WHOLE NO. 1,554

MODIFY THE BANKING SYSTEM.

Most of New York Business Men Think It Is Not Done—Two New Features Necessary—The Prosperity Talk Largely Made to Order.

NEW YORK, Nov. 9.—In my last letter I endeavored to show what the New York merchants had to say of the situation, and I left what they said to stand for what conviction their own statements would carry. As I stated in that letter, Mr. Bayne most accurately stated the status in saying that money is easier, but the situation in the dry goods trade is unchanged except as to a little better feeling.

The bankers are undoubtedly entirely satisfied. Business men feel better because money troubles are at an end, but in reflecting upon the future it can be seen that in their minds there is just a little bit of misgiving about business.

It is just a little surprising how many business men now say with emphasis that this election and its results are not yet final. They say that the new administration must take some prompt and effective action to modify the banking system to more fully meet the demands of the South and West. Most business men seem to believe that if this is not done we will have this whole fight over again, and perhaps with a different result. Many gold standard men say without reserve that two new features must be introduced into our banking system, viz: (1) more elasticity. Some men say by which it will be profitable for banks to issue notes when there is a demand for money, as for moving the crops in season, and cancelling the surplus when the need has passed, and (2) for making other property than securities listed on the New York stock exchange available for loans at banks.

As to the plan of doing these things people differ. Some think the national banking system ought to be preserved but modified. Others think the present system ought to be abandoned, repeal the tax on State banks and let each State create its own banking system subject to some Federal supervision. It is already proposed to hold a convention in Indianapolis, Ind., of representatives of the commercial bodies of the United States to devise a new plan of banking. The New York Evening Post is favoring such a convention. It transpires that many men who lately voted for the gold standard believe that some revision of the banking system is of more importance now than anything else, and that it is as essential a sequence of the election as the gold standard itself is. The great difficulty is to devise a proper plan, and it is for this there is talk now of a convention of commercial bodies.

Pending a solution of this problem it is expected that there will be no shortage of money to do all the business that offers. Money has been tied up so long and to such an extent that its loosening now is expected to make it easy enough for some time to come to meet the demands of all legitimate business.

The big talk of the New York

papers about the starting of factories is mostly all boom talk. There has not yet been time to put things in motion. Preparation is being made to do so in many cases, and it is confidently expected that the mills and factories will all be started up, but it will take a week or ten days yet to see the beginning of practical improvement and perhaps a month or two to get this improvement in operation.

D. A. T.

Birds and Squirrels Plentiful.

Mr. G. M. Morrow, a substantial farmer of near Amity Hill, Iredell county, spent Wednesday night in the city. He told a STANDARD reporter that quail had not been as plentiful in many years as they are this season. On Friday afternoon, November 6, he killed ten squirrels in a short while.

Mr. John Cook, superintendent of the county home, states that there are more birds in his section this year than there have been since the big freeze three years ago.

We Stand Corrected.

In Wednesday's issue of the DAILY STANDARD, it was stated that Mr. W. R. Odell had complained to the commissioners about the police service at Forest Hill, and that is the way we understood it when reviewing the proceedings of the meeting with clerk Hartsell, but commissioner R. F. Coble informs us that he made the complaint himself and that Mr. Odell knew nothing of it. Mr. Coble, as commissioner from that part of the city, is looking after police regulations and other needful things in his end of town.

North Carolina Too.

The old North State is to be placed on wheels too in miniature form and hurled over the Union in a car in which none but North Carolina woods are to be used. This is the handiwork of an enterprising company with Capt. W. H. Rousear at its head.

TO CURE A COLD IN ONE DAY

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Will Put Their Shops There.

Messrs. J. B. Blume have purchased the upper lot near the Starrette mineral springs on West Corbin street from Mr. Joel Reed, and are now grading same, with a view to planting their machine shops there next spring. The location is a very desirable one.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best remedy for colds, coughs, and croup. He would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Fetzner's Drug store. Regular size 50c. and \$1.00.

What Is It.

If catarrh is a blood disease, as some claim, that physicians frequently advise change of air and climate to those suffering? Catarrh is a climatic affection, and nothing but a local remedy or a change of climate will cure it. Ely's Cream Balm is so efficient as to do away with the necessity of leaving home and friends, causing instant relief and is a real cure of catarrh.

CONSUMED IN FLAMES.

Lightning Struck Mr. Dancy's Barn and Burned It, Together With Mules and Provender.

It was a terrific storm that passed over this section Wednesday night. A few miles above town the wind and the rainfall were heavy.

Mr. Lee Dancy lives on the Sandy Ridge road about 7 miles north of this city. This (Thursday) morning about daybreak, during the rage of the storm, a flash of lightning struck Mr. Dancy's barn, which caught fire and was consumed, together with two mules, farming implements and a large quantity of roughness. His loss is probably \$1,000.

Will Leave Tomorrow.

Miss Claude Grier will leave Harrisburg and pass here tomorrow morning on the 935 train for Louisville, Ky., where she will join a party of missionaries who are to go to foreign fields. On Tuesday next the party will leave Louisville for Tocomo, where, on the following Tuesday, the missionaries will set sail for Japan. A number of friends will meet Miss Grier at the train and bid her farewell and God speed.

Ran Away.

I forbid any one to harbor or in any way keep Charles McLean, who left me without permission on Nov. 10th, 1896.

JOE McLEAN,
Mt. Pleasant, N. C.

Ran a Mile in 47 Seconds.

The Rock Island Railroad Company ran a special train yesterday from Rock Island to Chicago, a distance of 181 miles, in three hours and thirty seconds, exclusive of stops. From Moline to Blue Island the train made a run, including three stops, of 162.9 miles in 183 minutes, and at one time reached a speed of seventy-seven and two-thirds miles per hour. Taking out the stops, which were for water, the 162.9 miles were covered in 176 minutes, the fastest speed on a long distance trip ever attained east of Chicago.

The train which made the great dash from the Mississippi Valley to Chicago was a special, bringing home the Western Society of Engineers from a trip of inspection to Davenport and Rock Island.—Chicago Dispatch, 9th.

ASK the recovered dyspeptics, bilious sufferers, victims of fever and ague, the mercurial diseased patient, how they recovered health, cheerful spirits and good appetite; they will tell you by taking SIMMONS' LIVER REGULATOR.

The Cheapest, Purest and Best Family Medicine in the World!

For DYSPEPSIA, CONSTIPATION, Jaundice, Bilious attacks, SICK HEADACHE, Colic, Depression of Spirits, SOUR STOMACH, Heartburn, etc. This unrivaled remedy is warranted not to contain a single particle of Mercury, or any mineral substance, but is

PURELY VEGETABLE,

containing those Southern Roots and Herbs which an all-wise Providence has placed in countries where Liver Diseases most prevail. It will cure all Diseases caused by Derangement of the Liver and Bowels. The SYMPTOMS of Liver Complaint are a bitter or bad taste in the mouth; Pain in the Back, Sides or Joints, often mistaken for Rheumatism; Sour Stomach; Loss of Appetite; Bowels alternately constive and lax; Headache; Loss of Memory; With a painful sensation of having failed to do something which ought to have been done; Debility; Low Spirits; a thick, yellow appearance of the Skin and Eyes; a dry Cough, often mistaken for Consumption. Sometimes many of these symptoms attend the disease, at others very few; but the Liver, the largest organ in the body, is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and DEATH will ensue.

The following highly-esteemed persons attest to the virtues of SIMMONS' LIVER REGULATOR: Gen. W. S. Holt, Pres. Ga. S. W. R. R. Co.; Rev. J. R. Feider, Perry, Ga.; Col. E. K. Sparks, Albany, Ga.; C. Masterson, Esq., Sheriff Bibb Co., Ga.; J. A. Butts, Bainbridge, Ga.; Rev. J. W. Burke, Mason, Ga.; Virgil Powers, Sup't. Ga. S. W. R. R.; Hon. Alexander H. Stephens. We have tested its virtues personally, and know that for Dyspepsia, Biliousness and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before SIMMONS' Liver Regulator, and none of them gave us more than temporary relief, the Regulator not only relieved, but cured.
