LESLIE-MCKESSON.

Marriage Wednesday of Two of Morganton's Most Popular Young People—A Former Concord Boy the Groom.

Of the marriage of Mr. W A Leslie, a former Concord boy, which occurred on Wednesday last, the Morganton Herald says:

There was a quiet but pretty wedding yesterday at 11 a. m., at the residence of Mr. C F McKesson, his daughter, Miss Annie, whose beauty and accomplishments and winning manner make her the pride of Morganton, and Mr. W A Leslie, an enterprising Morganton druggist, who, though having been a resident of our town only a little over a year, has won a host of friends on account of his many excellent qualities, were happily married in the presence of relatives of the bride and a few friends of the contracting parties. Rev. Churchill Satterlee, rector of Grace Church, Morganton, performed the beautiful and impressive marriage ceremony. Miss Florence Hardin was maid of honor and Mr. W T Powe was best man. The ushers were, Messrs. F B Davis, W F Hunt, R C Pearson, Jr., and James W Wilson, Jr.

The wedding was announced to take place at Grace Church at 3.30 p. m., but owing to the death on Tuesday of Mrs. H H Walton, an aunt of the bride, the hour was changed and the marriage was a quiet one, at the home of the bride.

The presents were numerous, costly and handsome.

The happy pair left immediately for Asheville, where they took the vestibule for Norfolk this morning, passing here about 5 o'clock. They will spend several days at the North and then return to Morganton to live.

The young people, just entering upon holy wedlock, have the best wishes of their large number of friends.

Miss Laura Leslie, sister of the groom, was present at the marriage, and returned to the city Thursday night.

Dr. Leslie's many friends here wish for him and his bride all the joys that this life may bring.

Froze On His Face.

A young gentleman of the city began his toilet this morning by first attempting to shave himself in a cold room. Making a stiff lather of soap and cold water, a good coat was besmeared over his shining whiskers, and when the razor was raised to make a side scrape, the discovery was made that his entire face was a sheet of ice, the lather having frozen. The gentleman in question handles razors in his business, but was not skillful enough in the management of the one appropriated to his own use to keep from gashing up his face.

CAROLINA CENTRAL WRECK.

Train Derailed Near Hamlet—Cars Telescoped.

A wreck occurred on the Carolina Central road Wednesday, at Laurel Hill, four miles below Hamlet. The train, when it reached Laurel Hill, consisted of an engine, two box cars full of hands who had been at work on the lower part of the road, several other box cars and a passenger coach. The cars containing the hands were next to the engine. These were dropped at Laurel Hill, and fortunately for the men within that they were, for none of them would have been left to tell the story. As the train was speeding along toward Hamlet the engine became derailed, throwing the whole train off the track. The first four cars next to the engine were telescoped. The passenger coach ran some distance off the rails. Mr. F H Rahm, who was one of the passengers, was giving in his experience yesterday at the Buford. He said it was one of the most complete wrecks he had ever seen, and that the riding on the cross ties was about the roughest experiment he had ever tried.

Engineer Martin and the fireman jumped from the engine as "she" went over. No one was hurt, but the wreckage of the train was complete.—Charlotte Observer.

The Discovery Saved His Life.

Mr. G. Cailloutte, Druggist at Beaverville, Ill., says: To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it. Get a free trial at Fetzer's Drug Store.

Mr. Barringer With the Firemen

Senator Barringer was in the city today, and in conversation with a STANDARD reporter he said that when the matter of taking the appropriation away from the State Firemen's Association was put to a vote, he would be found with the firemen, that he most heartily favored the appropriation. Speaker Hileman, however, wants the appropriation cut off, judging from what Senator Barringer said.

BAD FOR B. & L. ASSOCIATIONS

A Decision That Made a Wreck of Healthy and Safe Institutions.

KNOXVILLE, Tenn., Jan. 28.—A receiver was appointed today for the Covenant Building and Loan Association of this city, making the seventh one to go under during the last ten days. Of the nine building and loan associations doing business in this city, there are now only two, and they are doomed to go within the next few days. The panic in building and loan associations in this city was caused by a decision of the Supreme Court, which provides that where a borrower forfeited his property the association must pay back such sum as he has paid in. Following this, hundreds of suits were at once begun and then the people who had money invested began to withdraw it. Applications for withdrawal came so fast that money could not be obtained to pay off one-third of them. Public sentiment was bitterly opposed to the associations and the result was that they went into receivers' hands and the seven will be wound up. The Southern, which was the second one to fail, is the largest in the world and had stockholders in every Eastern and Southern State and many in the West. In nearly every instance, the associations were in perfectly solvent condition when the receiver was appointed.

Gold Miners Coming.

Prospectors representing northern capital, from the Cripple Creek and California gold mines, are expected to visit the noted gold beds of Cabarrus county within a short while, from which great results may ensue. The gold fields of North and South Carolina and Georgia on the Atlantic coast are now attracting almost as much attention and capital as ever did California and Colorado on the Pacific coast. The greatest drawback to the miners of the Atlantic coast has been the lack of facilities for the developments of the mines, which facilities could not be obtained for the absence of means. The party that will visit Cabarrus will be piloted by Mr. W A Smith, of this city, who knows every inch of gold mining property in this section.

Verdict "Not Guilty"

In the case of the State against A W Neal, D B Motley, J C Lee, J Neal, Tom Robinson and J N Motley, charged with robbing the house of Porter Gray, were acquitted. The trial consumed two days time.

From all appearances based on evidence in the case, Porter Gray is implicated in a number of new charges against him. He is now one of the many fugitives that the law would love to handle—he made his escape from the court house Thursday and has not since been heard of.
