### THE TARIFF AN ISSUE.

As our fusion parties in the State  
are solicitous for their election law,  
so we are for our national tariff law.  
With Republican triumph, tariff tin-  
kering would be next to a certainty.  
The tariff as it is now is but little  
lower on a general average than the  
McKinley tariff law, but the differ-  
ences are very wide and should not  
be overlooked. A tariff for protec-  
tion tends to place the tax, drawn  
from the consumer, into the pockets  
of the manufacturer, and thereby  
make the rich richer and the poor  
poorer. A tariff for revenue is ad-  
justed with a view to making the  
highest possible results accrue to  
the United States Treasury and  
thereby to make provisions for gov-

ernment expenses with as little bur-  
den as possible to the people.

Another essential difference be-  
tween the Democratic and the Re-  
publican practices is that the Repub-  
lican tariff is laid chiefly on the  
necessaries of life while the Demo-  
cratic tariff would lay the burden  
chiefly on luxuries. This tends to  
lighten the burdens of the poor and  
frugal while those able and willing  
to indulge in luxuries bear the chief  
burden.

Much fault is found with the  
Wilson bill as being only a little  
lower than the McKinley bill. It  
should be remembered that the Sen-  
ate had but a small majority of tar-  
iff reformers and they could not  
unite on every essential and the Wil-  
son bill had to pass as the best that  
could be done, with the hope of fin-  
ishing the work at a later and bet-  
ter opportunity. The fruits that  
would probably ripen into the best  
results will be last in Republican  
triumph. Some will say there is  
so little difference it is almost invis-  
ible. There are some things very  
much cheaper than before, woolen  
clothing, for instance, but the tariff  
tax is a means of supporting the  
government in a way that the peo-  
ple will not feel it or care so much  
as they do for a direct tax. But as  
a few cents on cotton bagging and  
ties, iron, steel, sugar, oil, etc., soon  
amount to millions, so does the tariff  
tax, and we can see no reason why  
the one should be emphasized and  
the other neglected, in the light, too,  
of the fact that the protective tariff  
gives birth and life to the trusts.  
With a return to free trade our  
trusts and combinations, except a few  
of local nature, would need no laws  
to crush them. They would drop  
to pieces.

We wish our gold standard Demo-  
crats could see that however much  
they may be fixed in their convic-  
tions on the money question, they  
cannot afford to encourage the elec-  
tion of McKinley, either directly or  
indirectly; while we wish very much  
due credit could be accorded to  
Democratic achievement, on issues  
involved in the present national  
campaign as surely as they ever  
were.

### IT IS EX-GOV. FRANCIS.

Hon. Hoke Smith yields the In-  
terior Portfolio on the 29th and  
Ex-Governor David R Francis, of  
Missouri, will take it up on the 1st  
of September. It does not seem  
that there was any special aliena-  
tion between the President and the  
Secretary, but the relation was less  
pleasant on account of the Secre-  
tary's yielding on the financial ques-  
tion. His course seems to us com-  
mendable and we wish all our Dem-  
ocrats could see their way clear to  
submit within the party and pull  
for our nominees.

The gold standard Democrats  
met yesterday in Greensboro. They  
endorsed the State Democratic  
ticket and appointed delegates to  
the Indianapolis Convention and  
elected a State executive commit-  
tee. Of course the bitter language,  
thrust by so many, finds itself met  
and equally pungent epithets are  
hurled back. Every indication  
that we can discern confirms us in  
the opinion that the organization  
will embrace largely those who will  
vote the State Democratic ticket  
and will refrain from voting for  
McKinley which they would other-  
wise do.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction  
City, Ill., was told by her doctors  
she had consumption and that there  
was no hope for her recovery, but  
two bottles of Dr. King's New Dis-  
covery saved her life. Mr. Thomas  
Eggers, 189 Florida St. San Fran-  
cisco, suffered from a dreadful cold,  
approaching consumption, tried  
without result everything else then  
bought a bottle of Dr. King's New  
Discovery and in two weeks was  
cured. He is naturally thankful  
It is such results, of which these  
are samples, that prove the wonder-  
ful efficacy of this medicine in  
coughs and colds. Free trial bottles  
at Fetzner's Drug store. Regular  
size 50c. and \$1.00.

### Business Failure in New York.

The dry goods house of Hilton,  
Hughes & Co., of New York, one of  
the largest business establishments  
in the United States, founded fifty  
years ago, made an assignment  
Wednesday, throwing out of em-  
ployment several thousand em-  
ployees. The failure is claimed to  
have been due to the gradual de-  
cline in business and the closeness  
of money. The assignment was  
made to G. M. Wright.

## After... Taking

a course of Ayer's Pills the  
system is set in good working  
order and a man begins to feel  
that life is worth living. He  
who has become the gradual  
prey of constipation, does not  
realize the friction under which  
he labors, until the burden is  
lifted from him. Then his  
mountains sink into mole-  
hills, his moroseness gives  
place to jollity, he is a happy  
man again. If life does not  
seem worth living to you, you  
may take a very different view  
of it after taking

We sell as good Tinware as  
any house in Concord. Our  
prices are the lowest to be  
had. Recently one of our  
customers tried to exchange  
produce for a gallon bucket.  
They asked 15c, and when he  
spoke of the Racket selling  
cheaper he was told they did  
not handle cheap shoddy stuff  
like the Racket handled. Theirs  
was triple plated besides. The  
man came to us; we gave him  
15 cents to buy the bucket, wish-  
ing to vindicate ourselves. He  
brought us the bucket. It was  
the same size single plate and  
weighed 1 ounce less than  
our 10c one. The party took  
our bucket and left us the  
"15c" one. See our extra  
heavy stamped dish pans at  
35c.
