NEGRO INTOLERANCE.

There can be no denying the fact that few negroes are daring enough to vote the Democratic ticket however much they wish to. A few either defy or evade them. The negro as a class seems to think that he belongs to the Republican party and that it is unnatural and monstrous for him to vote otherwise or allow any one else to do so. The negro is today in much more danger of persecution or oppression from his own race than he is from his white neighbors. If the same cruel intolerance were practiced against him by Democrats that they practice on each other it would raise a howl that would go from the centre to the circumference of the land.

It is a fact not to be controverted that for two years straight along the negro lives among his white neighbors in peace and quietude and can see no difference in the treatment he gets from Democrats and other party adherents, but about campaign time he is met in the dim shadows where men go to do evil, and he is stuffed full of the most unreasonable and absurd notions of the great calamity that is to befall him if the wicked Democrats get in office. This we write because we feel that it is true, and we object to the placing of an easily duped class and a class easily made vicious in power over the race that seeks the welfare of every class of citizens. Let men elected by the play upon the passions and the prejudices of the ignorant come in and fill the offices and get the "pie" there is in it, but their consciences, if they have any, must lash them whenever they look a patriot straight in the eye. The system by which many of the eastern counties are placed under the rule of the least worthy race, when race is more of a factor than reason, is a crime that should be a burden to the mind of those who have perpetrated the evil.

We say, Sister Stanly, what do you say to removing that geographical line to the east of Cabarrus and to the west of your domain? We need you now in our days of trouble, we'll help you back for it if you ever fall in evil times and we happen to be at our best like you are now. Pending your consideration just please accept our unfeigned thanks for saving the scalp of our friend and leader, Mr. C D Barringer.

Have not you a few votes to spare on some of the other offices that you could send across the line in case of emergency?

It is a singular fact that locomotives destined for exceedingly fast runs require training as do race horses. The locomotive built for speed is first put to work on some small branch lines, with light tracks, until it becomes accustomed to running, and all the parts are brought down to their proper bearings. Having undergone this period of probation it is taken on to more important portions of the lines, and gradually worked up by increasing speed until it is given its place on the line of the great flyers. To train a locomotive takes about two weeks.—Press-Visitor.

The loss of the entire ticket save Swink in Cabarrus is humiliating and depressing, but there is nothing in it to materially weaken the hands of Democracy. Chairman Young has worked with commendable zeal and judiciousness and he has been sustained by every lively Democrat and has the thanks and the gratitude of the Cabarrus Democracy. The Young Men's Democratic Club has been an important factor and deserves much credit. We hope a better day will crown their efforts yet. We feel that the results are due to a combination unaccountable except from a mania of "to beat the Democrats" and get some offices that could not be gotten without such combination.

Newspapers that record the deeds of the good and true in preference to hunting for the depraved deeds of society to parade before their readers are encouraging good deeds and are valuable factors among the institutions of a town. The person that speaks of the good traits of a neighbor and fosters peace is a peacemaker, while the person who has no good to say of a person and is frequently in a quarrel with his neighbor is not a promoter of citizenship.—Daily Sun.

Later intelligence leaves little hope for the Democrats in State or nation. Free silver will have to wait as will the return to power of the only good government the State has had since the carpet bag days.

Broke the Record.

Charles E Davis, at Waltham, Mass., began an address to the Bimetallic Club before noon on the 2nd inst., and spoke for thirteen hours and twenty five minutes without a recess. He ate while talking and when he stopped his voice was yet in good trim and he declared that he had exhausted neither his powers nor his subject.

He beat Senator Allen's record by just twenty-five minutes.
