COLONIZING NEGROES.

Republicans Rushing in South Carolina Negroes.

The Democratic managers have reliable information that South Carolina negroes are being colonized by the wholesale in this city and county for the purpose of swelling the Republican vote in November.

A number are already spotted, and will be prosecuted to the full extent of the law if their names are illegally found on the registration books.

It is important that every Democrat be on the lookout for floating negroes, and keep the Democratic committee posted about the presence of suspicious characters.

The registration feature of the new election law renders this colonization comparatively easy.

The registrars must register every man who applies, no matter if they know that he is not properly entitled to vote at that precinct. He must be registered without question. That is the way the Populists and Republicans construe the law.

It is well known that the registration of negro voters is larger than ever before, and it has been time and again reported that negroes from South Carolina are being brought over into this and adjoining counties, and rushed to the registration books.

It is the duty of every white man to lookout for these frauds at every precinct in the county and to report every instance to the Democratic committee, so that it may be investigated and the fraudulent voter prosecuted.—Charlotte News.

Scared Into Spasms.

About 1 o'clock this afternoon while the local freight train was shifting at Forest Hill, a freight car was detached from the engine, with a brakeman in charge, who wanted the car stopped at the bleaching siding, but while coming down the high grade the brake chain got fastened and wouldn't work. The car was making such speed that it frightened the colored brakeman so badly that he was thrown into spasms. The car jammed against some cars on the siding at the depot but no serious damage was done. The car hurled down the grade at such a speed that everyone who saw it looked upon it with horror, expecting every second to see the man dashed to death.

Home from Montgomery Court

Lawyer J L Crowell has returned from Montgomery court at Troy and reports that a lively time was had during the sessions of court. Dockery and Guthrie were there in all their glory. The town, Mr. Crowell says, was full of people and most of the people were full of mountain dew. On his return Mr. Crowell saw a drove of turkeys, and it is well for the luscious game that he didn't have his gun.

CLAIMS MCKINLEY'S STATE.

At Democratic Headquarters They Say Ohio is Wild for Free Coinage.

WASHINGTON, Oct. 7.—The people at Democratic headquarters were in high good humor today. They had heard from Ohio, and the news that they had received was apparently of the most encouraging nature to them. "We have got Ohio sure," said Assistant Secretary Miller. "You never saw such letters as we are receiving from there. The State has gone wild for free silver. We get about two thousand letters a week from Ohio, and during the last two or three weeks these reports from every section of the State tell of Republicans declaring for free silver and Bryan. I have several thousand names of Republicans who have come over to our side and are calling for campaign literature. There are Bryan and Sewall clubs in Ohio composed entirely of Republicans. I tell you, McKinley is going to be beaten in his own State, and Bryan will be the next President."

The fact that the Democratic Committee is receiving so many reports from Ohio lends color to the rumor that the combined silver force are making a determined still-hunt with the hope of capturing McKinley's own State. The Republican managers in Ohio claim not less than 100,000 majority, while here in Washington their figures on the State only reach 50,000.

Mr. Fetzer Leaves Durham.

The Durham Sun, in speaking of the departure of Mr. T J Fetzer, who has come, with his excellent family to this city, to live, says:

Mr. T J Fetzer has left us. Yesterday afternoon he and his family took their departure for Concord, where they will in future reside.

Mr. Fetzer has for sometime past been secretary and treasurer of the W A Slater Co. He recently handed in his resignation at a meeting of the stockholders of the company, and his resignation was accepted. Mr. Fetzer has for sometime been interested in the Durham Harper Medicine Co.

Few men have ever resided in Durham that the reporter entertained a higher regard than Mr. Fetzer, and we wish him the fullest measure of success in whatever business in life he may be engaged. He has always conducted himself as a thorough Christian gentleman and an experienced business man, and has many warm friends here who regret exceedingly that he saw fit to leave Durham, and they all wish him well. May heaven's richest blessings ever be his.

Mr. Boshamer a Lucky Man.

One hundred dollar presents are seldom picked up these days, but during the month of August, J. P. Primley, the great pepsin chewing gum manufacturer, of Chicago, offered prizes of \$100 bicycles to a certain number of competitors for the nearest calculation on what the price of mess pork would be on the 30th of September on the Chicago market. Mr. W. G. Boshamer, of this city, figured it out and accordingly put mess pork at \$7.30 per barrel of 400 pounds. This was a correct guess, and on Saturday night Mr. Boshamer received a Windsor bicycle, styled "American Beauty," as his reward for the calculation, with a note accompanying it, wishing him much pleasure.

Mr. Stricker Will Run.

Mr. T C Stricker, whose name was before the Republican county convention for the nomination for the Sheriff's office, is still of the opinion that he was duly elected to the nomination, and told a STANDARD reporter that he certainly intends to make the run. He claims that two delegates were instructed to cast their votes for him, but they "sold out" to the Buchanan faction. Mr. Stricker intimated that he would be willing to withdraw from the race if Mr. Buchanan would; otherwise he would fight to a finish. He says that his friends urge him to remain in the race, and that he will not disappoint them. So it goes.

A Georgia Lynching Incident.

AUGUSTA, Ga., Oct. 7.—Today's election caused a murder and lynching at Mount Junction in Screven county. Gus Williams, a Populist negro, snatched a ticket out of a Democratic negro voter's hand. The Democratic negro struck Williams for his insolence and Williams fired at his assailant but missed his aim and shot and instantly killed Engineer Middleton of the Central Railroad, who was an innocent looker-on. By-standers took Williams and lynched him and riddled his body with bullets.

Among the parcels now traveling through the American Express Company in Maine is a cap that is being sent over the country by the express agents. The article has been worn and probably cast aside by some one and some of the expressmen decided to give it a little notoriety. Each agent into whose hands it has passed has attached a tag bearing the date and place. This cap has been most of the time in the Southern States. It is really a peculiar sight, having more than 200 tags attached to it.—Press Visitor.

Women go on heedlessly ignoring the dangers that lie right in the path of their thoughtlessness. They neglect little warnings until they get used to them. The warnings become louder and louder, and still they do not heed them. Their sickness increases like a snowball rolling down hill. The sickness comes on gradually, and they get used to it gradually, but it ruins their lives just the same. One woman in a hundred, perhaps, is perfectly healthy. Sometimes her weakness is inherited, sometimes acquired by carelessness. In every case, care and Dr. Pierce's Favorite Prescription will give her new life and strength and vitality. It will fill out the hollows in her cheeks, bring color to her lips, brighten her eyes, and make her really and truly a woman. The "Favorite Prescription" is of inestimable value at three stages in the lives of every woman—when the girl becomes a woman, when the woman becomes a mother, and when the mother becomes incapable of maternity. At these times it gives safety and strength. It is the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician—an experienced and skilled specialist in these maladies. The Morgan & Wright Guarantee

The guarantee of the "good tires" is broad enough to cover almost any kind of ailments and to satisfy the most exacting rider, but the line must be drawn somewhere, and Morgan & Wright are trying to make it known to riders everywhere that the guarantee does not cover damages resulting from the carrying of anti-leak preparations inside the tire. By having as much air as possible in the M. & W. quick-repair tire before putting the tool into the puncture, and following the few other simple instructions in the catalogue, a permanent repair can be made in two minutes, at the roadside, without removing the tire from the rim.
