CONCORD, N. C., TUESDAY, DECEMBER 1, 1896.

WHOLE NO. 1,569

FIRST TASTE OF RUSSELLISM

A White Man Insulted, Arrested and Tried Each Time by a Negro.

MACON, N. C., Nov. 29.—The white people of this county have recently had another example of Russellism and negro supremacy. About three weeks ago John M. Coleman, of Churchill, in this county, was grossly insulted by John Milan, colored, in consequence of which J. M. Coleman immediately knocked the negro down with his fist. Several days ago the negro made complaint to John Wright, a colored justice of the peace, a warrant for the arrest of J. M. Coleman was issued and a negro deputized to serve it. Mr. Coleman was arrested by the negro constable, and carried to a negro store for trial. Mr. John M. Coleman is a young man of most excellent character, is universally popular, and is a Christian gentleman engaged in the mercantile business at Churchill. He is the son of Capt. W. G. Coleman, formerly a member of the board of commissioners of this county. This is the second case of this kind which has occurred in this county in the last six weeks. And yet this is reform.

Budgets From Mt. Pleasant.

Messrs. Monroe, Miller, Peeler, Pless and Phillips spent a few days at their respective homes. They have all returned to their post of duty.

Two of our college sports, a senior and a sub fresh, spent Sunday and Sunday night in Concord. We would not be far wrong if we were to say that the greater part of their time was spent near Cannonville.

Misses Addie Boger and Lena Stevens have returned to the Seminary, after spending several days at home.

Miss Addie Patterson, after having spent Thanksgiving at her home in Concord, returned Sunday evening.

Miss Ella Barnhardt has not returned yet from her Thanksgiving visit home. It is said that a certain sport, who holds his head on one side will not walk by the Seminary for that reason.

John Lyrely is sick in college at this time. He has the chills, nothing more.

Drs. P. A. Barrier and O. H. Barnhardt, assisted by Dr. Young, of Concord, performed a successful surgical operation on Mr. Senty Shoo on last Friday. They cut a huge cancer from his side.

The public exercise given by the Children's Missionary society Thanksgiving night was both entertaining and interesting. The young people, under the instruction of Miss Jennie Cook, acquitted themselves very creditably. The money raised by the children during the year, together with the collection, amounted to nearly thirty dollars.

In a Dying Condition.

Mr. M. B. Hartsell, the popular ticket agent at the depot, received a telegram this morning calling him to the bedside of his father, in Shelby, who is said to be in a dying condition. Mr. Hartsell left on the morning train, and it is hoped will reach home before the end comes.

Mr. Hartsell has the sympathy of many friends in Concord.

Query?

When does a justice of the peace's term of office begin, and when should he justify? Will some of our lawyers please give the public some information on this mooted question.

A Prize Hog.

Five months ago Mr. A. J. Blackwelder bought from his son a small pig, for which he paid \$5. To-day Mr. Blackwelder killed hogs and this one netted him 515 pounds of pork. At the present market price it would bring about \$31, all of which goes to show that there is considerably more money in raising hogs than there is in cotton.

New Oats.

J. M. Burrage, who lives near Odell's factory, is progressive in all things, and especially so in farming. He has now a field of oats almost two feet high, and fully headed. He says he don't ask you to take his word for this statement, but come and see for yourself.

The Ideal Panacea.

James L. Francis, Alderman, Chicago says: I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations.

Rev. John Burgus, Keokuk, Iowa, writes: I have been a minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery. Try this Ideal Cough Remedy now. Trial Bottles free at Feszer's Drug Store.

The Cold Wave.

According to promise of the Weather Bureau, the cold wave came in on schedule time, and by 6 o'clock yesterday evening the mercury began to take a drop, and at 6 this morning had reached 27 degrees, five below the freezing point, with a stiff breeze blowing from the northeast. Indications are that it will probably snow tonight.

Confidence Restored.

An evidence of confidence in the business prosperity of the country is the fact that gold is being brought forth from its hiding places and seeking the channels of distribution. On last Friday Cannon's factory and the Cabarrus Mills both paid off their hundreds of employees in the yellow metal, and yesterday the same coin was very largely used in meeting the pay rolls at Odell's Mills.
