About Pianos and Organs.

How to Make Home Attractive

Has been the study of mankind since the trouble in Adam's household, and it is now universally conceded that Music is the potent factor in the accomplishment of this result. Now a Piano or an Organ is a necessity if you want a Musical Home, and I have been studying and working for years to get myself into a position to supply the homes of North and South Carolina with the

Best Possible Instruments, At Lowest Possible Prices, and On Easiest Possible Terms.

My success is beyond my hopes, and I am now prepared to give my patrons the benefit. Such a line as I can offer has never been controlled by one dealer.

Upright Pianos, \$200 to \$650. Reed Organs, \$25 to \$175.
 And I've got The Leader in Each Different Grade.

Of course my low prices and easy terms are going to stir up the small dealers, and when you hear the "yelp" about ANDREWS, just remember what Sam Jones says about the one that yelps—he has certainly been hit. You will probably buy but one Piano or Organ in a lifetime, so you want to be sure you get the right one. Let me, or one of my salesmen, help you make your selection.

Hundreds and Thousands of Homes in the two Carolinas will testify to our goods and low prices. Our business methods are fair and liberal. We want to do business with you. Makes no difference how small your orders are, you will get the lowest prices. Write for Catalogues and prices, or our travelling salesmen will call to see you.
