CONCORD, JAN. 8, 1897.

PRITCHARD TO THE BACK.

It may well provoke a smile to note the ease and the gracefulness with which Senator Pritchard can wheel about in his efforts to snatch that glittering Senatorial prize. See him in the Senate before the famous campaign of '96 committing himself unequivocally for free coinage of silver, then running on a ticket in a campaign in which the free, or the limited, coinage was the paramount issue and Mr. Pritchard was on the opposite side of the coinage fence. As the day of reckoning neared people in and out of the State almost trembled for the perilous position of our Jeter. But they need not be alarmed for him, he is equal to the emergency. Here is what he writes to Harry Skinner and it settles the whole score and the Pritchard chariot is well on its way to Washington:

"You know that I am a staunch friend of all reforms contemplated in the Populist movement, and you may assure such members of the Legislature as are inclined to vote for me that I will vote for silver by international agreement or independent action, 16 to 1, and will take pleasure in voting to amend the national banking act so as to permit farmers to borrow money upon land and staple crops. Any statement that I have been or am now a single gold standard man is without foundation. It is proper that I should be frank and say I would not vote for free silver or anything else when simply introduced as a rider or obstruction to the passage of any protective tariff or other remedial legislation bill."

It matters little how a man flops about if he is not a Democrat, its all right, you may put confidence in him.

MIXED UP.

The Wilmington Messenger of Wednesday the 6th is puzzling enough in an editorial in which he seems to be anxious to further W. C. Coleman's movement for a cotton factory in Concord. He seems to commend the movement very forcibly but then turns and pretends to quote THE STANDARD, but misquotes it, and tries to stigmatize it by saying: "The gold-bug Concord Standard" says, etc.

If he wanted to help the cause along, we can't see why he should misquote and endorse the sentiment and yet refer to the supposed author in terms used in the late campaign

to break the force of fair discussion. We do not call the Messenger or any one else a "bug" of any sort, preferring to use terms that appealed to calm, deliberate reasoning rather than to passion.

We give the Messenger credit for a wiser way of helping along a worthy enterprise.

Gen. Weyler seemed overjoyed to see Mr. Money, and wishes more Americans would come to Cuba to study the situation. We wait to hear Mr. Money's impression.

We are very much pleased with the interesting items of most of our local correspondents. We like to hear from every community of our readers. We have only to regret that from several points matters of local interest are not seen by many who would be pleased and cheered by them if they would invite, in a substantial way, the regular visits of THE STANDARD. For one dollar THE WEEKLY STANDARD will greet you a whole year.

Kowan county is to have the two additional county commissioners provided for by the law. The county of course does not want for five men who will swear to their belief that the county affairs are not safe in the hands of the three Democrats elected by the people of the county. There is a sort of mania for having no confidence in Democrats.

Old People.

Old people who require medicine to regulate their bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, aiding strength and giving to the organs, thereby aiding nature in the performance of the function. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50c and \$1.00 per bottle at Fetzler's Drug Store.

Carnegie Company Cut Wages.

PITTSBURG, Pa., Jan. 2.—The management of the Homestead Steel Works of the Carnegie Company has issued a notification to their employes of a reduction of twenty to thirty per cent. in the wages of the workers in the two open hearth mills. The greatest indignation prevails among the workmen, who claim the reduction is unjust.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Cupid breaks his bow at the sight of a face full of pimples. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body. Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood.

BACKACHE and RHEUMATISM relieved by Dr. Miles' Nerve Plasters.
