Concord, N. C.

CONCORD, DEC. 11, 1894.

The work of the commissioners does not seem to set well with all the elements concerned in the late fusion "marriage." Some of the colored portion of the fusion are claiming that there was to be an equal division of the subordinate appointments and that the negro was to have some recognition. Now it is claimed that the bargain did not hold and that the terms prescribed by the conference committee were ignored. Thus it seems that Democrats can't be depended upon from the hypothesis that "all men are liars." We honor the board of commissioners for checking an ill-timed ambition of the colored man to become conspicuous in our governmental affairs. If the promise was made therein lies the error. But who would expect a satisfactory outcome of an inconsistent fusion? We rise to say that we want the vote of the colored man to help to elect the highest grade of our citizens to office for the good of all, but if the colored vote can't be gotten without promises of recognition and without dark lantern conferences with them, we can afford to stand aside and wait. There is virtue enough in the country to react when abuses creep in and it will go well all the same.

It has been a long time since we have seen a manifestation of more determination not to see anything good in a good thing than the News and Observer displays with reference to the President's masterly production in his late message. We will yet pin our faith to the President rather than to those most great in their power of impugning those who are not quite wild on the late monetary issue.

It is said that Madagascar has cost France \$30,000,000 and will cost her \$5,000,000 per year for some time to come without the hope of return for many years. Madagascar seems to be for France what Cuba is for Spain, a rather dear victim of domineering.

It is understood that Wm. J. Bryan's first book entitled "The First Battle" is to be out in January. Mr. Bryan is to give many of his own views in his speeches together with quotations selected from others of importance. We are anxious to peruse that book with the hope of seeing more fully the merits of the cause he so ardently defends, for we like the man but can hardly say that we are won to the cause. There

were so many illogical appeals and passionate thrusts mixed in with the discussions in the late campaign that we wish never to see in print or hear spoken again and in Mr. Bryan's book we hope to find the rat scraped out and the palatable soundness a source of healthful food to an inquiring mind.

### Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Kives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Peizer's Drug Store. Regular size 50c and \$1.00.

### SENATOR CULLOM

Makes a Ringing Speech Against Spanish Miscule.

WASHINGTON, Dec. 10.—Senator Cullom held the floor of the Senate for an hour today in a speech denunciatory of Spanish methods in Cuba. Among other things, Mr. Cullom said:

"There may be no warrant in international law for any interference between a government and its subjects, provided that government belongs to the family of nations, or is recognized as one of the powers of the earth. Still, does not the great heart of humanity beat in sympathy with the poor souls apparently forgotten by their Master and left to bear the burden of cruel and relentless oppression? Is there no way, no light, no hope? Must the brutality of might alone judge the offense and mete out punishment, with no human power to whom intercession may be made? Oh, Spain! Oh, Spain! When shall thy day be fulfilled? Were there no loyal Spaniards who would and could, amid all these centuries, stay the hand of death or raise the sword of justice while there was time to save?"

## SPECIAL FOR THE NEXT TEN DAYS.

The only time a man needs a partner is when he is doing a losing business. This is what we are doing on china and glassware just now. Our policy has always been "Strike while the iron is hot" in a hand to mouth way. We had to buy

## CHINA - AND - GLASSWARE

the last of November in order to get an assortment for our Christmas trade. We haven't the room for these goods and in order to show them off we had to pack away our underwear and hats and many other goods. These Holiday goods will not move under two weeks. There is where we are doing a losing business. Our money will be idle and you know a "setting hen never gets fat." This is not business, so we want partners on china and glassware only. As an inducement to get them we will offer the following:

For the next ten days we will refund ten per cent. of all the cash you spend in the china and glassware department.

To let these goods lie idle on our shelves for two weeks will be a dead loss to us. We can use all the cash we can take in up to December 12th, so all the loss of the 10 per cent. discount will more than be made back by reinvesting in Christmas goods. You have first choice of the goods and a chance of saving 10 per cent on the goods you will buy later anyway. We have but one price and that is marked in plain figures, these are our best and only prices to either friend or stranger. The man who says an article is worth \$1 but you can have it for 80c simply means asking price \$1 and selling price 80 cents, and may be 60 cents in some cases. There is two conclusions to be drawn in such cases, one is the store is ashamed of their price of the goods or the other is they have marked them high enough to come down on them and make their customers believe of all the thousands of people that live in Concord's territory they are the chosen whose money is worth more than any one else's. Unless a man can show you plainly where his part comes in you naturally suspect him when he says he is going to do you a special favor in business.
