FOREST HILL NEWS.

Southern's New Switch Nearly Complete—Fatal Boiler Explosion at Troy—Other Items.

Mr. A G Tally, after spending a few days here with his daughter, Mrs. Wm. Russell and Mrs. S H Stone, returned to Richfield, his home, today.

A Mr. Howell, of Troy, reports a fatal boiler explosion at Taft's saw mill last Monday, August 17th, at that place, in which five men were killed and five more seriously wounded, caused by the fireman letting the water too low and then turning in cold water.

Milk-shakes made out of lard are the latest fad in this end of the city.

Track laying on the new switch is progressing fast and by tomorrow noon the great Southern will be running its cars to Forest Hill.

We are glad to note the rapid improvement of Mr. J C Cook, better known as Bud Cook, who has been quite low with fever.

The portable photograph gallery disappeared again last night—to where we cannot tell.

The pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depend upon what he gets out of his food. This depends on his digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness and "heartburn." The pellets are very gentle in their action. They simply assist nature. They give no violent wrench to the system. They cause no pain, nor griping.

Send 21 one cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Notes From Rimertown.

Mr. and Mrs. W D Barrier and Miss Jennie Sapp will go to Salisbury tomorrow to attend the various exercises going on at that place.

A very interesting programme has been arranged for the children's day at Prosperity church Saturday, 22nd inst. Besides the exercises by the children and young people there will be addresses by two prominent men of the county. Everybody invited.

I beg leave to make some corrections in the account of the difficulty which occurred at Phanael's church, as quoted from the Salisbury World in Saturday's STANDARD. It is true that during worship rocks were thrown on the church by a set of rowdies. But the people were expecting it, and had the church guarded, and it was those who were on guard, and not the rowdies, who did the shooting. And of course none of the bullets entered the church. Such conduct is a disgrace to any community, and it is to be hoped the guilty parties will be caught and have meted out to them the justice which they deserve.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poorest sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Dr. Miles' Pain Pills are guaranteed to stop Headaches in 20 minutes. One cent a dose.

Editor J W Goslen Killed.

A special to Monday's Charlotte News says: "Capt J W Goslen, editor of The Union Republican, the organ of the Republican party in this State, met with a fatal accident opposite his home in Salem this afternoon. He stepped from a street car before it stopped and was thrown violently on the macadamized street. His head struck a stone which produced concussion of the brain. He died at 5 39. Capt. Goslen was 55 years old and was a gallant soldier during the war. He was promoted from a private to a captain. After the war he taught school until 1872, when he assumed editorial management of The Republican."

John Wadsworth's Patent.

Mr. John C Wadsworth, of Concord, is not only a successful merchant and general all round business man, but at times figures in the patent office at Washington. The latest production of Mr. Wadsworth's brain is a cotton planter, in many respects the best machine for the dropping of the seed that the News has seen. Mr. Wadsworth has just returned from the North where he has procured all necessary rights and privileges, and his machine will soon be on the market.—Charlotte News.

An Ovation at the Depot.

Friday afternoon, as Major W A Guthrie stepped from the train, returning from the Populist convention, where he was nominated for Governor, a considerable shout went up from the delegates on the train and from many upon the depot platform. The Major very gracefully acknowledged the ovation tendered him in a few well chosen words. As the train moved off some shouted, "Good bye, Governor; we'll be with you." "Keep things straight down here, Governor, and we'll take care of the mountains," and other expressions of this sort.—Durham Sun.

CASTORIA

For Infants and Children.

The fac-simile signature of *Chas. H. Fletcher* is on every wrapper.

What a Spider's Web Did.

Small causes frequently produce great results. This was illustrated a few days ago at jeweller Terrell's place of business on Main street. His large "Regulator" clock was noticed losing time without apparent cause, and after making several tests it was found to drop back five minutes in every twenty-four hours. Upon investigation Mr. Terrell discovered that a spider had spun a delicate web, connecting the side of the clock with the pendulum, and that it was responsible for the decreased motion of the pendulum.—Charlottesville Progress.
