A HANGING BEE.

FRIDAY, AUG. 28.

Frank Howard to Pay the Death Penalty for Arson—Calm and Collected Were the Utterances of Judge Greene When Passing Sentence—The Countenance of the Condemned Negro Showed No Signs of Emotion When Told He Should Be Hanged by the Neck Until Dead.

When Criminal Court convened at 9 o'clock this (Saturday) morning the walls of the court house enclosed within a curious crowd of eager listeners who had swarmed into the murky room to hear His Honor Judge L. L. Greene pass sentence upon Frank Howard, who had been found guilty, by a jury of twelve men, of arson, the penalty for which is death. When His Honor asked the prisoner to arise, a stillness pervaded the court room that would make the heart of the most hard-hearted quake, but the doomed criminal arose with a steadiness that showed no sign of emotion. He was told to sit down, and immediately the judge presented in a few words the penalty for the awful crime of applying the torch, referring to evidence in which the criminal said: "I meant to burn everything on the premises, Gillon and all his family." The Judge said:

"Frank Howard, the jury has found you guilty of arson, the penalty of which is death. The court assigned you counsel that did all that could be done for you, but the facts were so plain that a good, able, intelligent jury and able counsel could only find you guilty. The law says a man guilty of so heinous a crime is not fit to live in a civilized community. You will be remanded to the county jail till Friday, the 28th day of August, between the hours of 10 a. m. and 2 p. m. when the sheriff of Cabarrus county will take you to a place prepared for execution, when he shall hang you by the neck until you are dead. And may God have mercy on your soul. In the meantime I advise you to solicit the aid of Christian people to look after your spiritual welfare." The man sat facing the judge, watching as the words that sealed his doom fell from His Honor's lip brazenly, and when the sentence had been concluded, the negro made a sickly grin and turned his head away. Not once did he wince.

Judge Green congratulated Howard and spoke in high praise of the community in which the foul deed was done that the people allowed him a fair and impartial trial instead of wreaking the vengeance of an enraged people.

Of Great Importance.

The most important thought with young men now, except marriage, in this hot weather, is where can I send my shirts, collars and cuffs to have them laundered in first class style. See Tom Johnston, agent, for Model Steam Laundry, Charlotte.

The First Cotton Pod.

Mr. Arthey Cline, of St. John's neighborhood, brought to THE STANDARD the first pod of cotton we have seen this year. He says that there are many open bolls in the field from which this one came. Cotton is opening rapidly and will continue to do so as long as the hot, clear weather lasts.

His son, Mr. Ed Cline, of this city, who is sick at his home, was thought to be better this (Saturday) morning.

When a little one is expected in the family how lovingly the parents plan together for its future welfare. They sometimes even forecast its education and career. Does this seem too early to anticipate while the child is yet unborn? It isn't. The child's destiny has already been partly mapped out by Nature according to the disposition and habits of the parents. The best plan a mother can make for the future happiness of her unborn child is to maintain her own cheerfulness and health while her child's undeveloped being is still a part of hers. Her health at this critical period is of tremendous consequence to the little one's whole future existence. Every prospective mother will find direct nourishment, comfort and sustaining strength, in Dr. Pierce's Favorite Prescription. It will maintain her vitality both bodily and mental; shorten the period of confinement and make labor easy and almost painless. It imparts strength and elasticity to the organs concerned in parturition, invests the mother with recuperative energy against any after period of weakness and depression, and aids in the secretion of healthy nourishment for the child. It is the unfailing cure of all "female weaknesses."

Dear Doctor—Your "Favorite Prescription," is the best medicine to take before confinement that can be found. It proved so with me. I never suffered so little with any of my children as I did with my last, and she is the healthiest we have. When I began your treatment I could not stand on my feet long enough to wash my dishes without suffering almost death; now I do all my housework, washing, cooking, sewing, and everything for my family.
