CONCORD, N. C., TUESDAY, OCTOBER 27 1896.

WHOLE NO. 1,540

STEWARDS MEET.

Fourth Quarterly Conference—Large Increase in Membership—Three Societies—Mrs. Odell and Mrs. Smith Treat.

The Fourth Quarterly Conference of the Forest Hill station was held at the parsonage Monday night, the full board being present. Presiding Elder J R Scroggs was present and conducted the meeting.

Reports show a large increase in membership both by profession and by certificate. There are three missionary societies in this church—namely—the Sunday School Missionary Society, the Woman's Missionary Society and the Juvenile Missionary Society, all of which are doing a great work for the Master's cause. The preachers salary of \$1,000 has been paid in full.

The Buffalo Sunday school, of which Mr. W A Stone is superintendent, a branch of the Forest Hill school, was reported as being in a flourishing condition.

Rev. M A Smith, the pastor in charge, expressed his gratitude to the official board for their kind and generous support given him. He said he had never served a congregation whom he loved better. This is the last year of Rev. Smith's ministry at Forest Hill, and his people will very reluctantly give him up. All the members of the present board were re-elected for the ensuing year.

After the business had been transacted and the meeting adjourned, Mrs. Smith and Mrs. W. R. Odell gave the board of stewards a generous treat, inviting them to partake of an elaborate outlay of delicate refreshments, to which ample justice was done.

Wherever Rev. Smith and his excellent family may go, we can assure him that the prayers of not only his own people, but the community at large, will go with them.

Coins and Currency.

From the United States Treasury Circular.

There are ten different kinds of money in circulation in the United States—namely, gold coins, standard silver dollars, subsidiary silver, gold certificates, silver certificates, Treasury notes issued under the act of July 14, 1890, United States notes (also called greenbacks and legal tenders,) national bank notes, and nickel and bronze coins. These forms of money are all available as circulation. While they do not all possess the full legal tender quality, each kind has such attributes as to give it currency. The status of each kind is as follows:

Gold coin is legal tender at its nominal or face value for all debts, public and private, when not below the standard weight and limit of tolerance prescribed by law, and when below such standard and limit of tolerance it is legal tender in proportion to its weight. Standard silver dollars are legal tender at their nominal or face value in payment of all debts, public and private, without regard to the amount, except where otherwise expressly stipulated in the contract. Subsidiary silver is legal tender for amounts not exceeding \$10 in any one payment. Treasury notes of the act of July 14, 1890, are legal tender for all debts, public and private, except when otherwise expressly stipulated in the contract. United States

notes are legal tender for all debts, public and private, except duties on imports and interest on the public debt. Gold certificates, silver certificates and national bank notes are not legal tender, but both classes of certificates are receivable for all public dues, while national bank notes are receivable for all public dues, except duties on imports, and may be paid out by the government for all salaries and other debts and demands owing by the United States, except interest on public debt and in redemption of the national currency. All national banks are required by law to receive the notes of other national banks at par. The minor coins of nickel and copper are legal tender to the extent of 25 cents.

Our State Bank.

The North Carolina bank statement for the past quarter shows 28 national, 41 State, 17 private, and 6 savings banks. Total, 92. Loans and discounts aggregate \$13,241,855. The paid-up capital stock is \$5,405,644; surplus, \$1,092,449; undivided profits \$551,491; national bank notes outstanding, \$675,000; individual deposits, \$8,942,186. The total resources are \$19,497,273.

TO CURE A COLD IN ONE DAY

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. m14

Biting the Lips.

The lip-biting habit will mar the prettiest face ever turned out of nature's workshop. All the cold cream, lip salves and glycerine lotions introduced upon the toilet table will not remedy the parched, cracked appearance due to a continual lip-gnawing process. Not until the habit is entirely broken off is there any hope of a change. Girls frequently drift into this ugly practice through a foolish vanity that prompts them to "wear their dimples" all the time. Others bite their lips from nervousness, and sometimes if a girl has pale, colorless lips she will try to vivify them by an occasional pressure with her teeth. After a time, however, she nibbles away unconsciously, and by and by her mouth loses its pretty curves, becomes rough and puffy-looking, and all the charm of her face is gone.—National Farmer.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Fetzer's Drug Store. Regular size 50c and \$1.00.

Good Advice.

Says the Methodist Recorder: "The man who religiously closes his eyes and asks God's blessing upon the morning meal and then growls and grumbles at his wife all the time he eats because the viands are not quite to his epicurean taste, should either take something to regulate his liver or indulge in a short season of private prayer to regulate his heart."

The Beach Reception.

The reception given last night at the St. Cloud Hotel by the ladies of the Episcopal church complimentary to Mr. and Mrs. E C Beach was a most delightful affair, though the parting of the morning cast its gloom over the party at times, for the Beaches have so endeared themselves to a host of friends here that their departure is a great sorrow to many. Mr. and Mrs. Beach received their friends in the north parlor, and evinced their appreciation of the compliment of this charming reception by their cordial manner and happy faces. After the formality of the greetings were over the party was greatly enlivened by an informal "cake walk," it being agreed that whoever "took the cake" should present it to Mr. Beach to carry to Lockhart as a souvenir of the sweetness of the evening. The "walk" created great merriment. Little Miss Ola Brown added a charming recital to the success of the evening, which ended with a canard, "Farewell," which was charmingly rendered by our local talent. The refreshments were abundant and delicious. The hours were from 8 to 10, but Tuesday heard some last words spoken.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yields to Electric Bitters. 50c and \$1.00 per bottle at Fetzer's Drug Store.

Mr. Foil Resigns.

Mr. L J Foil, who has for many years served as a commissioner for Cabarrus county and who was nominated by the Democratic county convention for re-election, has declined to accept the nomination. In his stead the Executive Committee has placed before the public the name of William Propst. Mr. Propst has also served the county as a commissioner for a number of years. A better selection could not have been agreed upon.

SILVER OR GOLD.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently and patiently upon the questions of the day. You all know what to take. You have known it for years. It is Simmons Liver Regulator—

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co. Take none but the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

Dr. Allen's Green Pills are guaranteed to stop Headache in 20 minutes. "One cent a dose."

Sometimes when the last spark of life seems almost extinguished it is fanned into flame again by prompt, vigorous action. It is a mistake, however, to put off action too long; an other mistake is to despair too easily. Both these mistakes are made in dealing with disease, particularly with consumption. It is neglected at first until someone names it. Then the name strikes terror to the mind; the nature of the disease is misunderstood; it is blood disease, settled in the lungs. If it settled somewhere else the doctor would give it a different name:—scrofula, kidney disease or "liver complaint." But the name only tells where it settles. It is really all one disease:—Bad blood; and there is only one cure:—Good blood.

An abundance of good, rich, red, blood put into the circulation, cures every one of these complaints, consumption as well as the rest—if it hasn't gone too far. It is on this true physiological principle—fully proven by experience—that Dr. Pierce's Golden Medical Discovery cures Consumption and all other blood diseases. It tones up the blood-making organs to produce a fresh supply of healthy, red blood; this carries new nourishment and life to the wasted lung tissue or any other tissue that is affected. It drives out the poisonous disease germs which clog the skin, liver or kidneys. It is simply a question of purifying and building up; where there is anything left to build on the "Golden Medical Discovery" will infallibly build up and cure. It cures cases which doctors declare "incurable." That word has lost its meaning since Doctor Pierce's wonderful "Discovery."

The plain and hopeful truth about disease is shown in the light of the best science of the century in Dr. Pierce's Common Sense Medical Adviser. It is a volume of 1000 pages, illustrated. It also contains letters from many who have been rescued from consumption. This great book is free, if you send 21 one-cent stamps, to cover cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y.

FIRE INSURANCE.

When in need of Fire Insurance, call and see us, or write. We represent only first-class Home and Foreign companies.

Respectfully,
WOODHUSE & HARRIS.

Help Wanted—Female

\$10 to \$18 per week to Men and Women for easy home work. No books or canvassing. No experience. Bona fide offer. No catch. Send stamp for work and particulars. E. Herrman, 213 South Sixth Street, Philadelphia, Pa. c31

Notice.

J P Hurley has the old reliable Penn Mutual Fire Insurance Company. They write the best policy on earth. The most desirable at the least cost. See the contract before taking insurance—also fire and accident insurance.

The Morgan & Wright Guarantee

The guarantee of the "good tires" is broad enough to cover almost any kind of ailments and to satisfy the most exacting rider, but the line must be drawn somewhere, and Morgan & Wright are trying to make it known to riders everywhere that the guarantee does not cover damages resulting from the carrying of anti-leak preparations inside the tire. By having as much air as possible in the M. & W. quick-repair tire before putting the tool into the puncture, and following the few other simple instructions in the catalogue, a permanent repair can be made in two minutes, at the roadside, without removing the tire from the rim.
