A felt want is that gnawing at the stomach after you have eaten a full meal, and can't eat any more, and yet there is that feeling as though you had eaten nothing. What is wanted then is a dose of Simmons Liver Regulator, the best Dyspepsia cure, for that is what the gnawing means. Simmons Liver Regulator is all that is recommended for indigestion.—A. R. Dyche, London, Ky.

News from Reidsville in regard to the condition of Miss Mary White Fetzer today is not encouraging.

The dry kiln at J. L. Peck's saw mill in No. 7 township was destroyed by fire on Wednesday afternoon. About 25,000 feet of lumber was consumed with the kiln.

When the tank is ready to receive the water, the supply will be fully sufficient for the demand. The new pump at the Reed mine is in place and the piping all laid and connected.

"Five years ago, I was taken so ill with rheumatism that I was unable to do any work," writes Peter Christensen, Sherwood, Wis. "I took three boxes of Ayer's Pills and was entirely cured. Since that time, I always keep them in the house." They are easy to take.

Only ten marriage licenses were issued last month—five to white and five to colored people. The whites were: Hampton Blackwelder and Cora Allmon; Anderson Shoe and Electra Stallings; Trainham P. Thornton and Ida Williams; Wm. J. Cline and Loula Best; John H. Williams and Carrie Drake.

To eradicate the poisons which produce fever and ague, take Ayer's Ague Cure. It cures without leaving any injurious effect upon the system, and it is the only medicine in existence which may be considered an absolute antidote for malaria.

The calisthenic and flag drills by the physical culture class at Armory hall tomorrow night, will be one of the most entertaining events that has been presented to the public in a long time. Imagine a school of thirty-two little children on the stage at once, and see if you don't think it grand. The entertainment is for the church. Let everybody go.

THE NEARER THE BONE THE SWEETER THE MEAT.

It is an old and homely adage and finds an application here. The maker of merchandise has reached the end of his summer. His season is over; yours has just begun. He's anxious to sell what is left of his made-up product at almost any reasonable sacrifice. We're watching your interest in this matter and as a result have made some purchases that will surprise you, by their cheapness.

HERE THEY ARE:

Wash goods at 5, 8½, 10 and 12½ cents. Figured Mohair, black, 36 inches, at 25 cents. A bargain. Billows of handkerchiefs, you'd wonder how it could be done if we hadn't told you. There's no loss to us, but a

The Year Round

Some Medicines belong to one season and some to another.

DR. KING'S ROYAL GERMETUER IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING

It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER

It overcomes the relaxation and debility caused by hot weather and corrects bowel troubles that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL

When malaria "rides on every passing breeze," it is the great preventive and the unfailing cure of troubles resulting from that cause.

IN THE WINTER

It is still needed for curing Colds, Grip, Catarrh, Rheumatism, and the ills that belong to cold seasons.

It does these things, not in a feeble and uncertain way, but with assured and triumphant power.

Keep It in the Home at All Times.
