WANTED.—Salesmen to handle Lubricating Oils, Greases and Specialties as a side line. Liberal terms to reliable parties. Address the A. R. Timmins Oil Co., Cleveland, O. dd18

No other remedy is so reliable, in cases of sudden colds, or coughs, or for any and all derangements of the throat and lungs, as Ayer's Cherry Pectoral. This wonderful medicine affords great relief in consumption, even in the advanced stages of that disease.

That bog at Cannonville where the old Allison mill pond stood, needs attention, and should have it at once. It is not only dangerous from a sanitary standpoint, but is a menace to property. A pedlar drove his wagon into it one day last week and mired up to the hub. It took him half the evening to extricate his horse and wagon, and he threatens to bring suit against the city for damages sustained.

A dose that is always reasonable is a dose of Simmons' Liver Regulator. It regulates the liver and the liver regulates the person. If the liver is regular then health is good, but if sluggish or diseased then there is constant Biliousness, Indigestion, Headache and all the disorders of the stomach that one bears of. Try Simmons' Liver Regulator and prove this.

Heinz's fancy Saur Kraut just in at C. B. WAGNER'S.

From the Record we learn that Greensboro is being so jammed with freight cars that the demand is imperative for more sidings and a double track to Salisbury if not to Charlotte.

Mr. H. Wettstein, of Marengo, Ill. found that Ayer's Pills, taken when the first symptoms of his grippe appear, prevent further progress of the disease, and he has yet to find the first case where these pills did not cure the malady. Every dose was effective.

The horse and buggy driven by the young men from Concord visiting in Harrisburg Sunday night was found Monday in the stable of the family visited. For fear the boys would not get home safe, the young ladies drove them back to town.

The excellent little book of which Rev. Pool calls attention is among Messrs. Swink & White's splendid line of books and other Christmas goods so suitable for presents. Call and make your selections early and don't underestimate "Imitation of Christ."

Greenville Reflector: The new fusion Board of Commissioners of Wake county removed a wounded soldier as janitor of the Court House and appointed a negro in his place. A prominent Populist in commenting upon it is reported as saying "this was all right, the Populists were indebted to the negroes for their work."

Last Notice.—Town Taxes. I must have your taxes by the 1st of January. I will have to settle with the town on that date. I hope all persons owing the same will call and settle at once. I will be compelled to advertise if not paid by that time. I hope you will settle and save costs. J. L. BOGGS, Town Tax Collector. Oct. 15, 1896

Are They Legally Married? Saturday Mr. J. O. Alexander, one of the magistrates elected November 3rd, married Mr. Virgil Helms and Miss Lucy Hagar, in the neighborhood of the Victor Mills.

The question, was they legally married? was discussed among the lawyers to-day.

The Attorney General has decided that the terms of the newly elected magistrates does not begin until August 1, 1897, and if his decision is upheld, Mr. Alexander is not yet an officer of the law.

It raises an interesting legal question that will probably be decided by a test case.—Charlotte News.

Found dead! There is something so shocking about sudden death that the mere mention of it wrenches the nerves of sensitive people. Millions of people pray for deliverance from it. Every Sunday in every Episcopal church in the world, these words are said: "From battle, and murder and sudden death, Good Lord, deliver us."

Just why sudden death should be shocking, and death after lingering disease easy to bear, would puzzle any one to tell. It would seem that it would be more terrible to see some loved one wasting away, daily becoming weaker—daily slipping toward a death no less certain because it was slow in coming. Consumption causes more deaths than heart disease—more than cholera—more than yellow fever—more than any other disease the world has ever known. And yet people are careless about it. A man in danger of sudden death from heart disease can avoid the danger simply by keeping quiet and avoiding excitement. Consumption goes right on with its deadly work, no matter what the man does or how he conducts himself, if he doesn't take the right medicine to cure it. Consumption affects the whole body. It is a blood disease. It permeates the whole system. It shows in the lungs because the blood goes to the lungs for purification. It carries impurities there to be made pure. If there is too much impurity, the lungs are over-worked—over-loaded—the impurity stops there. The germs of disease stop there. They develop and multiply and then consumption takes definite form. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption, lingering coughs, throat and bronchial diseases if it is taken according to directions. Get it at drug stores, learn all about it in Dr. Pierce's great 1000 page work, "Common Sense Medical Adviser," sent FREE on receipt of 21 one-cent stamps to cover cost of mailing only. It contains 1008 pages, profusely illustrated, is a veritable medical library, complete in one volume. Every family should possess a copy for ready reference in case of sudden sickness or accidents. It Will Be Senator Pritchard.

To THE STANDARD:—In the light of all recently-made history, it seems the measure of folly to figure so frequently and to quote so many authorities (?) as to the probable successor of Senator Jeter C. Pritchard, of North Carolina.

The trade was made and, in the results of the election, the die was cast. There is not a shadow of doubt about the election of Senator Pritchard to succeed himself in the United States Senate—not a doubt whether he is Pritchard of '95 or Pritchard of '97. Silver has nothing to do with it. It is only a question whether he will make a partial division of Federal patronage, for which all this seemingly sincere demonstration for a true silver Senator means. That is and is to be used as a wedge to split the Senator so that he will stand right for those who want to hear something drop from the Agent of Prosperity, who is to sit in the saddle after March next, at the political Mecca—Washington.

I am not a prophet, nor the son of one, but this is the consensus of the best political authority in Raleigh, Greensboro, Winston, Wilmington and Goldsboro, these the homes of the real politicians now. It will be Senator Pritchard after March next, silver or no silver, or whether it's Pritchard of '95 or '97. Raleigh, N. C. K.
