Pen Points from "Truth."  
When a man can't work at anything else he goes into politics and works the public  
Girls are seldom what they seem, but that does not bother them. They don't want to be.

When it comes to political pledges the fellow who is elected is apt to tear up the pawn ticket.

When the judge and jury are against him a man can't be blamed for thinking 13 an unlucky number.

Silence, indeed, is golden. If the mosquito would suppress its "buzz" it would live longer and get more to eat.

Politicians should remember that he who treats is not always the one who beats. Much depends on the liquor.

The elastic currency that the poor man really needs is pay that will stretch from one Saturday night till the next.

The modern puglist seems to have taken the circus hippopotamus as his model. He seeks to inspire terror by the size of his mouth.

When we get down to the politician's definition of "the people," it seems to mean those fellows who don't know where to raise next month's rent.

From the number of bolters all around, it is pretty hard to say who is the "party of the first part" in the new political contract.

Gored by a Vicious Bull.  
Monday afternoon while a student named Holt at the Agricultural and Mechanical college was leading a big bull to water the snap which held the stick to a ring in the bull's nose became loose. The bull rushed at Holt, threw him down and gored him twice in the breast. While he had Holt on the ground the latter had the rare presence of mind to seize the ring in the bull's nose and actually held the animal off at arm's length until help came. Holt graduated last year and was a medalist.—Durham Sun.

Through the St. Louis Tornado.  
Here is an illustration of the way the wind handled things during the big St. Louis tornado. This bicycle,

owned in St. Louis, was struck by three barrels of syrup, a tierce of lard and one barrel of vinegar. Absolutely the only uninjured parts are the saddle and the Morgan & Wright quick repair tires, which were full of air when the machine was found. Even if these tires had been punctured, unless severely torn, any one of the holes could have been repaired by the quick-repair device in them, without trouble. Riders of these tires, when they have a puncture, need only be careful to pump as much air as possible into the tire before inserting the quick-repair tool. The repair can be made in two minutes, at the roadside, without taking the tire off the rim.

## FOREST HILL NEWS.

A Pleasant Surprise to Mrs. Smith—The Sick Improving—Personal and Other Items.

A car load of seats arrived from Greensboro yesterday for the new school house at this place, and are being placed today.

Capt. J M Odell returned from New York yesterday.

Mr. and Mrs. A G Hathcock, of Stanley Creek, Gaston county, are visiting relatives at this place.

Mr. John McCauley, of Rockingham, is visiting Mr. John McInnis, on North Church street.

Mr. J Wallace Cook is building another house on his property at this place.

James, the little son of Mr. and Mrs. W A Wood, whose illness was noted in THE STANDARD a few evenings ago, is much improved, we are glad to note.

Messrs. Marshall Mabrey, Horace Russell and T W Mill, came in from Charlotte last night.

Mr. and Mrs. J W Bunn went out to Gold Hill yesterday, where they will visit their son, Mr. Joe Bunn, of that place.

Mr. Charlie Elkins, of near Albemarle, was in the city yesterday.

Mr. D H McQuage returned from Cheraw, S. C. this morning, where he had been called to the bedside of his sick father. Mr. McQuage reports his father slightly improved.

Quite a surprise awaited Mr. Rev. M A Smith on her arrival at the parsonage last evening. A number of ladies of the Forest Hill congregation had arranged a handsome dinner set, which was presented to her by the Forest Hill congregation, as a token of their appreciation of her faithful services as organist, which place she has filled for almost four years.

A Marriage Thursday.  
Rev. J J Fayeaur was called upon to perform a ceremony Thursday afternoon that made two as one. Mr. Trainham P Thornton, of Newberry, S. C., was married to Mrs. Ida Williams, daughter of Mr. J B Cadell at Cannonville. The marriage took place at the home of the bride's father in the presence of a number of invited friends.

When a man owns a blooded horse he is always careful of its health. He looks after its diet and is particular that the feeding shall be regular and right. While he is doing this it is likely as not that he is himself suffering from some disease or disorder. When the trouble gets so bad that he cannot work, he will begin to give himself the care he gave the horse at the start. Good pure, rich, red blood is the best insurance against disease of any kind. Almost all diseases come from impure or impoverished blood. Keep the blood pure and strong and disease can find no foothold. That is the principle upon which Dr. Pierce's Golden Medical Discovery works. It cleanses, purifies and enriches the blood, puts and keeps the whole body in perfect order; makes appetite good, digestion strong, assimilation perfect. It brings ruddy, virile health. It builds up solid, wholesome flesh (not fat) when, from any cause, reduced below the healthy standard.

### The Morgan & Wright Guarantee.

The guarantee of the "good tires" is broad enough to cover almost any kind of ailments and to satisfy the most exacting rider, but the line must be drawn somewhere, and Morgan & Wright are trying to make it known to riders everywhere that the guarantee does not cover damages resulting from the carrying of anti-leak preparations inside the tire. By having as much air as possible in the M. & W. quick-repair tire before putting the tool into the puncture, and following the few other simple instructions in the catalogue, a permanent repair can be made in two minutes, at the roadside, without removing the tire from the rim.
