A DIFFERENT SORT OF TIME.

When it is 12 m. in Charlotte, it is 11 o'clock in Atlanta—Exposition Visitors Should Get Their Watches Set Right.

At 12 o'clock next Wednesday, President Cleveland will touch an electric button in Washington, and instantly the machinery of the exposition in Atlanta will be put in motion and the South's greatest show will formally open. In Atlanta, "the time" is one thing that will be apt to confuse thousands of visitors, for Atlanta is located in that belt of the country that is governed by central time. Eastern time is the standard observed here, and in all that section of the country embraced in the 75th meridian; then comes the 90th meridian, or central time, and west of that, it is what is known as red time.

Unless visitors make a note of this difference in time they are apt to be put to many little annoyances. If those who go from this section will set their watches one hour fast, on reaching Atlanta they will have no trouble on the score keeping the correct time for Atlanta time is just one hour slower than Charlotte time. When it is 12 o'clock noon here, it is 11 o'clock in Atlanta. It is easily seen how this hour's difference in time may work trouble for those careless about such matters, especially when they want to be prompt at dinner, at the theatre, or more particularly when they want to catch a train for home. Charlotte people shouldn't forget that when it is 1 o'clock in Charlotte and fix their watches so that they will not get muddled.—Charlotte News.

[If they set the watches one hour fast, Mr. News, don't you think their owners would be two hours ahead of time. A train is due at Atlanta at 11 a. m. and a Charlotte man has a watch with Charlotte time and he moves this up one hour. If the man goes to the depot at 11 o'clock (Atlanta time), what time will his (Charlotte) watch indicate?]

Matters Theological.

Mr. W. J. Boger, son of our countryman, Mr. Dan'l Boger, of No. 10, left this (Tuesday) morning for the Mt. Airy Lutheran Seminary, where he takes his second year in theology.

He was accompanied by his friend, Mr. Wessinger, of South Carolina, who takes his third and last year. Mr. Wessinger preached at St. Martin's, near Bost's Mills, last Sunday.

Marion Art School.

Miss Bettie V. Alexander, who has for the past several years taught successfully the Marion Art School in this city, has reopened with a large class in the rooms formerly occupied by her at the home of Mrs. Paul B. Means. Class hours are from 3 to 5 o'clock p. m., every day except Saturday. Tuition \$3.00 to \$4.00. s16 3t.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. mw1&w

WHY NOT ORGANIZE.

It is High Time Something Be Done—People Wonder, But the Cause is Plain—Board of Health Wanted.

No town with the enterprise Concord is possessed of should be without the most essential parts pertaining to the health of the inhabitants thereof, and as it is unquestionably a great need, why not the citizens band themselves together and organize a board of health, and empower them with authority to clean up the town and make the sanitary condition such as it should be.

It is a noted fact the citizens will stand idle by and see and hear of persons pass out of existence from malarial and typhoid fever, and then wonder what the cause can be, when if they would consult their sensitive smellers they could readily tell that hog pens, out houses, dead rats, cats and chickens and decayed vegetation are the causes of the prevailing and unusual amount of sickness.

It is necessary that this matter be dealt with immediately, for very many of population are complaining.

We have been lenient with the sanitary authorities concerning sanitary matters, but the time has come when we are compelled, prompted by a general complaint, to call attention to the public generally. Let the people act.

Five Murderers Escape Madison Jail, One a Noted Criminal.

RALEIGH, Sept. 16—Governor Carr is advised of the escape of five murderers from jail at Madison and offers a reward for their recapture. The men are George Hensley, Rodney Shelton, James Shelton, Ninevah Gosnell and Newsome Mace and are all white. The jail is extremely insecure. The State had been at considerable expense to secure the arrest of Hensley, who is a noted criminal.

Rev. J. C. Martin Passes Away.

NORFOLK, Va., Sept. 16—Rev. J. C. Martin, pastor of Queen-Street Methodist Episcopal church, and a prominent member of the Virginia Conference, died in this city tonight at 9:30 o'clock, 59 years of age. He leaves a wife and six children, three sons and three daughters. He had been sick about three months.

The Amount Paid for Insurance.

The official statement of the Secretary of the State of the business done by fire insurance companies in North Carolina for the year 1895, shows that the state has been drained by outside companies to the amount of \$685,377.22. Of this amount something more than half has been returned to the State in payment of loss. But about \$332,000 of this money, paid in premiums to companies outside of the State, has gone never to come back again in the payment of losses or any form.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzner's Drug store Regular size 50c. and \$1.00.

CONSIDERABLE INTEREST

In Gold Mining in This Vicinity—Grain and Fruit Crops Generally Good—A Native Cabarrusite Writes a Complimentary Article to a Chicago Paper.

Capt. George W. Fisher, who is a native Cabarrusite and father of Mrs. R. A. Brown, of this city, and who is on a visit here from his adopted home in New Orleans, writes to the Chicago Stockman from this place the following interesting article about Cabarrus and Stanly, and the vicinity in general is pleased to see the enterprising spirit of the farmer and manufacturer, as well as miners, working the respective industries for what there is in them:

"In my trip here from New Orleans I traveled through a portion of six Southern States and found that the fruit and grain crops of all kinds are generally good, and the people hopeful and prosperous. They seem to feel that if we could have Democratic rule a few years longer we would have flourishing times again. The tariff question is working splendidly and our great country will grow in spite of the silver question.

There is considerable interest being manifested in gold mining here in adjoining counties. I believe the largest piece of gold that has ever been found in this country, 28-lbs, was found a number of years ago at the Reed mine in this county, (Cabarrus,) fifteen miles south of Concord. This mine is being operated now. There is another mine being worked by a Philadelphia company only a few miles from the Reed mine. There was a ten pound piece of gold found two weeks ago near Albemarle, Stanly county, twenty-five miles east of Concord, also a four pound piece with a few smaller nuggets at different times since. There was a nine pound piece of gold found on the Howel Parker farm 35 years ago, six miles north of Albemarle. Quite a number of mines are being worked in this and adjoining counties, some of them near the United States mint at Charlotte, only twenty miles west of Concord. "They have six large cotton factories here and two more in prospect and have a progressive class of farmers and business men here, with a good class of horses and other stock generally in good condition.

"Our whole southern country is growing and coming to the front with great possibilities and if Greeley were living today he would not only say "young man" but "family home seekers, go South."

"Politics are running quiet here. The Populists seem to have considerable swing in some sections of the State, but they are certainly hard run for talent when they chose Marion Butler as a leader and when he is found in the seat, formerly occupied by the late lamented Gov. Zeb. Vance, it will make that chair look like a house for rent. Reforms are brought about by great leaders and Butler don't fill the bill."

GEO. W. FISHER.

Work About Done.

Faithfully has Register Weddington and his assistant been working on the tax list for the past six weeks or more, and it is a great relief to them to know that the end is near at hand. They will doubtless finish this week.

Master John Goodman is sick (?).

FIRE INSURANCE.

Having transferred my Fire Insurance business to Messrs. H. I. Woodhouse and B. E. Harris, I commend them to any who may be in need of fire insurance, and bespeak for them a liberal patronage.

Respectfully,
J. W. BURKHEAD.

We have assumed the Fire Insurance business of Mr. J. W. Burkhead, comprising the agencies for several first-class and well established companies, and respectfully solicit a liberal share of business in that line. August 26, WOODHOUSE & HARRIS. tf
