It has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit the weakness to his children. But there is no reason in the world why weakness should be allowed to develop. Keep the lungs full of rich, red, wholesome blood and the weakness will disappear. Decaying tissues will be thrown off, and new material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent of all cases of consumption where it is taken according to directions. It searches out disease germs wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Send 21 cents in one-cent stamps to the World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Seven Months With Fever.

Wonderful Recovery of Health.
 Mr. Baird's rapid and marvelous recovery from a mere skeleton to his normal weight, 270 pounds, was surely the fullest test of the grandest strength-giving and building-up medicine ever produced, namely:

Dr. Miles' Restorative Nervine.
 "I feel compelled to wish to express to you my gratitude for the great good that Dr. Miles' Nervine has done for me. I was taken sick with typhoid fever and I laid in bed for seven months. After getting over the fever I was thin, nervous and tired, and did not regain my lost strength. I tried several proprietary medicines, and finally after having been reduced in weight to 180 pounds, I began trying your Nervine, and at once began to improve. Was finally entirely cured and today I am as healthy as I ever felt before in all my life, and weigh 270 pounds. This is my normal weight, as I measure 6 feet 5 1/2 inches in height."

Stanly County News—Notes from Gladstone.

Farmers are not done gathering and sowing yet, notwithstanding the nice and pleasant fall.

People are generally well in this community, although we have had some chills. Mrs. Milas Ary, of Lower Rowan, is critically ill with apoplexy.

Senator Fred Bitts, of Colorado, spoke in the interest of W J Bryan and free silver, at Gold Hill, Tuesday. He was always a Republican before this campaign. He is a good speaker and well thought of in this community. He is here operating the Culp gold mine, but will return home soon to give Bryan his suffrage in the election on the 3rd.

Prof. Eddin is pleasing and full of hope. He is the man for Stanly. We intend to send him to the next Legislature to make good and whole some laws for us. We don't want any Fred Douglass men to represent Stanly county. We have plenty of good Bryan men to stand by the professor. Mr. O D Barringer was in Stanly last week on the canvass and some sour looking face, I believe they call him white, was with him

Through the St. Louis Tornado.
 Here is an illustration of the way the wind handled things during the big St. Louis tornado. This bicycle,

owned in St. Louis, was struck by three barrels of syrup, a tierce of lard and one barrel of vinegar. Absolutely the only uninjured parts are the handle and the Morgan & Wright quick repair tires, which were full of air when the machine was found. Even if these tires had been punctured, unless severely torn, any one of the holes could have been repaired by the quick-repair device in them, without trouble. Riders of these tires, when they have a puncture, need only be careful to pump as much air as possible into the tire before inserting the quick-repair tool. The repair can be made in two minutes, at the roadside, without taking the tire off the rim.
