. A F Lefler brought us a sack of nice pears. They were extremely fine.

Mr. William O. Petrea, of St. John's, brought a dozen apples, the largest ever produced in this county. The dozen weighed ten pounds. Mr. Petrea did not remember the variety. This dozen would make apple dumplings for a large family for a whole week.

### Friday's Sport.

The announcement of the coming of the woman baseball team to this city on next Friday is an event that has been more generally discussed than the great money problem or the rise in the price of cotton. It will be an interesting game, with the following corps of handsome young gentlemen as their antagonists: Caldwell, G; Fisher, J; Brumley, F; Smith, L; Caldwell, W A; Cook, H; Kessler, R L; Beard, B; Frank, A; with W W Morris as umpire and J A Deaton as scorer. All of the above nine have signified their willingness to play with the exception of Mr. Beard, who has not yet been consulted.

### Building School House to Let.
