WANTS HIS PISTOL.

Frank Howard, Who is Doomed to Hang, Threatens Sheriff Sims.

Several days ago Sheriff Sims had occasion to put shackles on Frank Howard in order to keep the doomed negro quiet and was forced to display his pistol. When the sheriff had completed the job and left the cell, Howard told his companions in jail that the next time Sheriff Sims visited his cell he intended to take his pistol from him and gain his liberty.

Howard is a desperate negro, but he will not be able to carry out his threats, as the sheriff will be prepared for him.

Nine Boys Arrested for Rolling a Photograph Gallery Out of Town.

A month or more ago, quite a number of young boys at Forest Hill congregated at one of the stores on the hill and when some one proposed to roll out of town the photograph gallery that stood near the old McDonald house, the idea took—so did the boys—and off went the wagon.

Policemen Fisher was on the alert and as a result nine young men walked into Equire Pitts' court Monday night for trial. The boys submitted and compromised the matter by paying the owner of the wagon \$20 and the costs of the suit.

Case Against John May Dismissed.

Did you ever wonder what that heavy weight on one side of a locomotive-wheel was there for? Anyone who understands mechanics knows the need of a counter-balance to equalize power and keep the machinery going with a steady even motion. Without it the machinery would wrench itself out of shape. It is the same way with the machinery of the human-body: it needs to go on steadily and regularly to be in good health—not by fits and starts. The sudden wrenching medicines which people sometimes take to overcome constipation, give violent strain to the intestines which weakens them, so that the costiveness is afterwards worse than before.

What costive people need is a natural laxative like Dr. Pierce's Pleasant Pellets which are powerful without being violent. They move the bowels gradually and comfortably but surely. You can regulate the dose—one, two or three "Pellets"—exactly as you need. They strengthen the intestines to do their own work, so that after their movements have become regular they keep on naturally of themselves.

The "Pleasant Pellets" gently stimulate and invigorate the liver to throw off biliousness; aid tone up the stomach to secrete the digestive juices, and overcome dyspepsia. The entire digestive, or alimentary tract is put in motion in the regular steady way of nature and health. This is what makes the "Pleasant Pellets" so immensely superior to the numerous urging pills which wrench and weaken the system. Druggists may get more profit out of those other pills but you don't!

The "Pleasant Pellets" are tiny sugar-coated granules—40 or more in a little one-inch vial tightly corked, hence, always fresh and reliable.
