Virtues of the Apple.

The apple is such a common
 fruit that very few persons are fa-
 miliar with its remarkably effica-
 cious medicinal properties. Every
 body ought to know that the very
 best thing they can do is to eat
 apples just before retiring for the
 night. Persons uninitiated in the
 mysteries of the fruit are liable to
 throw up their hands in horror at
 the visions of dyspepsia, which such
 a suggestion may summon up, but
 no harm can come to even a delicate
 system by the eating of ripe and
 juicy apples just before going to
 bed.

The apple is excellent brain food,
 because it has more phosphoric acid
 in easily digested shape than other
 fruits. It excites the action of the
 liver, promotes sound health and
 sleep, and thoroughly disinfects the
 mouth. This is not all. The apple
 helps the kidney secretions and
 prevents calculus growths, while it
 obviates indigestion and is one of
 the best known preventatives of
 diseases of the throat. Everybody
 should be familiar with such
 knowledge.—Dr. G. R. Searles in
 Detroit Bulletin of Pharmacy.

A Great Book Free!

When Dr. R. V. Pierce, of Buffalo,
 N. Y., published the first edition of
 his great work, the People's Com-
 mon Sense Medical Adviser, he an-
 nounced that after 680,000 copies
 had been sold at the regular price,
 \$1.50 per copy, the profit on which
 would repay him for the great
 amount of labor and money ex-
 pended in producing it, he would
 distribute the next half million
 free. As this number of copies has
 already been sold, he is now giving
 away, absolutely free, 500,000 copies
 of this most complete, interesting
 and valuable common sense medi-
 cal work ever published—the recip-
 ient only being required to mail to
 him, at above address, twenty-one
 (21) one cent stamps to cover cost
 of mailing only, and the book will
 be sent postpaid. It is a veritable
 medical library, complete in one
 volume. Contains 1,008 pages, pro-
 fusely illustrated. The free edition
 is precisely the same as that sold at
 \$1.50 except only that the books
 are in strong manilla paper covers
 instead of cloth. Send now before
 all are given away.

Forest Hill News.

Mrs. C. T. Troy and her little niece,
 Miss Grace Carter, left for Whitney,
 S. C., where they will spend some
 time with Mrs. O. C. Russell, Mr.
 Troy's sister.

The wedding predicted by us a
 few days ago came off Thursday
 evening at the home of Mr. J. A.
 Kimmons, on North Main street.
 Mr. Presley Whitley and Miss Nellie
 Bunn were married, Esquire Kim-
 mons officiating. We wish for the
 happy couple a pleasant journey
 through life.

Mr. W. P. Deaton and daughter,
 Miss Emma, returned from Moores-
 ville Thursday after a week's ab-
 sence from the city.

Mr. I. F. Thomas, of Egg town,
 Anson county, is visiting in the city.

Mr. G. T. Lee returned from An-
 son county yesterday.

Mr. J. R. Means, of Trinity Col-
 lege, took dinner with his cousin,
 Mr. T. H. Means, yesterday.

Mr. Charles Russell is the posses-
 sor of a historical mule, which he is
 preparing to exhibit at the coming
 State fair by feeding him on light
 diet, such as watermelon rinds, etc.
 As to the history of the mule's age
 we can only give facts as they have
 been presented to us. While testing
 his capacity for hearing he found
 dated in his right ear: "Adam, in
 the year one."

The manager of the Forest Hill
 baseball team informs me that the
 Huntersville team is expected to
 play ball with his team on the For-
 est Hill ground tomorrow evening
 at 4:30 o'clock. If Huntersville
 should fail to come, he expects to
 get up an interesting game, any way.
 The public is cordially invited.

The monthly business meeting of
 Forest Hill Methodist church for
 August will be held tomorrow even-
 ing at 8 o'clock in the lecture room
 of the church. A full attendance is
 desired, as business of importance
 will come before the meeting.

Sickness caused by Eating Bad Melons.

The Sanitary Board of Savannah,
 Ga., has issued a circular to resi-
 dents of that city cautioning them
 against the indiscriminate eating of
 melons: "Without doubt there is a
 good deal of sickness caused at this
 season by eating sickly melons. In
 hundreds of watermelon patches
 now the vines are drying from the
 heat of the sun, and the half grown
 melons left on the vines are being
 ripened by the same cause. These
 melons can be easily detected. They
 have a yellow, sunburned appear-
 ance on one side, and the green of
 the rind is not of that vivid type
 which marks the healthy melon.
 There is often a neck at one end of
 the melon, with a tendency to rot.
 The flesh of these melons will be
 found to be pale, and not a bright
 red. These melons are likely to be
 offered in great quantities in the
 next few weeks, and it is just as
 well that the people should be put
 on notice that they are unhealthy.
