### DOUBLED IN FIVE YEARS.

The State Has Twice as Many Cotton Factories as in 1890—Secretary Hester Writes to Governor Carr.

RALEIGH, N. C., Sept. 3.—The State Agricultural Department today issued a specially valuable bulletin giving lists of all manufacturing enterprises in North Carolina. That portion of it which is of greatest interest is in regard to cotton mills. This shows that eleven mills are now in course of construction, that the stock in eight more has been subscribed and that 149 are now in operation, spinning or weaving. Besides these, there are twelve knitting mills, one silk mill, one towel mill, four bag mills and one manufactory of sash cord and cording. There are thirteen woolen mills in operation. The total of all is 192; Alamance county leads, having 22 cotton mills; Gaston has 21, Randolph 15 and Mecklenburg 13. There are mills in 41 of the 96 counties. There are reported 19,000 looms and 756,000 spindles.

Henry G Hester, secretary of the New Orleans Cotton Exchange, has sent Governor Carr the following telegram:

"I congratulate you and the people of North Carolina on her remarkable progress in cotton manufacture. She is now practically equal to South Carolina, the largest cotton consumer in the South. By the actual census of mills North Carolina has consumed of this year's crop 227,000 bales, an increase of 55,000 over last year. She has new spindles which may be brought into play in 1895-'96 which, with fair trade conditions, should increase her total to at least 250,000. In 1890, North Carolina consumed 114,000 bales. So your State has practically doubled her cotton manufactures within the past five years."

### Juvenile's Lawn Party.

The lawn fete by the Juvenile Missionary Society of Forest Hill Methodist church for home missions was a success. Although there was not more than half the usual attendance upon occasions of this kind under the auspices of the gentler ones, about \$60 were realized. The little ones were made merry while the older ones enjoyed their merriment. Ice cream parties are doubtless done with for the season, owing to the coming oyster crop.

### Knights of the Maccabees.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Fetzer's Drug Store. Regular size 50c. and \$1.00.

### Building School House to Let.

On Sept. 16 at 1 o'clock, at the school house site of Dist. No. 10, white, we will let to the lowest, responsible bidder the contract for building a school house on said site. Plans and specifications will be made known on above date, or in the meantime by calling on the undersigned. CHAS. A. SHEERWOOD, D. T. LITAKER, W. N. BARNHARDT, Committee.

September 2, 1895.

### THE NEW ORGAN.

Central Methodist Church to Have a Pipe Organ—Mr. Benson Will Doubtless Be Their Organist.

Tuesday night the board of stewards for Central Methodist Episcopal church, South, held a meeting at the parsonage to confer and advise in regard to the purchasing of the proposed pipe organ for that church.

It was decided to get it, and the following committee of three was appointed and empowered with authority to purchase and have built, the same: Rev. R H Parker, Mrs. W J Montgomery and Mr. L D Duyal.

It is very probable that Mr. R P Benson will be secured as organist.

### Attention! Company G:

You are ordered to appear at your armory in full dress uniform Friday evening, the 6th inst., at 6 o'clock sharp, for annual inspection by the Inspector General of the North Carolina State Guard.

W. S. BINGHAM, Capt.

### High Handed Usurpation.

The Burlington News says a few things that makes it appear that he, too, is in the middle of the road:

"The Commissioners passed the anti-bicycle law Monday night in the face of the protest of 200 citizens. The vote was, aye: Andrews, Hall, Heritage, Pickett and Tate. No: Erwin, Montgomery and Ross. The least we can say is, it is the most high-handed usurpation of authority ever visited on a country town. These citizens will be heard from again."

### For the Fathers to Consider.

It is rumored that a paper will be prepared and presented to the town commissioners at their meeting next Tuesday night requesting them to prohibit the rolling of wheelbarrows, hand carts and baby carriages on the sidewalks.

If there is any truth in the above, and if the commissioners take any action thereon, THE STANDARD suggests that some one appear before the honorable body and make some effort to rid the streets of the annoying crowds that congregate on the sidewalks on Saturday nights and that every wench caught on said street after 9:30 o'clock, or some stipulated time, without an escort be arrested. As it is, 'tis bad, and as time rolls on, the nuisance grows.

### The Moon in Eclipse.

From 12 until 2 o'clock Tuesday night the moon was in eclipse. A good many people watched this natural phenomenon, several watch parties having been made up late in the evening.

One man who was out rather late, saw that things were not working alright according to his way of thinking, whereupon he called at a certain physician's house and asked the doctor: "What is the trouble with the moon?"

### For over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

### FROSTS IN THE NORTHWEST.

The Cotton Crop Has Improved in North Carolina During the Week.

WASHINGTON, D. C., Sept. 3.—The Weather Bureau, in its report of crop conditions for the week ended September 3, says:

The week has been generally favorable for maturing and securing crops and for plowing and seeding.

Late corn has experienced a general improvement in the principal corn State and is maturing rapidly.

Cotton picking is now quite general over the southern portions of the cotton region and will commence in the northern portions next week. Complaints of rust and shedding continue from Georgia and Alabama but condition of the crop in Arkansas is less favorable than previously reported. Cotton has improved in North Carolina and late cotton has been improved in Texas by recent rains, which, however have been unfavorable for the early crop. In Tennessee cotton is suffering from drought.

Much tobacco has been cut and housed under favorable weather conditions during the week. In Maryland and Virginia, tobacco has suffered much from drought.

Frosts were general on Saturday and Sunday from Montana to Michigan.

### To the Citizens of Concord.

On and after the 20th day of this month of August, I will open out a first-class meat market and will be glad to serve the public with their needs in the fresh meat line. My place of business will be in the McNinch store room, first door above marble yard on West Depot street.

Respectfully,  
 J. F. DAYVAULT.

### It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill. writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c. for large bottle. At Fetzer's Drug Store.
