CONCORD, OCT., 31, 1896.

The real reason why the recent proposition by the Democratic Committee is now apparent to everyone. The withdrawal of Henderson from the Republican ticket and putting up of Ayer in his place gives the whole thing away. Ayer is chairman of the Populist committee, and there is no doubt he knew all about what was going to be done for him by the Republicans. He has deliberately traded off his principle, if he ever had any, for office, and the honest Populists of North Carolina cannot help but see that their leaders are a miserable set of political hucksters who are bartering off everything for place. We do not believe that the men who left the Democratic party a few years ago because they honestly believed it was controlled by machine politicians will sanction the course of the leaders of the Populist party in this State during this campaign.—Lenoir Topic.

We do not blame Mr. Hileman for not declaring that he will vote for a free silver Senator. It is a part of the fusion bargain, but what business was there to make such a bargain? The Populists in real earnest about getting free coinage know how to vote with all their power for it. The whole electoral

ticket and Barringer and Nesbit is the real way to do all they can to get free silver. If they do not take that course what's the use talking about principle above party? It's an empty, hollow sound.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Mrs. Cleveland's Narrow Escape.

WASHINGTON, Oct. 29.—Mrs. Cleveland and an unknown lady had a narrow escape from serious accident while out driving yesterday. One of the horses attached to the carriage fell, and after recovering plunged frightfully and ran away. With great difficulty the coachman held them down. Mrs. Cleveland sat calmly in the carriage while the horses plunged and reared.

A Story of Crisp.

Here is a little story of the late Charles Frederick Crisp: In one of the counties of his district there was a little weekly newspaper, to which he faithfully subscribed. When he would come home from Washington he always sought the editor and demanded to know if his subscription had not expired. On one of these occasions, meeting with the editor, he handed him a \$5 bill saying:

"I have missed three issues of my paper and I am sure I must be in arrears. Take that and call it square."

"But," said the editor, "the paper is only one dollar a year, and your subscription won't be out until January."

"That's all right," replied Crisp, "but you keep the money," and then in a whisper: "I never saw an editor yet that didn't need it."—Atlanta Constitution.

Discovered it in Time.

NEW YORK, October 28.—There was to be married in this city today Miss Maude Harvey and Mr. Joseph Allen, an actor and an actress now playing at Frank B. Carr's Third Avenue Theatre. For the past six months the couple had been in Sam

T. Jack's Bullfighter Company, and had been engaged to each other after being acquainted for only two weeks. On Sunday last they met at the house of Miss Harvey, 227 East Thirty-second street, and there began to discuss each other's past lives. To the horror and astonishment of both they found that they were brother and sister.

Dr. R. H. Lewis on the Situation.

Dr. Richard H. Lewis, of Raleigh, was recently in Charlotte on professional business. Dr. Lewis is not a politician, but is one of the best posted men in the State, always interested in public questions. During his stay in Charlotte, Dr. Lewis talked with a friend who permitted the Charlotte News to give the views expressed to him by Dr. Lewis. He is quoted as saying:

"I am a gold standard man, but there are some things more important than adhering to that standard. One of these things is the keeping faith with one's party associates. A citizen who goes into a caucus, convention or primary to determine what issue or what candidate shall be chosen for the party in the campaign, is under obligation if defeated in his desires to stand by the platform and nominees selected. But I am a Bryan man for another reason. I feel that the country can better stand a depreciated currency than it can stand the election of a candidate who, whatever his private views may be, will owe his election to the great bloated trusts and other overgrown corporations, a man who cannot use his own independent judgement, but who is already the recipient of personal benefits from the very people to whom he will owe his election, if he is elected. They paid Mr. McKinley's debts. His election would inaugurate the reign of trusts and we do not know when that reign would end."—News and Observer.

Fifty Years Ago.

This is the stamp that the letter bore which carried the story far and wide, of certain cure for the loathsome sore that bubbled up from the tainted tide of the blood below. And 'twas Ayer's name and his sarsaparilla, that all now know, that was just beginning its fight of fame with its cures of 50 years ago.

Ayer's Sarsaparilla

is the original sarsaparilla. It has behind it a record for cures unequalled by any blood purifying compound. It is the only sarsaparilla honored by a medal at the World's Fair of 1893. Others imitate the remedy; they can't imitate the record.
