**THE HOME MERCHANT.**

The home merchant, says the Durham Sun, is entitled to your trade and ought to have it, as against the itinerant dealer or the merchant of some distant city. He spends his money here. He builds a home which enhances the value of all property. He helped pay for the church in which you worship, and the school to which you send your children. He cannot afford to misrepresent his goods or swindle you. Self interest alone would prevent this. He stays with you in sunshine and storm, in times of prosperity and days of adversity. He bears his share of the burden of good government. When a subscription paper is passed he is first approached.

These are a few of the reasons why you should patronize the home merchant. And if he keeps the goods you want and sell them at the right price, and lets the fact be known by means of an advertisement in the local paper he will be very apt to get his share of the trade.

Gastonia Gazette: The constitutional convention now in session in South Carolina not only won't have any woman's suffrage business in its new constitution, but refuses even to allow the General Assembly to monkey with it. The fact of the business is, womankind has not yet asked for suffrage, and the South Carolina way of putting the woman's suffrage baby to sleep strikes us as being a particularly happy piece of work.

Bob Deal has been to Atlanta and he says, speaking of the Exposition, in his Wilkesboro, Chronicle: "It reminds one very much of Wilkes county." After the Chronicle gets well read all over the North, travel will switch off at Greensboro and rush in on Wilkes county. But won't it be hard on Atlanta?

There has been two lynchings in Ohio in the last ten days. Why don't the great Northern moralists open their guns?

The Raleigh News and Observer has received its type-setting machines. This is enterprising with an earnestness. THE STANDARD congratulates the Raleigh Daily, the best ever coming out from the State's Mecca.

We don't believe in lynch law, but we make one exception: If Murderer Holmes looks like the picture the artist (that has already distinguished himself by his work on the Raleigh News and Observer) made of him for Thursday's issue,

he ought to be lynched, right away.

Chin Wah, a New York Chinaman, wants a divorce from his wife, an Irish woman. The charge is that she gets "too muchee drunk," and when in that condition not only chins Chin boisterously, but makes wah on Wah and knocks him out.

Henry Miller and Charles Lee, two Californians, own 14,000,000 acres of land in the West, situated in three States. They do not belong to the class of men who want the earth. Their patch is nearly half as large as North Carolina.

"John Jones, Seventy-fourth street, white, five feet six, 147 pounds, red hair, front teeth gone, impediment in speech." That's a sample of the way they now register voters in New York, under the law requiring a description of the applicant.

**Marvelous Results.**

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Fetzler's drug store, Regular size 50c and \$1.00.

John W McKay is said to be very fond of old style "home cooking." He recently gave a luncheon in San Francisco, which consisted of corned beef and cabbage, clam chowder, squash pie and buttermilk.

It is said that English people consume a daily average of between 6,000,000 and 7,000,000 pills. But about the biggest pill they have had to swallow is the one the Russians put up for them in China.

**NOT A SICK DAY For Over Thirty Years!**

**RESULT OF USING AYER'S PILLS**

"Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually—as a result of constipation—from dyspepsia, headaches, neuralgia, or boils and other eruptive diseases. When I became convinced

that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I had noticed that nearly all their ailments were preceded by constipation, and I soon had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. WETTSTEIN, Byron, Ill.
