

# Daily Concord Standard.

Vol. XIII.—No. 151.

CONCORD, N. C., THURSDAY, OCTOBER 15 1896.

WHOLE NO. 1,530

## SIXTEEN TO ONE.

**It Must Prevail—It's in the Ground and It Will Out.**

Mr. W D Anthony showed us a sweet potato that has 16 formations in the one potato. This potato is therefore equal to 16 potatoes. We never did like that construction of 16 patches on our trousers to 1 now. It is much more consoling to think that we are to have 16 potatoes when Mr. Bryan is in the presidential chair to every one that we have now.

### Public Speaking.

The Hon. A. D. Cowles, McKinley elector of the Seventh Congressional district, and Hon. Samuel J. Turner will speak at the court house tonight.

Rev. J. R. Jones, of Greensboro, Prohibition candidate for Governor of North Carolina, and T. P. Johnson, of Salisbury, candidate for State Auditor, will address the people of the community in the court house tomorrow (Friday) at 2 o'clock in the afternoon and also at 7:30 in the evening. At the night speaking a little girl, only 10 years of age, will address the people. The public is cordially invited to these speakings. The ladies are specially invited.

### Distinguished Friends Among Us.

At an informal meeting of the Improved Order Heptasoph last night, Mr. John W. Cruett and Mr. R. L. Goodman were present and made the meeting one of much interest and encouragement. Mr. Cruett is from Baltimore, is editor of The Advocate, a journal issued in the interest of the order, and is Supreme Organizer. Mr. Goodman is State Organizer and lives in Greensboro. We appreciate their presence in the Standard office and hope their shadows will often darken our threshold.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her recovery, but two bottles of Dr. King's New Discovery saved her life. Mr. Thomas Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought a bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful it is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Fetzler's Drug store. Regular size 50c, and \$1.00.

### Be careful Boys—You Are Watched.

A STANDARD man got on to a movement today that by making mention of it may be of profit to all those who persist in violating the law in regard to shooting birds. A club has been organized to watch and prosecute every person that shoots or traps quail before the 15th day of November. The men at the back of this movement are reliable citizens and will do just what they say.

### Craig and Davis.

Hon. Locke Craig and R B Davis, Democratic electors at large, will speak in the court house in this city tomorrow at 1 o'clock. Both are excellent speakers and everybody should hear them. Give them your attention whether you are followers of Bryan or some one else. Go to hear them.

Dr. Miles' Pain Pills are guaranteed to stop Headache in 20 minutes. "One cent a dose."

## THE HOLTS FOR BRYAN.

**The Biggest Cotton Manufacturers in the South Declare Themselves for Democracy and Free Silver.**

It is preached to the mill operatives in and around Concord that the election of Bryan would cause great calamity, and that all the cotton mills will close down if such is the result. They say give us McKinley and high tariff. This won't work, for below we print a special sent from Burlington to the Raleigh News and Observer, which says "Mr. James H Holt and his son, Capt. E C Holt, came out yesterday strong for Bryan and free silver. They have both been for gold until now. This means many votes for the silver cause here."

The Messrs. Holt are the biggest manufacturers of cotton goods in the South and surely they would not come out and declare themselves for Bryan and free silver if they saw such calamity facing them.

Don't be stuffed with the idea that if Bryan is elected the working people or the Southern manufacturer will suffer. Bryan is the laboring man's friend and should be elected. Take the Holts, for instance, and see if you think they would work and vote for a cause that would be disastrous to their own interests.

### Biscuits Chuck Full of Matches and Rough on Rats.

Somebody is awful mean. Mr. W D Anthony brought to this office two pieces of biscuit found in his front yard, where they had been put to poison "Shep," his fine shepherd dog. One piece is besmeared with rough on rats and the other piece is chuck full of match heads. "Shep" is very choise and will not eat just any old thing that is thrown carelessly around. A great many of Mrs. Anthony's chickens have died from the effects of the poison that is thusly scattered over their premises. It is mean to set poison anywhere for a brute, but when it is thrown into one's own yard it is a great deal worse. The biscuit alone is enough to kill any ordinary dog, without the poison.

### Just What He Expected.

A fellow we all know at the club, by name Jasper, is a man who at times manages to be genuinely funny. Strolling down the street the other day, he came unexpectedly upon a crowd gathered together just outside a chemist's shop.

The centre of attraction proved to be a lady with a wasp-like waist, who, for some reason or other, had elected to swoon there.

Tenderly, very tenderly, they carried her into the shop of the chemist, who proceeded to do what he could for the inanimate one.

Jaspar, meanwhile, had taken a turn up the road. Returning from this after a space of about ten minutes, he looked into the shop and called out:

"How is she now?"

"Oh," replied the chemist, "she's coming to."

"Ah!" replied Jasper. "Come in two, has she, poor thing? It's just what I was afraid of."—Exchange.

### Notice.

J F Hurley has the old reliable Penn Mutual Fire Insurance Company. They write the best policy on earth. The most desirable at the least cost. See the contract before taking insurance—also fire and accident insurance.

## GREW COTTON TOO FAST.

**Offered a Small Fortune to Allow His Plants and Seeds to Be Destroyed.**

ATLANTA, GA., Oct. 11.—A man living just outside of Atlanta has three acres of leafless cotton which is from seven to fourteen feet high. It grows five times as much cotton as other plants.

A committee from South Georgia called on the owner today and offered him \$18,000 for all the seed and the cotton, in order to destroy them. He has offered forty bushels of the seed to the New Orleans Exchange for \$20,000.—New York Journal.

Atlanta Constitution, 12th: Several years ago Mr. Jackson (the farmer above referred to) was presented with this seed by a Jew who had brought them from the interior of Africa. The Jew had joined an exploring party which had started to the center of Africa. While in the very middle of Africa the party came across some cotton, the stalks of which were over twenty feet in height. The government botanist who was along with the party took the measure from one of the stalks, and it was from this stalk that the first seed came.

Jackson says that if the cotton is cultivated it will produce at least two bales to the acre, and possibly as much as four. He says that with this cotton in use all over the South the farmer can reduce his acreage by over one-half and raise more cotton than he does now. This land that he does not use can be put to a profitable use, and the income of the farmer will be doubled as compared with the amount of labor employed in the raising of cotton.

### TO CURE A COLD IN ONE DAY

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

### Shot in the Nose.

Mr. Jeff Simpson lives east of the city. News reached the city yesterday of an experience which he had several nights ago, which was by no means pleasant to him, and which very nearly cost him his life. He was set upon and waylaid, the report says, and shot by an unknown negro. The ball struck him on the nose. The result of his wound cannot yet be determined.—Charlotte Observer.

## SILVER OR GOLD.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently and patiently upon the questions of the day. You all know what to take. You have known it for years. It is Simmons Liver Regulator—

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co. Take none but the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

There are any reason for doing and ignoring a great and vital fact simply because a few prejudiced, misguided people have antiquated ideas of what constitutes morality and modesty? Reason and honesty say—certainly not. Men and women are attracted to each other because they are men and women and because it is right and necessary that they should be so attracted. The things that make a man attractive are the characteristics caused by his inherent manliness—by the strength which makes him a perfect man. The same is true of woman. There is strong attractiveness in perfect health. There is fascination and magnetism in it. A woman cannot be entirely womanly—she cannot be a perfect woman—if she is not in perfect health. In just so much as her sickness affects the organs that make her a woman, in just so much she loses attractiveness. This is the vital part of her health. If anything is wrong there, it may result in all manner of ills all over the body. Careless, or too busy, physicians frequently treat the symptoms of this kind of disorder as separate and distinct ailments. The symptoms are many and varied, so much so that when a woman is sick in any way, the first thought should be given to the organs distinctly feminine. About a times in to the cause of the trouble will be found there. Dr. Pierce's Favorite Prescription cures all disorders of this kind. There is no guesswork about it. There is no chance about it. It is a fact that has been demonstrated in solid years of extensive practice. Thousands of women have written grateful letters, who have wished the whole world of women to know the wonderful things the "Prescription" has done for them.

### Walter L. Main's Circus.

For the above occasion at Salisbury Saturday, October 24th, and Charlotte Monday, October 26th, the Southern Railway will sell tickets to Salisbury at 90 cents and to Charlotte at 85 cents for the round-trip. Tickets on sale day of the performance, limited day after performance, but are not good on the vestibule trains. Passengers will please be prepared to make their own change for above tickets.

## They Have Just Come In.

### New - Clothing - at - Cannons - & - Fetzler's.

No doubt about it; we are better fixed to please you in Clothing than we have ever been.

Men's Suits, latest and Best.

Boys' Suits, latest and best.

Children's Suits, latest and best.

We guarantee to save you money.

## OVERCOATS - AND - FURNISHINGS:

### HATS AND CAPS FOR EVERYBODY. CANNONS & FETZER

A leading colored man recently stated in Wilmington: "It don't make any difference if Russell did call us savages, and say we stole six days in the week and prayed off the sin on Sunday. We are not voting for Russell, but for our race. We have negro policemen and a negro clerk in Wilmington, seventeen negro magistrates in New Hanover county, and that Russell helped us to get them. He may talk against us but he helps us to get office." This is what the people may expect in more counties than New Hanover if Russell is elected Governor.

### Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles or no pay required.
