Wilkesboro Chronicle: A fellow in an Indiana town kissed his sweetheart, caught diphtheria and died. The town passed a law immediately forbidding kissing. One of the most unique cemeteries in the United States is that of Sheephead Bay, Long Island, the burial ground for noted horses. It was established two years ago, and by the end of the first year three noted racers had found a resting place in its quiet precincts. The racer burial ground is beautifully decorated with flowers and shrubbery, and suitable headstones mark the last resting places of kings and queens of the turf.

The Vance monument fund is now \$1,900. The Legislature will be asked to make an appropriation for a monument to the greatest man, not even excepting Nathaniel Macon, that the State has produced. The last two Legislatures have appropriated \$10,000 each to the Confederate monument, which is now the pride of the State. Having taken a step in the direction of commemorating the virtues of those who have won eminence in the service of the State, no backward step should be taken.—News and Observer.

—Misses Fannie and Lila Stafford spent today in the city with friends.

A big factory was brought to a standstill the other day for want of a common shingle-nail. The trouble was a mystery at first. Even the boss mechanic couldn't tell what was the matter. They sent for a high-priced expert who charged ten dollars an hour. All he said was: "Gimme a nail." He drove it in the right place and in two minutes the whole factory was going again.

That's the way with the machinery of the human body. When the stomach and bowels are wrong what seems a mere trifle, blocks the whole system. Every part of the body feels the effects of a little constipation. The head aches, the mouth tastes bad, the stomach is distressed, the liver is congested and torpid; you feel sluggish and miserable and down-hearted; the energies are completely paralyzed—all for want of a little help to regulate the stomach and bowels. What you want is Dr. Pierce's Pleasant Pellets. They will make you regular and you keep so; they act in a comfortable natural way, not violently but surely. They give the intestines power to move naturally; and also tone the stomach and liver. You don't become a slave to their use, they cure you so you stay cured. If a druggist makes more money on some violent purging pill he may try to sell it to you. Don't let him.

You will be helped to a thorough understanding of your own body in every stage of health and disease by Dr. Pierce's Common Sense Medical Adviser. This is a great 1008 page book, in plain English and replete with illustrations. The first edition of 600,000 copies was sold for \$1.00 each. The profits were devoted to publishing the present edition of half a million free copies. The profits were devoted to publishing the present edition of half a million free copies. WHERE DID YOU GET

That Pretty Dress?

It certainly is beautiful, and My! What a fit.

I bought this from Gibson & Morrison. They always keep a full line of fashionable and cheap dress goods, and they have Butterick's Patterns, which you will find the most stylish and easiest to fit. I always use these patterns. Isn't my cape pretty, too? Look what splendid material, and the very latest style! They get new wraps every few days.

And don't forget their shoes. Mine are so much admired and make my foot look so "swell" and as for cheapness and wear they are the best. Take my advice and get your children shoes there. They have them all sizes and they will last till you are tired of them. In fact you will find anything they sell you good and cheap. Go to see them and you will believe me. Fashion sheets free.
