COMPANY G SURRENDERED.

Company G Black Boys No More—Military Company Gone By the Board. Patriotic spirit has about played out when a community can't stir up life and interest enough to maintain a military company. Since the meeting of the Legislature of 1895 that honored in honor of Fred Douglass and took the annual appropriations from the State Militia, Company G, of the Fourth Regiment North Carolina State Guard, has been lacking in interest and its membership decreasing.

On Monday Quartermaster General Eugene Harroll, of Raleigh, arrived in the city and called in the equipments of the Cabarrus Black Boys, consequently leaving us without a military organization.

The protection the State has in this community now is the drum corps, therefore, if a riot occurs any time in the future the drummer boys will be called on to bring their drums out and scare the rioters.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her recovery, but two bottles of Dr. King's New Discovery saved her life. Mr. Thomas Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought a bottle of Dr. King's New Discovery and in two weeks was cured. MRS. MILLER DEAD.

She Breathed Her Last at the St. Cloud Hotel Monday Night in the Presence of Friends and Relatives.

Mrs. Maggie G. Miller, the youngest daughter of Mrs. Margaret Grier, of Harrisburg, died at the St. Cloud hotel in this city last night, after a brief illness of typhus malaria. Mrs. Miller had been living in Washington City with her daughter, Mrs. Louis M. Turner, and on the 28th of September went to Lynchburg, Va., to teach for Mr. James T. Lee. On Saturday, October 3, she wrote to her brother, Dr. Sam Grier, of Harrisburg, that she had an attack of malaria but was better and she wished him to prescribe a tonic. On Wednesday last Dr. Grier received another letter, saying she was worse and in no condition to teach, and that she would come to him at once.

He wrote her to come Saturday, and gave her explicit directions about the train so as to avoid getting to Harrisburg in the night. She disregarded his directions and came on Friday evening's train which would have put her at Harrisburg at 10.20 p. m. The conductor, seeing her so ill and delirious, put her off at Concord. She had to be carried to the hotel but could not tell who she was.

Mrs. Dusenbury called in Dr. Young, and after some hours found from letters in her grip, who she was. Mr. Andrew Grier went to Harrisburg to inform Dr. Grier, who was there to meet his sister on the 11.30 train Saturday. Dr. and Mrs. Grier and other near relatives came up at once.

All was done for the suffering woman that physicians and attentive friends could do, but of no avail.

Mrs. Miller was 53 years of age and leaves only one child, Mrs. Louis M. Turner, of Washington City, who was telegraphed for on Saturday and since, but word did not reach her until this morning about 10 o'clock. Mrs. Turner's husband is in the Government Library Department.

Rev. W. O. Alexander conducted the funeral service from the First Presbyterian church this (Tuesday) afternoon at 2 o'clock, after which the interment took place in the city cemetery.

The Days of Romance Not Ended.

Mr. P. A. Correll, Jr., of far off Oregon, has been on a visit to relatives here for some weeks. While in Catawba county recently he met a very attractive lady by the name of Miss Belle Bolick. Congeniality of spirits seemed to exist and a mutual attachment took place at once. Convinced that that mysterious influence that brings us together in conjugal relations had sealed them to be husband and wife and from the very nature of the case that Mr. Correll must soon return to his Pacific home they concluded to forego that usual wooing, spitting and reconciliation and enter at once into the married state. They were united by D. Clapp, of Newton, on the 7th inst. and will soon speed their way to the west, carrying with them the congratulations of many friends.

A BOLT THAT STIRS THINGS.

Ex-Governor Smith, of Alabama, an Old Line Republican, Comes out for Bryan and Sewall.

BIRMINGHAM, Ala., Oct. 10.—Ex-Governor W. H. Smith, in former years a staunch and uncompromising Republican, has taken the stump for Bryan and Sewall.

In a speech at his old home in Wedowee, Randolph county, last Thursday, he said that he is too old to mislead his old friends, if he so desired, and in his opinion the election of Mr. McKinley would be the greatest calamity that could befall this country at this time.

Ex-Governor Smith belongs to that class of Republicans who are honored and respected by members of all parties in Alabama, and his coming out boldly for Bryan and Sewall has a tendency to demoralize the better element of the Republican party throughout the State.

He had one son on the Republican-Populist ticket for Attorney General in the recent State election, and another on same ticket for State Senator from Jefferson county, both of whom are supporters of McKinley.

SILVER OR GOLD.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently and patiently upon the questions of the day. You all know what to take. You have known it for years. It is Simmons Liver Regulator—

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co. Take none but the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

Men are often wiser than they act. They know how to be happy but sometimes they are miserable. They know there is no happiness worth the name without health; yet they neglect health. They allow dyspepsia and biliousness and constipation to get a hold on them and make life wretched. Those three complaints usually come to gether. Constipation affects the stomach and liver. That brings on bilious attack and indigestion, headaches, nausea, dizziness, queer sensations of weakness and palpitation. Your nerves are unstrung, your system is sluggish. You lose ambition slowly undermined. What you need is Dr. Pierce's Pleasant Pellets. They cure constipation, dyspepsia and biliousness in the only sure, permanent way. There is nothing violent or irritating about them, they work mildly though quickly. They tone and strengthen the bowels to carry on their functions naturally. They gently stimulate the flow of bile from the liver and the digestive juices of the stomach. You don't become a slave to their use as with other pills. They make you regular and then you can leave them. That is the difference between Dr. Pierce's Pleasant Pellets and the something "just as good," which a sharp druggist tries to substitute. Don't let him do so with you.

If you want to keep your health and strength without consulting the doctor so often, the best thing you can do is to write to the World's Dispensary Medical Association, Buffalo, N. Y., for a copy of Dr. Pierce's great book, the "People's Common Sense Medical Adviser." Send 21 one-cent stamps to cover cost of mailing only. It is a large book of 1008 pages with over 300 illustrations. It is the same book of which 60,000 copies were sold at \$1.50 each. The only difference is in the binding which in the free edition is of strong manilla paper such as complete family doctor book in the English language. It is a veritable medical library, complete in one volume. Send now before all are given away. They are going off rapidly, therefore, do not delay sending me *immediately* if in want of one. The above general offer is limited to 50,000 copies.
