Mr. Dan Riggan, of Wake Forest, in 1842 cut his name and the date on the lower shell of a Warren county "highland terrapin." Last week the identical terrapin was sent to him, to his great joy. It is alive and very hearty.—Charlotte Observer.

Scrofula is one of the most fatal among the scourges which afflict mankind. Chronic sores, cancerous humors, emaciation, and consumption, are the results of scrofula. Ayer's Sarsaparilla eradicates this poison, and restores, to the blood, the elements of life and health.

The secret of speedy cure in sickness lies in selecting the proper remedy and this is difficult to do unless one is sure what the ailment is. But one thing is sure, had the liver been actively at work sickness could not have come. It is then always safe to take Simmons Liver Regulator which keeps the liver well regulated and all poison expelled from the system.

The many friends of Mr. A. B. Correll will regret to learn that Concord is soon to lose him. Mr. Correll has not definitely decided where he will locate, but will likely go to Raleigh. Doctors are often handicapped by the mere fact that when treating the diseases of women, they suggest and insist on "examinations" and "local treatment." A great many of them do not know that this is absolutely unnecessary. Many a woman has been thrown into a dangerous state of nervous excitement by the mere suggestion of such treatment. Many women lie to the doctor. That sounds hard, but it is undoubtedly true. They know that if they admit certain symptoms that the doctor will inevitably insist on an examination. They do not give him all the facts in the case, and so he works in the dark. Quite often the doctor is too busy and too hurried to make the necessary effort to obtain the facts. He frequently treats symptoms for what they appear to be on the surface, when the real cause and the real sickness is deeper and more dangerous. A derangement of the distinctly feminine organs will derange the whole body. The woman herself may not know exactly what is the matter with her, but whenever she is sick, there are two things she should look out for first. One is what is called "female weakness" the other is constipation. Dr. Pierce's Favorite Prescription is designed for the cure of diseases and disorders of women, and it does cure them. It has been performing its healing mission for 30 years, and tens of thousands of women have been made happy by it. Dr. Pierce's Pleasant Pellets are for constipation, and contingent ills. Druggists sell them, but sometimes in well meaning ignorance, they will try to sell you something else. There is nothing "just the same" or "just as good." The druggist who tells you there is, is either mistaken or dishonest.

If you care to know more about your own body send 21 one-cent stamps to cover cost of mailing only, and you will receive absolutely free a copy of Dr. Pierce's 1,008 page book, "Common Sense Medical Adviser." Address, World's Dispensary Medical Association, Buffalo, N. Y.
