The Charlotte News insists upon calling Mr. James P Cook, of this city, a doctor, since the snake with legs was captured in Stanly county. When that paper refers to him it always puts it: "Dr. Jas. P Cook, of Concord."

If you have a troublesome cough, don't keep nibbling sweets, and so ruin your appetite. A dose or two of Ayer's Cherry Pectoral will do you more good than pounds of candy, and assist rather than impair your digestion. Always keep this medicine in your house.

Rev. B Frank Davis, pastor of Grace Reformed church, today (Thursday) united in marriage Mr. John Dayvault and Miss Tassie Suther, both of No. 5 township, this county. Only a few witnesses were present at the parsonage, although the affair was premeditated.

Not every woman, who arrives at middle age, retains the color and beauty of her hair, but every woman may do so by the occasional application of Ayer's Hair Vigor. It prevents baldness, removes dandruff, and cures all scalp diseases.

Mr. John L Patterson, once of No. 5 township, but now of Lips, Rowan county, was in the city, and in order to keep up with the events of the year that is to come he quite properly subscribed for the Weekly STANDARD, the newest paper and the best weekly advertising medium known to this section of the country.

There are some people who are never positive in anything. It is always, "I don't know," or "I guess so." There is a world of such people, and it is refreshing sometimes to hear a person speak as one having convictions, like Mr. Charles F Snyder, of Bangor, Pa., who wrote: "I can heartily recommend Simmons Liver Regulator to all who are troubled with Dyspepsia or Liver Complaint."

The ladies will receive their friends, at the St. Cloud, on New Year's night from 8 to 11.

At the Reformed parsonage last night at seven o'clock Rev. B Frank Davis united in the bonds of matrimony, Mr. William H Cook and Mrs. Bettie Neisler, both of No. 5 township. Our congratulations are extended to the happy pair.

Mr. M B Hartsell, the clever and efficient ticket agent at the Southern depot, has rented one of the new houses recently built on Mill street by Mr. J L Hartsell. The house will be occupied by Mr. Hartsell's sister, with whom he will board. Miss Hartsell will arrive about January 5th.

Mr. W L Robbins left this morning for Randleman, where he was called by telegram, which announced the death of Mrs. Rebecca Holland, mother of Mrs. Robbins. Mrs. Holland had but recently returned to her old home, having spent several months here with her daughter. Shortly after her departure she was stricken with pneumonia, from which she died Tuesday afternoon.

Mr. Will Earnhardt, once clerk at the Morris hotel in this city, now a prominent business man of Greenville, S. C., was in the city today, returning from No. 4 township, where he was called by the announcement of the sad death of his brother, Mr. Jackson Earnhardt. Mr. Earnhardt was greatly surprised at the progressive strides Concord has made since his departure from among us.

The 2 year-old son of Mr. Fred Swink took a little jaunt yesterday, taking in the world as it is and in his own way, without the knowledge of his mother, who was fortunately spared a mother's solicitude by the prompt return of his lordship, by Paul Miller. The application of "mother's apron strings" would be wholesome in the case of Master John.

Sometimes when the last spark of life seems almost extinguished it is fanned into flame again by prompt, vigorous action. It is a mistake, however, to put off action too long; another mistake is to despair too easily. Both these mistakes are made in dealing with disease, particularly with consumption. It is neglected at first until someone names it. Then the name strikes terror to the mind; the nature of the disease is misunderstood: it is a blood disease, settled in the lungs. If it settled somewhere else the doctors would give it a different name:—scrofula, kidney disease or "liver complaint." But the name only tells where it settles. It is really all one disease:—Bad blood; and there is only one cure:—Good blood. An abundance of good, rich, red, blood put into the circulation, cures every one of these complaints, consumption as well as the rest—if it hasn't gone too far. It is on this true physiological principle—fully proven by experience—that Dr. Pierce's Golden Medical Discovery cures Consumption and all other blood diseases. It tones up the blood-making organs to produce a fresh supply of healthy, red blood; this carries new nourishment and life to the wasted lung tissue, or any other tissue that is affected. It drives out the poisonous disease germs which clog the skin, liver or kidneys. It is simply a question of purifying and building up; where there is anything left to build on the "Golden Medical Discovery" will infallibly build up and cure. It cures cases which doctors declare "incurable." That word has lost its meaning since Doctor Pierce's wonderful "Discovery." The plain and hopeful truth about disease is shown in the light of the best science of the century in Dr. Pierce's Common Sense Medical Adviser. It is a volume of 1008 pages; illustrated. It also contains letters from many who have been rescued from consumption. This great book is free, if you send 21 one-cent stamps, to cover cost of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y.
